corner finisher

Dear Friends,

In 1958, my family - with a strong construction background - started what today is the Bon Tool Co. Based on their own experience and that of their associates, they sold and began manufacturing quality tools and equipment for use by professional tradesmen in building construction.

Since then, the company has expanded rapidly and now manufactures and distributes over 3000 items used in the construction field. Contractors, training institutions and tool dealers from Bearclaw, Alaska to Key West, Florida have since turned to Bon Tool Co. because they can depend on the high quality, quick service and lowest possible prices. Everything in the catalog is stocked in our warehouse and we can ship most orders in 24 hours.

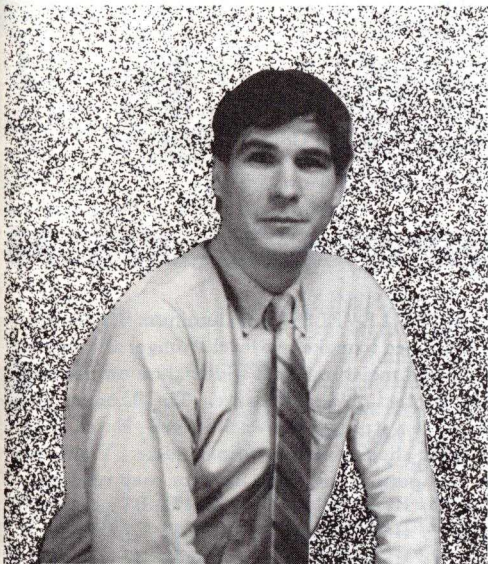

If you have never bought from us, give us an opportunity to prove what we can do. Why not experience our service, competitive pricing and craftsmanship.

If you have purchased from us, we thank you for the business and confidence you have shown us in the past.

We at Bon Tool Co. look forward to servicing you in the future.

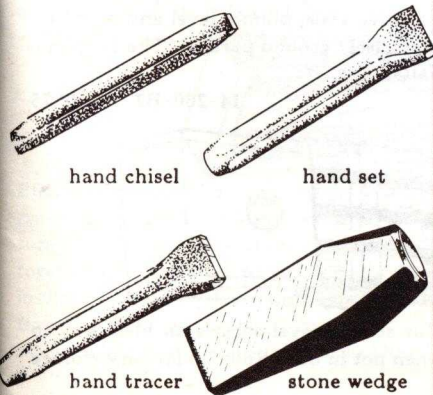

Sincerely,

Carl A. Bongiovanni

TOP QUALITY LEVELS

EXACT

EXACT 'T' BEAM LEVELS -- These levels are built with a tough aluminum I beam, reinforced with select kiln-dried mahogany and coated with a clear, durable finish, to withstand more heat, cold, moisture, warping and abuse than most levels. For absolute accuracy, the full width working edges are precision-ground, then capped for even greater protection. Tough, clear pyrex vials with large bubbles and permanent ceramic fired lines for fast dependable reading.

48" Level W/ Hand Holes	11-693-B6	\$57.75
42" Level W/ Hand Holes	11-694-B6	56.45
24" Level W/ Hand Holes	11-696-B6	46.95
48" Level W/ Hand Grooves	11-695-B6	57.75

MAGNESIUM LEVELS -- These lightweight extruded magnesium levels are made absolutely true and straight. Stabilized magnesium extruded frame assures no warping or shrinking. Large oval opening assures maximum visibility for easy reading. Vial assembly is replaceable and adjustable. Genuine Pyrex glass vials are mounted in strong shock resistant vial cases.

72" Magnesium Level	11-260-B7	\$63.25
48" Magnesium Level	11-235-B7	38.60
24" Magnesium Level	11-259-B7	27.50

ALUMINUM LEVELS -- Lightweight aluminum 'I' beam construction level is ideal for the budget-minded craftsmen. Vials are accurately set and easy to read. Equipped with 360° versa-vials and break resistance lens.

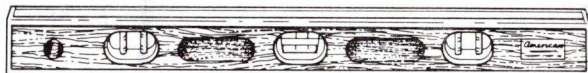

48" Aluminum Level	11-434-B7	\$13.00
30" Aluminum Level	11-433-B7	10.40
24" Aluminum Level	11-432-B7	9.35
18" Aluminum Level	11-431-B7	7.85

LEVEL CASE -- Protects your level when not in use. Made for heavy duty use with removeable end caps.

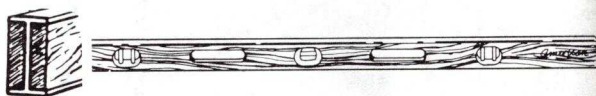

24" Level Case	11-708-B7	\$7.50
48" Level Case	11-709-B7	10.95

American

AMERICAN BRASS BOUND LEVEL -- Made of carefully selected, straight grained stock mahogany; thoroughly seasoned to prevent warping or cracking. The use of high quality materials throughout, plus expert machining and vial setting, account for accuracy and dependability for which American levels are known. Brass bound to protect all edges. All vials are set stationary in clean high impact styrene, and marked distinctly with two lines. The double strength Pyrex vials with matched bubbles are designed for quick, accurate reading.

48" Level W/ Hand Holes	11-340-B6	\$52.95
42" Level W/ Hand Holes	11-346-B6	50.75
36" Level W/ Hand Holes	11-342-B6	47.75
48" Level W/ Hand Grooves	11-344-B6	52.95
24" Level W/ Hand Grooves	11-341-B6	41.50
Replacement Glass Vial Cover	11-684-B6	.45

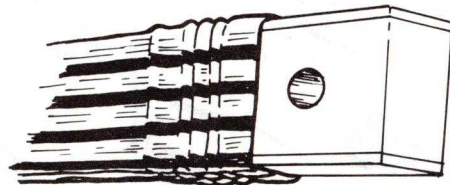

AMERICAN 'T' BEAM LEVELS -- An aluminum 'I' beam and mahogany are combined to make this level stronger and impervious to heat, cold and moisture. Full width aluminum surface provides greater protection against wear. The 'I' beam adds reinforcing and make a stronger more solid level. Extra tough Pyrex vials are set in shock absorbing vial holders. Vials have large bubbles and permanent black lines for easy reading.

72" Level W/ Hand Holes	11-422-B7	\$91.50
48" Level W/ Hand Holes	11-231-B7	55.75
24" Level W/ Hand Grooves	11-538-B7	45.50
Replacement Glass Vial Cover	11-684-B6	.45

TORPEDO LEVEL -- Handy and accurate, this torpedo level is equipped with three vials; plumb, level and 45 mitre. Top and bottom are precisely ground parallel. The bottom is proved for use on shafts, pipe, etc.

14-260-B7 \$8.75

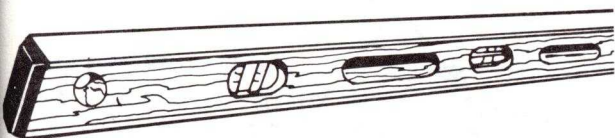

LEVEL SOCK -- Our stretch level sock is an ideal way to protect your level when not in use. Rolls up for easy storage when not in use.

48" Level Sock	11-707-B7	\$11.95
----------------	-----------	---------

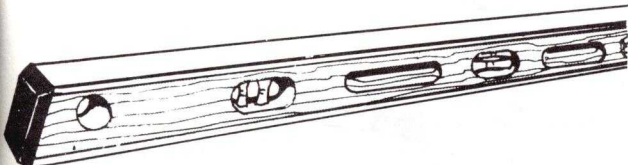

Bon Tool Co.

TOP QUALITY LEVELS

DELUXE I BEAM LEVEL -- Select Honduran mahogany is inlaid on solid I beam frame for rigidity and long wear. Tough glass vials are carefully set for extra accuracy. Will not warp. Beveled rubber cushion ends protect from shock.

48" LEVEL W/ Hand Holes 11-647-B7 \$55.75

URETHANE LEVELS -- These levels are designed for durability and accuracy. A special alloy aluminum 'I' beam runs from end to end, with tough urethane pressure fitted into the hollows. The urethane looks like wood but has none of the disadvantages. It will not warp or splinter. Rubber shock absorbing ends. Fully guaranteed.

48" LEVEL W/ Hand Holes 11-429-B7 \$56.25

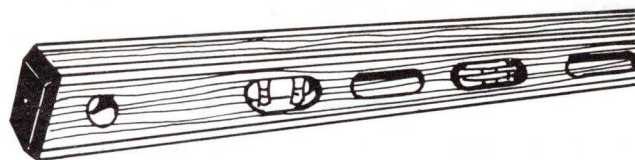

24" LEVEL W/ Hand Grooves 11-430-B7 46.95

LINE LEVELS -- Handy and accurate. Lightweight hexagon aluminum line level with special hooks to hold on line -- allows level to slide freely for easy positioning. Catseye vial.

14-261-B7 \$2.00

JAMB LEVEL -- Made of the finest select mahogany, thoroughly seasoned weather proofed and highly polished. Popular for layout work in both rough and finish trades. Level vials show alignment for header work with top or bottom reading. Level is balanced throughout.

BRASS BOUND LEVELS -- Handsomely crafted from select seasoned Honduras mahogany, with polished, solid brass edges exposed on all sides and double locked into frame to prevent loosening or removing. All vials are hand set and stripped. Our levels are carefully crafted to the closest tolerances. Every level is guaranteed 100% accurate. Heavy glass lenses protect vials against dust and moisture.

48" LEVEL W/ Hand Holes 11-381-B7 \$51.50

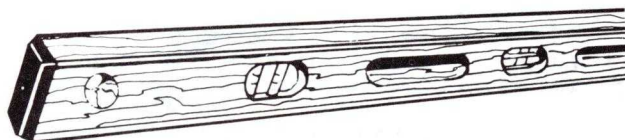

42" LEVEL W/ Hand Holes 11-426-B7 50.50

36" LEVEL W/ Hand Holes 11-427-B7 47.50

24" LEVEL W/ Hand Grooves 11-382-B7 37.50

18" LEVEL W/ Hand Grooves 11-428-B7 33.50

Replacement Glass Vial Cover 11-683-B6 .45

BRASS RAIL LEVELS -- Each level is carefully made from select Honduras mahogany. Equipped with a solid brass rail 3/8" wide and 1/16" thick, precisely fitted along all edges and firmly fastened with brass screws. Shock absorbing ends. Center vials set in solid cases. All vials hand set and stripped.

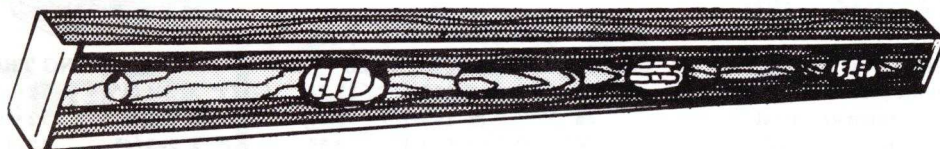

48" LEVEL W/ Hand Holes 11-649-B7 \$61.50

24" LEVEL W/ Hand Grooves 11-654-B7 46.50

Replacement Glass Vial Cover 11-683-B6 .45

FEATURES INCLUDE: Six clear vials; two level and four plumb. Shock absorbing ends complete with hinged blocks for setting rough frames. Length is 6'5-3/4", 5" wide at center, 1" thick.

11-343-B7 \$93.50

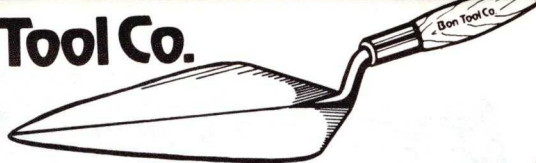

PREMIUM LEVELS -- Used by the most discriminating craftsmen, this is truly the finest level made today. Manufactured by laminating three tongue and grooved sections together with a special water resistant material and seasoned in clamps to assure straight edges. Bon Tool's levels are made from the best wood stock available: Walnut from Africa, mahogany from Honduras, teak from Thailand, rosewood from

East India and domestic woods such as maple, cherry and poplar. Edges are solid stainless steel and secured with wood screws and cobblers nails. Metallic sealed vials with squared ends are set by hand in a nonshrinkable compound. These levels are designed for the craftsman who takes as much pride in his tools as his work.

48" LEVEL W/ Hand Holes 11-700-B7 \$90.30

24" LEVEL W/ Hand Grooves 11-703-B7 55.90

**MASON'S
TAPES**

BRICK & MODULAR COMBINATION TAPE -- The front side of the tape has ten brick spacing scales on one edge and inches, eighths and 16ths on the other. The back side of the tape has six modular spacing scales on one edge and inches, eighths and 16ths on the other. 10 feet long.

11-659-B6 \$14.00

BRICK SPACING TAPE -- Has ten brick spacing scales on one edge of blade and inches, eighths and 16ths on the other edge. Steel blade rolls easily into the chrome plated case. Black numbers on 3/4" wide yellow blade. Ten feet long.

11-466-B6 \$13.20

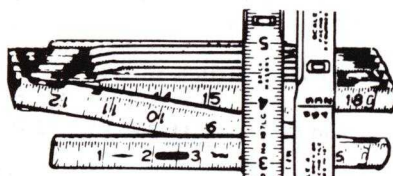

MODULAR SPACING TAPE -- Has six scales on one edge of blade and 16ths on the other edge. Steel blade rolls easily into chrome plated case. Black numbers on 3/4" wide yellow blade. Ten feet long.

11-465-B6 \$13.20

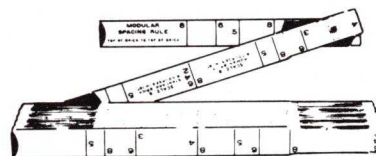

Bon Tool Co.

**THE
PROFESSIONAL'S
CHOICE**

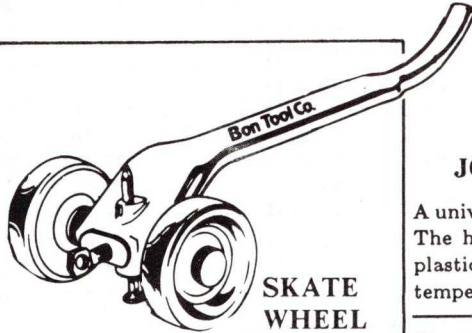

BRICK SPACING RULE -- Ten different brick spacing scales on one side; inches, eighths and 16ths on the other side. Plastic coated black numbers on white offer maximum visibility and wear. Course counter quickly tells you how many courses you've marked off or laid up. Lifetime lubricated joints. Brass plated strike plates and tips. Six feet long.

11-463-B6 \$11.90

MODULAR SPACING RULE -- Six different scales on one side; inches, eighths and 16ths on the other side. Every joint opens on even numbers. Fine for 6" or 12" glass blocks. Made from straight grain hardwood. Won't bend when extended. Six feet long.

11-464-B6 \$11.90

SKATE WHEEL JOINT RAKER

One piece cast aluminum. Equipped with big 1-3/4" diameter wheels firmly attached with serrated pressure rivets. Contoured handle has a squared off end to rod joints. 11-325-B7 \$7.95

CARTWHEEL RAKER -- Two smooth-running, 1" diameter, hardened steel wheels bridge the joint with an adjustable nail between them. An easy turn spade bolt adjusts the raking depth. 11-326-B6 \$8.50

MARSHALLTOWN GRAPEVINE -- Two blades the same width for twice the wear. Forged and heat treated; the straight true 1/8" bit makes a clean joint.
1/2" Wide 11-460-B6 \$8.10
5/8" Wide 11-461-B6 8.10

PLEXIGLASS JOINTERS -- Special tempered Plexiglas rod. Won't mark mortar.

1/4"	11-533-B8	\$4.40
3/8"	11-534-B8	4.80
1/2"	11-535-B8	5.55
5/8"	11-536-B8	6.30
3/4"	11-537-B8	6.75

'V' ANGLE JOINTER -- Made from 1/8" thick steel. This comfortable 'V' jointer has a turned up end for easy use. Sides are 1/2" overall length 11". 11-454-B7 \$3.70

MARSHALLTOWN JOINTMASTER JOINTER

A universal forming tool for all joints. The handle is made from high impact plastic and the bits are hardened and tempered for long wear. An extra shim

RAKER/CONVEX JOINTERS - Two tools in one. Has a 3/4" convex jointer at one end and a 5/16" joint raker at the other. 11-561-B7 \$5.20

ECONO JOINT RAKER -- Made from heavy gauge cadmium plated steel; 5/16" wide raker blade is offset to throw mortar out of the joint as you rake. 3/8" tab on both ends for raking corners. 7-1/2" long 1" wide. 11-327-B7 \$2.10

W. ROSE GRAPEVINE JOINTER -- One blade is 3/4" wide the other is 5/8" wide. Center bit is 1/8" wide, 1/8" deep. Made from tempered forged steel. 11-478-B6 \$9.65

DOUBLE SIZE SLICKER -- Made from high carbon tempered 1/8" thick steel. Each end is for a different size joint. Overall length is 10-5/8".
1/4" and 3/8" wide 11-551-B7 \$3.70
1/2" and 5/8" wide 11-552-B7 3.70

'V' AND ROUND JOINTER -- Two tools in one. Makes a 'V' joint with one end and a sunken round with the other. 'V' end is tapered from 3/8" to 3/16" at tip; round end is tapered from 1/2" to 3/16" at the end. Overall length 10". 11-467-B7 \$6.50

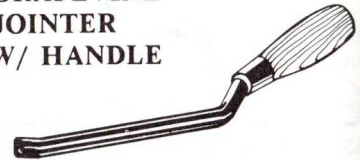

can be added for deeper joints. The kit includes bits for convex joints and raked joints. Also included are shims and recessed forming bit.

11-660-B6 \$18.75

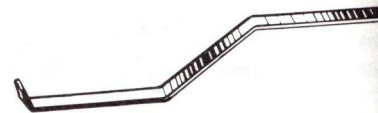

EXTRA BITS

Convex Bit	11-661-B6	3.95
Rake Bit	11-662-B6	3.95
Recessed Forming Bit	11-665-B6	3.95
Shims (5/pkg.)	11-666-B6	3.95/pkg.

GRAPEVINE JOINTER W/ HANDLE

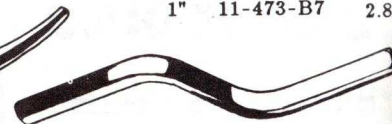

Forged from high carbon steel. Blade is 1/2" wide, with 1/8" wide center bit. Used to make colonial or grapevine joint. 11-462-B7 \$7.65

SINGLE SIZE SLICKER -- Made from tough 1/8" thick steel and plated so it won't rust. Well balanced for comfortable feel. One end is turned up.

3/16"	11-440-B7	\$2.40
1/4"	11-441-B7	2.40
5/16"	11-442-B7	2.40

1"	11-473-B7	2.80

'V' BAR JOINTER -- Well balanced jointer made from tempered steel. Cuts a clear joint. Ideal for striking head joints when using a 'V' sled runner.
8-1/2" X 1/2" 11-476-B7 \$3.90
8-1/2" X 5/8" 11-477-B7 3.90

HEAVY DUTY TEMPERED CONVEX JOINTER

-- For half round rodded or sunken joints. Heavy gauge steel. Each end makes a different size joint.

3/8" X 1/2"	11-448-B7	\$4.35
1/2" X 5/8"	11-449-B7	4.35
5/8" X 3/4"	11-450-B7	4.35
3/4" X 7/8"	11-451-B7	4.35
7/8" X 1"	11-452-B7	4.35

ULTRA HARD TEMPERED JOINTER

Specially heat tempered jointer for the finest joint and longer life. Different size on each end.

3/8" X 1/2"	11-398-B7	\$6.75
1/2" X 5/8"	11-399-B7	6.75
5/8" X 3/4"	11-400-B7	6.75
3/4" X 7/8"	11-401-B7	6.75
7/8" X 1"	11-402-B7	6.75

CONCAVE STONE BEADERS -- Produces a raised half-round beaded joint. Each end has a different size raised half-round bead. 10-1/2".

3/8" X 1/2"	11-474-B7	\$4.90
5/8" X 3/4"	11-475-B7	5.00

MALLEABLE BULL HORN JOINTER

Made from malleable iron. Soft jointers, preferred by many masons. Consistent size at one end, tapered at the other. Size is measured at large end.

5/8"	11-167-B7	\$5.25
3/4"	11-168-B7	5.50

MALLEABLE CONVEX JOINTER

Made of malleable iron casting. Soft jointer is preferred by many masons. Each end a different size.

5/8" X 3/4"	11-453-B7	\$5.25
-------------	-----------	--------

BARREL JOINTER -- Long lasting, cast aluminum jointer with replaceable steel barrels. A slight turn of the barrel assures even wear. Allows for more knuckle clearance. Comes with one 5/8" and two 3/4" barrels.

11-760-B6 \$12.35

Replacement Barrels

1/2" Barrel	11-762-B6	\$2.25
5/8" Barrel	11-763-B6	2.25
3/4" Barrel	11-764-B6	2.25

HEAVY WEIGHT BULLHORN JOINTER

-- Made from forged steel, these bull horns are tough wearing. Comfortable to use. Equipped with flat area in the middle of tool. Large at one end, tapered at the other. 9-1/2" long.

Size is measured at the large end.

1/2"	11-445-B7	\$5.30
5/8"	11-446-B7	6.25
3/4"	11-447-B7	6.90

CAULKING TROWEL -- The blade is forged from high carbon steel and ground to right flex. High lift to give you plenty of knuckle clearance. Fitted with a comfortable steel ferruled maple handle. Blade 6-3/4" long.

1/4"	11-251-B6	\$8.35
5/16"	11-252-B6	8.35

7/8" X 1"	11-771-B6	5.50

MASONRY BRUSHES

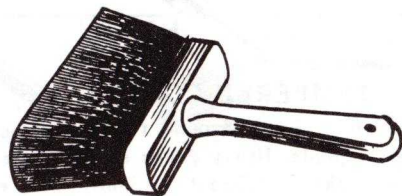

BRICKLAYER'S BRUSH

Versatile bricklayer's brush. Excellent for brushing off new brick work. Made of medium soft bristles. Overall length 13".

11-219-B7 \$4.85

Same as above except made of 100% horse hair

11-212-B7 6.50

ALL PURPOSE MASONRY BRUSH

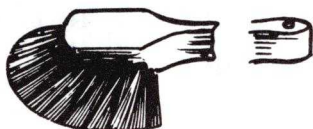

Five rows of extra heavy filled white tampico set in natural lacquered hardwood block. 6-1/2" x 2", 7" red lacquered handle attached. Trimmed 4".

11-218-B7 \$4.90

COMBINATION WIRE BRUSH & SCRAPER -- Ideal brush for cleaning parts or removing paint. 4" x 11" rows of round wire trimmed at 1-5/8", scraper 2-7/8" wide. Overall length is 11-1/2"

11-217-B7 \$3.95

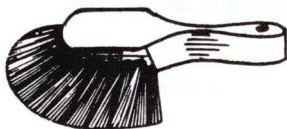

LONG HANDLE ACID BRUSH -- Smooth hardwood handle is 20" long. Keeps your hand out of the acid. Brush face is 6" x 5" with palmyra fibers trimmed at 2".

11-220-B7 \$4.60

LONG HANDLE PLASTIC BRUSH - Same brush as above except has plastic bristles.

11-232-B7 \$4.15

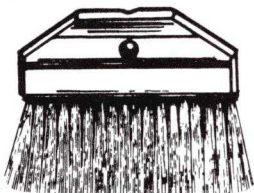

SHORT HANDLE TAMPICO ACID BRUSH -- 8 1/2" X 3 1/8". Brush face is 6" X 5".

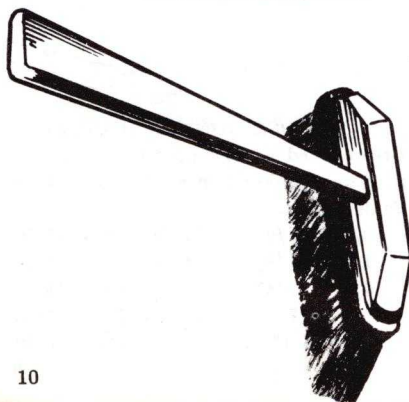

11-224-B7 \$3.35

SHORT HANDLE PLASTIC ACID BRUSH -- Same as above although equipped with red polystyrene bristles for longer wear.

11-223-B7 \$2.95

REGULAR ACID BRUSH -- For washing masonry surfaces with acid. 6" wide hardwood block with top quality white tampico fibers. 3-1/2" long and 1-3/4" thick. 14 x 5" rows. Equipped with tapered handle hole. 11-213-B7 \$5.80

HEAVY DUTY BLEND ACID BRUSH
A blend of tampico and palmyra fibers 3" long are cemented at butt into the hardwood block, and bound with leather. 14" long handle.

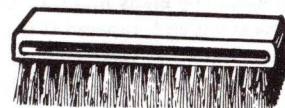

Brush & Handle 11-388-B7 \$13.80

Brush Only 11-389-B7 13.25

HEAVY DUTY TAMPICO ACID BRUSH -- Same as above except filled with tampico bristles only.

Brush & Handle 11-390-B7 \$13.80

Brush Only 11-391-B7 13.25

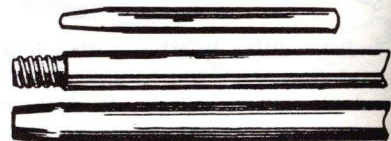

ACID BRUSH -- Long wearing, heavy duty acid brush. Smooth finished hardwood block is 8-1/4" x 3". Has 18" x 7" rows stiff white tampico fiber bristles trimmed 1-1/4". Handle hole is tapered at the correct angle. Ideal brush for washing down buildings.

11-225-B7 \$3.75

HEAVY DUTY UTILITY BROOM -- Made with long-lasting stiff plastic bristles. Ideal for brushing down concrete that has just been floated. Includes 39 1/2" wood handle.

12-239-B7 \$13.95

OPTIONAL WOOD HANDLES

Tapered 12" X 3/4" 11-226-B7 \$.85

Threaded 5' X 3/4" 12-334-B7 2.50

Tapered 5' X 1 12-332-B7 3.85

Telescoping Aluminum Handle on pg 59.

TOOL BAGS

LOW COST TOOL BAG -- Made from heavy duty, long wearing canvas. Two steel dowels and a board bottom hold the bag in shape. This bag is 20" long, 6" wide and 13" high, with sturdy riveted leather handles and straps. Chrome buckles.

11-250-B7 \$17.25

MEDIUM WEIGHT TOOL BAG -- Bag is made of 10 oz. canvas, lighter in weight than canvas used in the heavy duty line but will stand long and rugged wear. Canvas is riveted to a strong 12 gauge recessing steel frame. Seams are lock stitched and handles and straps are leather. Bag has large inside tool pocket and a masonite waterproof bottom. Both sizes are 14" deep.

20" Long 11-127-B7 \$32.25

24" Long 11-128-B7 33.25

HEAVY DUTY TOOL BAG -- Leather reinforced this is our finest quality tool bag. Made with a strong steel recessing frame and heavy No. 10 white canvas. Top grain leather reinforcing on bottom and 3" up on side walls. Leather handle and billets. Inside pocket 9" X 11" for small tools. 16" deep.

20" Long 11-125-B7 \$53.95

24" Long 11-126-B7 56.95

BIG TOOL TOTE TUB -- Ideal for masons, plasterers, electricians, etc. Big roomy carryall with web strap handles, flat bottom and two inside utility pockets, 8" deep by 13" wide. Bag will stand upright on its own. Triple sewn and reinforced with rivets. 16" Deep.

22" Long 11-130-B7 \$26.50

MUREX MASONRY CLEANER -- For all types of masonry and tile surfaces. Excellent for etching concrete surface prior to repairs or topping, cleaning mortar mixers, ready-mix trucks and other tools. Won't discolor aluminum, copper, stone, or brick. Normal dissolved rate is 1 lb. to 5 gal. of water.

2 1/2 lbs.	11-479-B6	\$7.95
10 lbs.	11-480-B6	25.25
50 lbs.	11-481-B6	125.00
150 lbs.	11-482-B6	349.00

Technical data and specifications available upon request. When working with acids always wear goggles, gloves and protective gear. See pages 48 - 49.

PROTECTIVE GLOVES -- Waterproof to protect hands and forearms from acids and lime. Made of heavy duty rubber like material. All sizes non-flocked.

GROUT BAGS -- Our heavy vinyl bag is 24 inches long and 12 inches across the top. Equipped with 3/8" removable tip for easy cleaning. Comes complete with nozzle.

14-394-B7 \$4.75

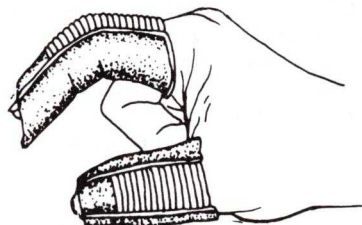

Replaceable Tip 14-392-B7 1.80

FINGER PROTECTION

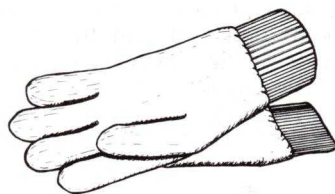

FINGER GUARD TAPE -- Protect your fingers from abrasions, nicks, cuts, etc. Wrap around individual fingers. Our finger tape has cloth back as preferred by most masons. 3/4" wide, 180' long.

14-193-B7 \$7.75

FINGER GUARDS -- Split leather guards protect fingers and thumbs. Preferred by bricklayers and laborers who don't want to wear gloves. Elastic back allows free movement of knuckles. Finger guards enable you to protect certain injured fingers. Leather gripping surface gives full protection. Sold in packages of five

11-345-B7 \$3.45/pk.

MASON'S GLOVES -- These long wearing abrasive resistant gloves are a favorite for masons and tenders. Enjoy the coolness of cotton with the seamless knit liner, yet durable because of the porous vinyl coating. Knit wrist.

14-430-B7 \$3.25/pr.

MASON'S NYLON LINE

BRAIDED NYLON LINE -- Tough, rugged braided line for the mason who likes to pull a tight line. Our #18 line resists abrasion and alkali, strong 170 lb. test. Built-in elasticity maintains tension for no-sag line.

YELLOW LINE

1000'	11-133-B8	\$20.90

375' TUBE TWISTED NYLON LINE
This #15 twisted nylon line is specially treated to hold knots. Will not rot or mildew. Job tested and proven. Tested breaking strength of approximately 125 lbs. 375' per roll.

375' YELLOW LINE	11-132-B8	\$3.55
375' WHITE LINE	11-772-B8	3.55
375' GREEN LINE	11-792-B8	3.55

BONDED BRAIDED NYLON LINE
Premium, longer wearing and stronger line. Maintains tension, eliminates sagging and permits you to pull a tighter line. White with black flecks for better visibility. Abrasion and alkali resistant. Saves you time and money with its longer life and less breakage. Tested at 180 lbs. 500'. 11-285-B8 \$14.25

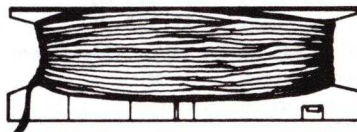

BRAIDED DACRON LINE -- Extra strong line can be used again and again. Use for all masonry and concrete work. Dacron line is ideal for laying out highways and other big jobs. White only, 250 LB. Test, 500'. 11-563-B7 \$20.25

LINE LEVEL -- Handy and accurate. Lightweight hexagon aluminum line level with special hooks to hold on line -- allows level to slide freely for easy positioning. Catseye vial.

14-261-B7 \$2.00

BRAIDED NYLON LINE

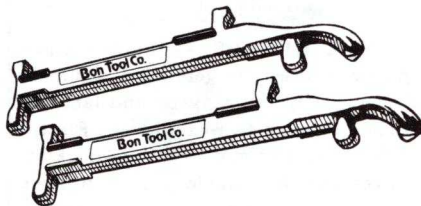

250' BRAIDED NYLON LINE ON WINDER -- Tough #18 braided line on our special plastic winder with metal cut-off blade. No more hacking at line or searching for a knife. Keeps line conveniently and neatly stored between uses. 170 lb. test.

250' YELLOW	11-180-B8	\$7.10
250' WHITE	11-780-B8	7.10
250' GREEN	11-790-B8	7.10

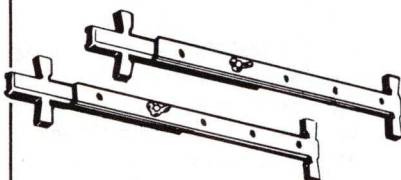

PLASTIC WINDER -- Equipped with metal cut-off blade. Keeps line neat and ready for use. No line included. Sold in packages of 4 winders. 11-277-B7 \$7.40 pkg.

LINE STRETCHER -- Raise the line between key courses of blocks and stretch as tight as you want. Our cement block stretchers are made from cast aluminum. Four sizes. Sold in pairs.

4" to 6" Blocks	11-291-B7	\$8.95/pr.
6" to 8" Blocks	11-292-B7	9.45/pr.
8" to 10" Blocks	11-293-B7	9.70/pr.
8" to 12" Blocks	11-294-B7	9.70/pr.

ADJUSTABLE LINE STRETCHER --

Fits all size blocks from 4" to 12". To change sizes simply loosen wing nut and insert bolt in different hole. Made from quality cast aluminum. Sold in pairs.

11-288-B7 \$9.80/pr.

LINE TWIGS AND PINS

LINE TWIGS -- Quickly snaps completely around the line. Made from spring steel and coated to prevent rusting.

Package of 12	11-140-B7	\$2.60
Package of 100	11-136-B7	18.95

TAPERED LINE PINS -- Made from tempered tool steel and nickel plated. Finest quality pins for the cost. 4-1/4" long x 1" wide x 1/8" thick.

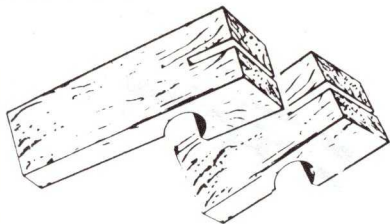

Package of 6 11-139-B7 \$3.75

6" STEEL LINE PIN -- Perfectly shaped, made of forged steel. 6" long with 1" diameter head to secure line.

11-386-B7 \$9.80

LINE BLOCKS

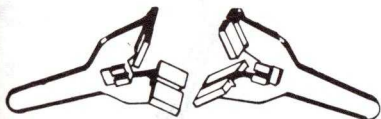

STANDARD WOOD LINE BLOCK -- Sure gripping wood line blocks are the standard of the industry. Made from select hardwood.

20/pkg 11-137-B6 \$9.40/pkg
2/pkg 11-157-B6 1.10/pkg

SHORT WOOD LINE BLOCK-- Made of select hardwood, these short line blocks are designed to be used on corner poles without covering calibrations.

20/pkg 11-138-B6 \$9.40/pkg
2/pkg 11-158-B6 1.10/pkg

INFORMATION REGARDING PRIVATE LABELING ON LARGE QUANTITIES OF WOOD LINE BLOCKS IS AVAILABLE UPON REQUEST.

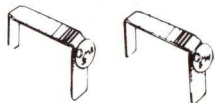

BRICKLAYERS CORNER BLOCKS -- Strong, lightweight corner blocks grip the wall tightly. Wrap the line around the stem and through the slot at the forks. Cast aluminium.

11-289-B7 \$3.70/pr.

TENTITE PLASTIC LINE BLOCK -- Long lasting dense tentite line block will not split; clings firmly to wall. A quality, low price substitute for the wooden line block. Sold in pairs.

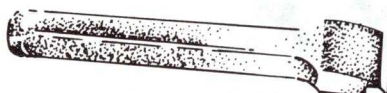

11-287-B7 \$2.75/pr.

DUAL LINE STRETCHER -- Works with any size brick or block with cores. Simply insert one end into core and wrap line around thimble. Pull line as tight as you want. Works on inside and outside work. Sold in pairs.

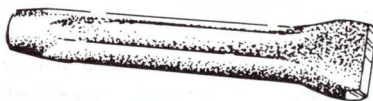

11-455-B7 2.95/pr.

THESE CARBIDE TIPS OUTLAST regular steel tools at 20 times. A very high carbide is bonded to the steel for years of use. Can be sharpened with a green silicon carbide grinding wheel.

HAND CHIPPER -- Used to chip a straight edge on a flat, smooth or building stone. Use along chalk line or straight edge that is secured to stone.

1" 11-823-B4 \$61.20
1-1/2" 11-824-B4 67.20
1-3/4" 11-825-B4 70.80
2" 11-826-B4 81.00

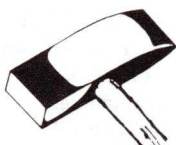

HAND TRACER -- Marks straight line on stone. Continuous tracing will cause a split along the line.

1-1/2" 11-835-B4 \$69.00
2" 11-836-B4 80.40
3" 11-837-B4 98.40

STONE WEDGE -- Forged from quality steel, this 2 lb. stone wedge is ideal for joint breaking, stone splitting and shimming. 5" long with 1 1/2" wide bit.

11-820-B6 \$29.35

STONE MASON HAMMER -- Made of forged and tempered tool steel.

3 lb. w/ 16" han. 11-840-B7 30.25
4 lb. w/ 16" han. 11-367-B7 32.50
6 lb. w/ 16" han. 11-841-B7 49.30
8 lb. w/ 36" han. 11-842-B7 65.10

7/8" X 12"	11-203-B7	10.10
7/8" X 18"	11-216-B7	15.85

FLOOR CHISEL -- High carbon steel, carefully heat treated provides rugged thin cutting blade. Large head adds durability.

Width of Blade x Length

2" X 10"	11-580-B7	\$ 9.20
2-1/2" X 11"	11-581-B7	10.35
3" X 12"	11-582-B7	12.00

PLUGGING CHISEL -- Special tapered blade cleans mortar from brick joints easily without binding.

Thickness of Blade x Length

1/8" X 8"	11-208-B7	\$6.75
3/16" X 10"	11-209-B7	7.25

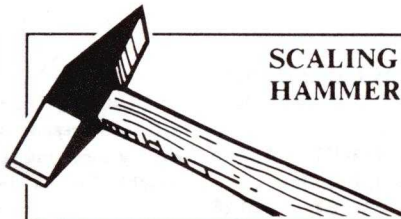

RAWHIDE HAMMER -- Expertly crafted from the highest quality rawhide. Will not scar, dent or mar surface. Solid impact with no rebound. Faces are replaceable.

1-3/4" Dia. Face -- 2-3/4 lb.
11-363-B7 \$28.50

2" Dia. Face -- 4 lb.
11-364-B7 32.50

Replacement (sold in pairs) for above
1-3/4" Dia. 11-365-B7 9.95/pr.
2" Dia. 11-366-B7 11.65/pr.

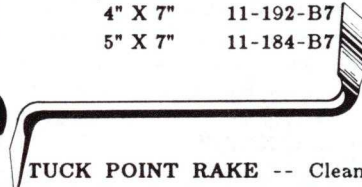

SCALING HAMMER

BRICK SET -- The best tool for cutting brick. Perfect weight and balance. Sharp, durable cutting edge. Safety head for longer wear.

Width of Blade & Length

2-1/2" X 7"	11-189-B7	\$6.30
3" X 7"	11-190-B7	7.30
3-1/2" X 7"	11-191-B7	7.60
4" X 7"	11-192-B7	8.55
5" X 7"	11-184-B7	10.45

TUCK POINT RAKE -- Cleans old mortar from brick joints. Made with a plugging chisel at one end and a tapered bull point at the other. A real handy tool for restoration work. 11-210-B7 \$15.60

RUBBER GRIP MASON'S CHISEL -- Gives you a sure grip and cushions hammer blows. Imported from Sheffield, England. Finely forged and heat treated. Overall length 8-3/4".

4" Chisel 11-383-B7 \$15.40

ENGLISH PLUGGING CHISEL -- 10" long, grooved blade chisel will speed your work. The 4-1/2" blade is 1" wide at the widest and tapered to 5/8", 1/4" thick.

ESTWING MASHING HAMMER -- One piece construction mashing hammers in 3 weights. Nylon-vinyl cushion grip, finely forged, beveled edge, polished face.

2 Pounds	11-403-B6	\$22.50
3 Pounds	11-404-B6	23.50
4 Pounds	11-405-B6	26.50

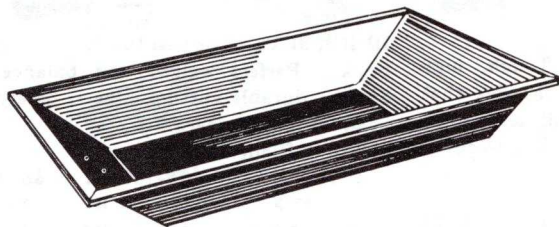

Bon Tool Co.

(412) 443-7080

SCALING HAMMER -- This is a handy multi-purpose hammer ideal for removing scale or cleaning old brick. Both ends are tempered and sharp for the most efficient performance.

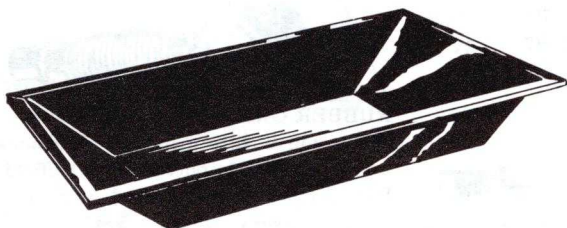

11-779-B6 \$11.75

MORTAR BOXES

STEEL MORTAR BOXES -- All welded construction with leak-proof seams. Smooth interior for easy mixing, no cleaning. Bon steel boxes have folded edges for extra reinforcing and strength. No sharp edges. Choose from three sizes.

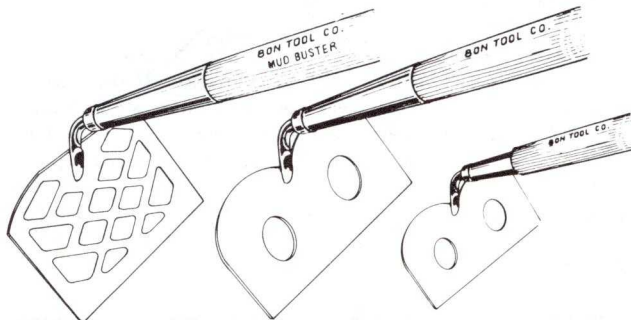

4.4 CU. FT. STEEL BOX -- 17 gauge steel; 41 Lbs.			
48" Long X 24" Wide X 11" Deep	11-304-U4	\$63.50	
8.4 CU. FT. STEEL BOX -- 15 gauge steel; 62 Lbs.

BRICK TONGS

TUBULAR BRICK TONGS

Heavy duty welded steel construction. Quick adjustment from 6 to 10 bricks. End flanges are built for long, rugged service. 1" O.D. tubular curved handle is comfortable to use. Tongs only weigh 4 pounds.

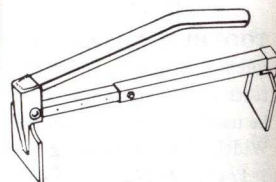

11-290-B7 \$20.00

BON BRICK TONGS

Easily and quickly adjusted from six to ten brick size. Our tongs are built for long, rugged service. Made from lightweight rugged metal alloy. Designed so it won't damage brick. Weighs 4 pounds.

11-309-B8 \$18.50

SQUARE BRICK TONGS

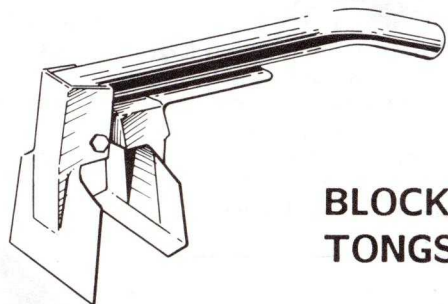

Heavy duty, long lasting tool, adjusts to carry 6 to 11 bricks. Lightweight, rugged metal alloy won't damage bricks. No maintenance. Weighs only 3 lb. 14 oz.

11-295-B7 \$20.00

FULLER BRIKARIER -- Large wing nut makes quick adjustment from 6 to 10 bricks. Perfectly balanced at both minimum and maximum loads. The latch holds the handle down for quick unloading with one hand. Made of rugged malleable iron with wood handle. Handles all kinds of brick and tile. (Replacement parts on stock). Weighs 6 pounds.

11-280-B5 \$34.50

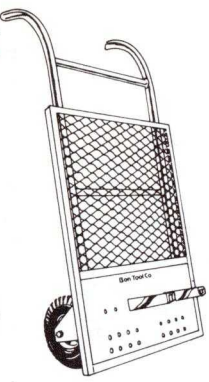

BLOCK TONGS

BLOCK TONGS -- Made of heavy-duty steel with rugged chip-resistant end flanges. Quick and easy to use by simply inserting tong and lifting handle. Tong locks from weight of block. 14" handle. Weighs 2 lbs.

11-284-B7

\$14.90

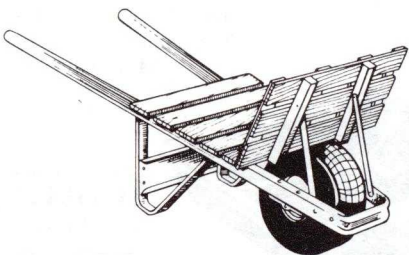

BRICK/BLOCK CART

- HEAVY DUTY
- 350 # CAPACITY
- 10" WHEELS

BRICK/BLOCK CART -- Rugged, welded steel construction. Designed for maximum ease in handling heavy loads of brick or block. Allows one worker to pick up, move and set down bundles of 100 bricks or 350 pounds. "Peg Board" back permits adjustment of tines to accommodate various load sizes. Handles packaged brick, block or tile. Equipped with 10" pneumatic wheels. Choose from brick or block tines. Weighs 75 pounds.

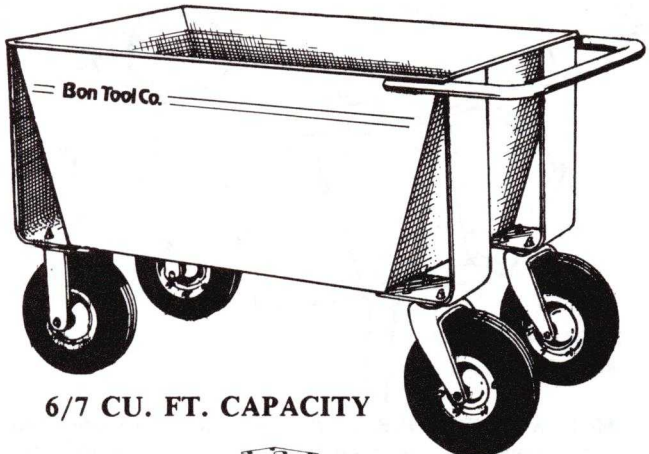

Cart with brick tines	11-600-C5	\$364.00
Cart with block tines	11-601-C5	372.00
Brick tines only	11-602-B5	60.00/pr.
Block tines only	11-599-B5	68.00/pr.

BRICK & TILE BARROW -- Made of seasoned hardwood for long life. Pneumatic, 2 ply rated tire. Self lubricating wheel bearings. Steel wheel guard adds rigidity to this barrow. Weight 58 lb. Shipped unassembled.

11-305-U5 \$134.00

CONTRACTOR'S BUGGY

6/7 CU. FT. CAPACITY

10" Pneumatic Tire

10" Semi Pneumatic Tire

8" Solid Tire

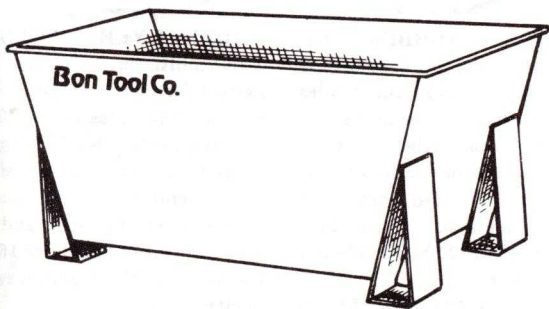

CONTRACTOR'S MORTAR BUGGY -- Heavy duty, 11 gauge, reinforced steel construction. A favorite with mason contractors, this big 7 cu. ft. capacity buggy has both ends sloped for easy shoveling from either side. Equipped with two swivel and two fixed superior-quality wheels for a narrow 22" turning radius. Designed for rugged use. Choose from 3 wheel styles. Overall size 46-1/2" long, 24" wide, 28" high, 150 lb.

10" Pneumatic Tires	11-682-C5	\$460.00

FORKLIFT MORTAR TUB

FORKLIFT MORTAR TUB -- Big 7 cu. ft. capacity with both ends sloped for easy shoveling from either side. Constructed of heavy 11 gauge steel, all electrically welded for years of service. Ideal for placing on scaffolding. Overall size 39" long, 24" wide, 15" high.

11-675-C5 \$290.00

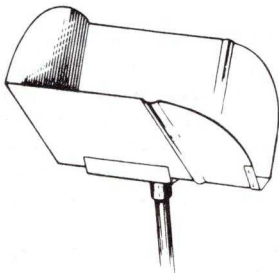

MORTAR AND BRICK HODS

MORTAR AND BRICK HODS -- Our hods are made from heavy gauge, rust resistant steel. Specially designed with broad, rounded edges to ride comfortably on the laborer's shoulders. The folded edges and seams are reinforced and spot welded. Ash handle is held securely in place by clamp and bolt.

Mortar Hod 11" x 11" x 22"	11-297-B5	\$45.85
Brick Hod 7" x 7" 21-1/2"	11-298-B5	43.75
Replacement Hod Handle	11-296-B5	7.95

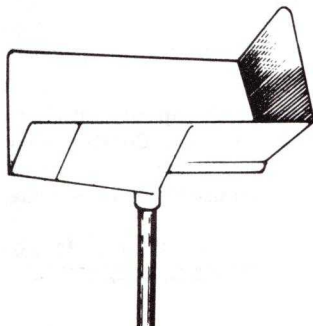

ALUMINUM HOD

ALUMINUM MORTAR/PLASTER HOD -- These lightweight aluminum hods are built rugged. Heliarc welded with riveted reinforcing at the lip. Ease the load on your shoulder when carrying a full hod up a ladder. Hardwood handle. Choose from two sizes.

Standard Aluminum Hod 14" x 16" x 24"	11-283-U5	81.00
Replacement Hod Handle	11-286-B5	7.95

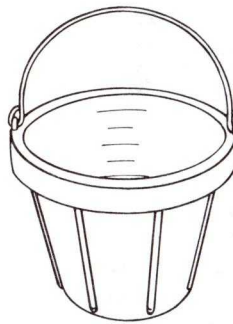

POLYMER HOD

POLYMER BRICK/MORTAR HOD -- Made from a special polymer plastic, formulated to meet the rigorous conditions of the construction trade. This polymer hod will withstand rugged use. Easy to clean but tough to break. Can be used as a brick or mortar hod. Comes with hardwood handle.

8-1/2" X 8-1/2" X 17"	11-435-B6	\$41.95
Replacement Hod Handle	11-438-B6	7.50

BUCKETS

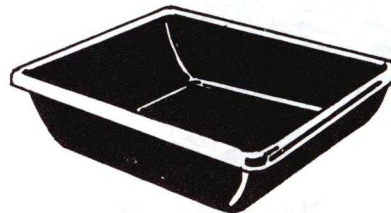

FORTEX RUBBER PAIL
Heavy duty reinforced molded rubber pails won't crush, rust, dent, leak or chip. Bounces back from impact. Resists heat and cold, lime, acids, salt water, fuels, grease and chemicals. All sizes are heavy duty.

10qt.	14-110-B6	8.20
12qt.	14-111-B6	9.90

18qt. w/lip	14-112-B6	11.90

FLAT-SIDE WALL BUCKET -- Made from high strength forticon, this 20 qt. rubber bucket will resist chemicals, grease, oil, salt water and weathering. Flat-side design allows adequate leg clearance when bucket is being carried. It also permits bucket to rest firmly against walls to save space. Top diameter 15" x 14 - 1/2"; 11-3/4" high.

14-129-B7	\$12.65
-----------	---------

UTILITY TUB

HANDYMAN UTILITY TUB -- Has numerous uses on the job or at home. Ideal for mixing small amounts of mortar and concrete, drywall compound, or wallpaper paste. Lightweight high density pan is temperature resistant, easy to clean and won't leak. Dimensions, 26" x 20" x 6-1/2" deep. 11-407-B6

\$7.15

FORTEX RUBBER TUB
15 gal. multi-purpose tub is used throughout the trades for mortar, plaster and small mixing jobs. Also great for soaking line or washing parts. Resists heat and cold and most chemicals. Top diameter 26", 9-1/2" high. Weighs 11 pounds.

14-123-B6	\$17.95
-----------	---------

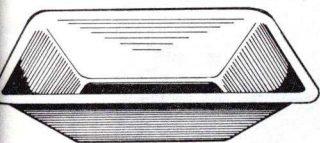

POLYETHYLENE TUB
This multi-purpose tub is perfect for small amounts of mortar and plaster or for washing parts. Made from a rugged rubber and polyethylene blend that won't rust, resists many chemicals and is easy to clean. Diameter 15". Depth 4-1/2". 3 gallon capacity.

14-150-B6	\$4.95
-----------	--------

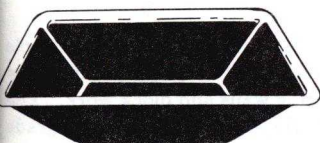

MORTAR PANS

STEEL

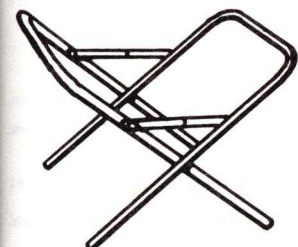

STEEL MORTAR PAN -- Seamless steel pan has turned edges for rigidity and long wear. Leak proof and easy to clean. Nestle together for easy transporting and storage. Pan is 29" x 29" at top and 15" X 15" at bottom. 6-1/2" deep. Weighs 16 lbs.
11-174-U5 \$28.25

PLASTIC

PLASTIC MORTAR PAN -- This lightweight, high density plastic pan is built with outseams. Heavy rolled edges keep pan in shape. Easy to clean. Weighs less than 5 lbs. 30" x 30" at top, 16" x 16" at bottom, 7" deep.
11-393-U5 \$23.55

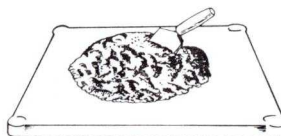

STAND

MORTAR PAN STAND -- Rugged tubular steel construction, stand is 18-1/2" high. Positive locking braces keep stand firmly in place. Folds together for easy transportation and storage.
11-313-U5 \$24.90

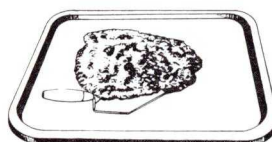

MORTAR BOARDS

FIBERGLASS

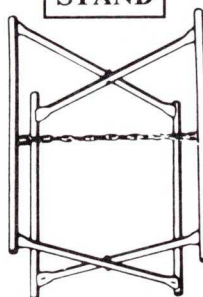

FIBERGLASS MORTAR BOARD -- 30" x 30" lightweight Fiberglass board with 1-1/4" lip which is reinforced with wire for rigidity. Won't absorb water or mortar, won't splinter or warp.
One Board
11-531-U5 \$22.90 ea.
8 or more Boards 21.75 ea.

POLYETHYLENE

POLYETHYLENE MORTAR BOARD -- Lightweight and easy to clean this 30" x 30" board won't absorb water or splinter. Cuts down on tempering. Low cost. Your trowel won't lift up wood splinters.
11-392-U5 \$21.00

STAND

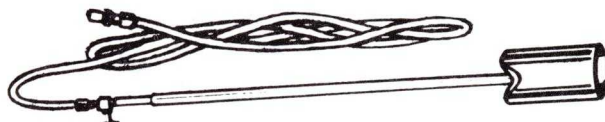

MORTAR BOARD STAND -- All welded tubular steel construction is ideal for use on scaffolding or ground. Sturdy, lightweight and easy to handle. 21" high when used on its side, and 30" high when stood on end. Weighs 16 pounds.
11-301-U5 \$44.25

KEROSENE FLAME SPRAYER -- Heavy gauge tank is TRI-POXY lined steel with two-stage safety lock and 12" brass pump. The seamless steel coil tubing develops a 20-24" flame of 2,000 degrees Fahrenheit. **USE KEROSENE ONLY!**
14-680-B5 \$137.50

BAND BREAKER -- Safe and easy to use, simply slide band in slot and rotate handle parallel to band. Will break band up to 2" wide and .040 thick. Will not damage boxes or brick under band.
14-460-B7 \$19.90

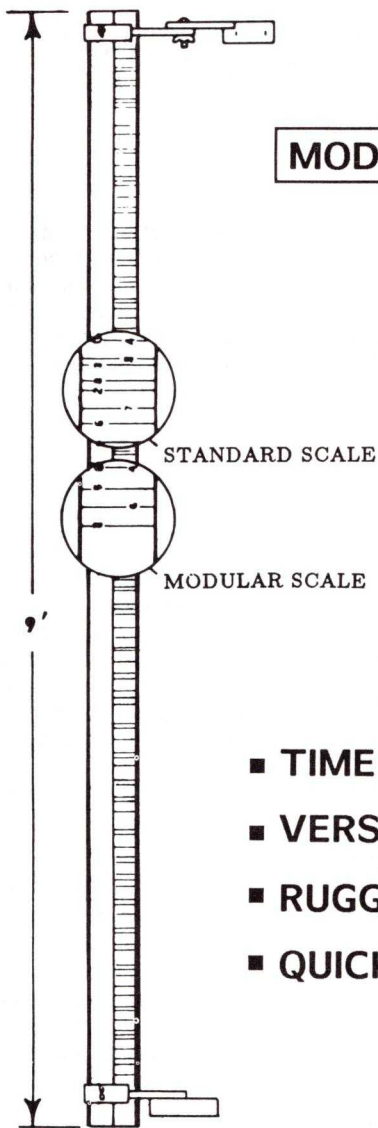

L.P. GAS FLAME BURNER

L.P. GAS FLAME BURNER -- Puts instant heat where you want it. Perfect tool for melting ice build up, thawing pipes in frozen ground and heating work areas. Ground maintenance crews use this tool for burning weeds, stumps and grass between paving bricks. Each burner comes with a brass needle valve, ten feet of hose and a fitting with built in excess flow valve to shut off gas if the flame goes out or the hose is cut. Propane tank not included. Available in two sizes to suit any job large or small.

MASONRY GUIDES

MODEL "C"

- TIME SAVING
- VERSATILE
- RUGGED
- QUICK SET-UP

MASONRY GUIDE -- The finest, most versatile corner pole system available can be effectively used on all types of masonry brick veneer or solid load bearing walls and block work. The 9' pole and fittings are constructed entirely of high grade aluminum. The top and bottom fittings are completely adjustable and can be used at any height for quicker and more accurate set up. Both the standard brick and modular scale are on the pole. One man can quickly and easily erect and align. Sturdy, rugged, practically indestructible, these corner poles will pay for themselves time and time again. Price includes all fittings and accessories for veneer work.

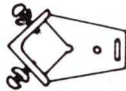

For solid or load bearing walls and multi-story work the optional telescoping braces should be used. See page 21.

MASONRY GUIDES

Bon Tool Co.

BON CORNER POLES -- These versatile masonry guides can be used on outside corners, inside corners or anywhere along the line. Simply reverse the top adapter and the base adapter. Poles adjust vertically for setting at varying heights and adjust horizontally for overhanging or indented masonry. Adjustable standard and modular spring steel tape simplifies course changing at sills and headers. Pole part is 8'6" long, made from rigid galvanized steel. Fittings are cast from aluminum-magnesium and are completely detachable from the pole for easy transporting. These poles can be used on veneer or solid bearing masonry, single or multiple story buildings. Use the telescoping braces on page 21 for solid or bearing masonry and multiple story work.

BRICKLAYER'S SPECIALTY ITEMS

FOR LAYING BRICK AND BLOCK WITH MORE ACCURACY AND SPEED

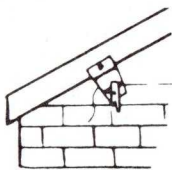

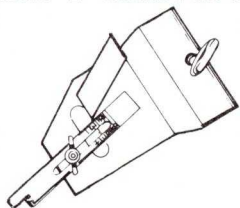

LINE EXTENDERS -- Attaches to corner pole to allow backup work and face brick to be run alternately. The ideal way to establish the second bricking point when doing backup work. Use for all commercial and solid masonry, for residential brick and backup, or for brick to grade foundations. Sold in pairs.

For Model "C" or "R" Corner Pole Use

11-150-B6 \$23.95

For Model "E" Corner Pole Use

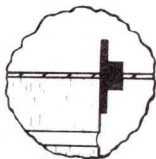

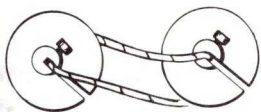

11-173-B6 41.85

GABLE CLAMPS -- These handy clamps eliminate the need to build a lead in the gable, increasing production and speeding brick work. The brick is laid in a direct line from frieze board to frieze board, reducing swells and bows. Gable clamps come with standard brick scale and with one simple setting the heights are established. Raising the gable clamp for each new course and drawing the line taut takes only seconds. A real labor saver. Sold in pairs.

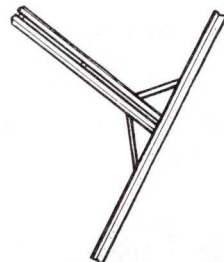

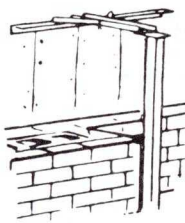

11-148-B6 \$54.50 pr.

PLUMB GUIDE

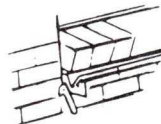

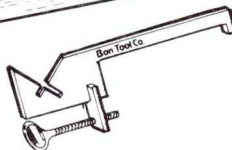

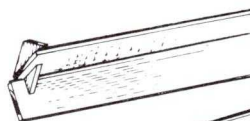

PLUMB GUIDE -- Replaces the masons level on many jobs. Masonry walls are easily and quickly laid vertically true with our plumb guide. It's very simple to use. Just loosen screw, set gauge line to center of plumb guide and tighten screw firmly to line. Just raise your gauge line after each laid course. Saves money and time.

11-801-B6 \$3.50

CHIMNEY BRACKETS -- Easily attaches to any Bon Tool Co. corner pole. Allows you to brick any width chimney up to 25" deep. They eliminate plumbing and leveling; no need to drop a jack line. Improve quality and speed assuring you of square corners, plumb walls and uniform joints. Sold in pairs.

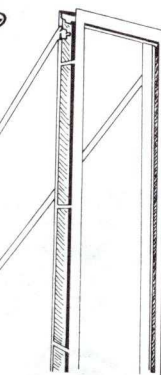

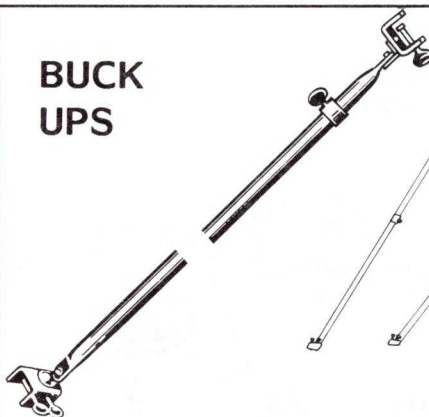

11-149-B6 \$49.85 pr.

SILL CLAMP -- Fast and easy set up, positive locking clamps hold the angle, allowing for eight different overhangs. The rowlock side of the face brick rests against the angle, keeping them from sliding out of place and allowing for proper slope adjustment, while keeping the top surface level. Use for sill up to 48" long.

11-151-B6 \$22.20

BUCK UPS

BUCK-UPS -- Heavy gauge tubular steel construction with universal clamps and adjustment screws. Plated throughout to resist rust. Telescopes from 5' 9" to 10' 6". Brace door bucks from floor or ceiling.

11-129-U5 \$23.65 ea.

STONE MIXERS -- Skilled workmanship and quality materials are combined to produce dependable Stone mixers. Mixers are engineered to offer service free operations with safety, day after day. Examples of standard features in many models include: safety chain, thickest tow poles in the industry, supported with frame bushing and heavy frame gusset, extendible for more width when towing, tapered roller bearings in quality wheels, smooth clutching located at the front of mixer, and full drum guard with a patented guard lift. Satisfied contractors have purchased these mixers for years because of our competitive price, large stock and fast service. Let's add your name to our growing list of customers.

14 and 16 cu. ft. mixers replacement parts and engine information available upon request. Phone (412) 443-7080 or write for free brochure. All Mixers shipped F.O.B. Shipping Point

FELKER

MASONRY SAWS

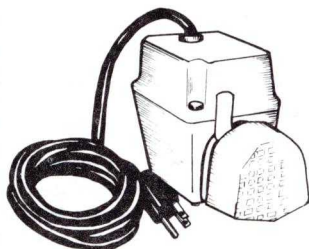

SUPER HEAVY DUTY MASONRY SAW -- This powerful saw is a high production skid mounted saw designed specifically for those tough jobs where speed, efficiency and safety spell the difference between profit and loss in your masonry operations. This model offers many outstanding features which lower price saws don't; including deep 20 gallon water pan, high output pump, double life spindle bearings, easily adjusted cutting head, pad-locked on-off switch, plus a lot more. Available with 14" or 20" blade guard. Please specify. 5 h.p. motor. Blade not included. Shipping wgt. 330 lb.

230V 5 h.p. 11-504-C3 2375.00

PORTABLE MASONRY SAW -- This powerful saw is built rigid with all welded steel tray and frame construction. So light -- so compact, it goes anywhere. Sets up where you work; on scaffolding, a stack of brick, or a wheelbarrow. Cuts wet or dry with 14" diamond or abrasive blades. Makes cut 5" deep or 10" by reversing material on conveyer cart. Self-locking blade guard gives operator constant, clear view of material being cut. Adds safety and accuracy to every cut. Choose 1-1/2 h.p. or 2 h.p. motor. Outstanding features include: special dual voltage switchbox with sliding access door which switches to desired voltage, double vee-belt drive, etched easy to read aluminum cart rule plus adjustable 45 degree/90 degree rip-fence. Blade not included. Shipping wgt. 146 lb.

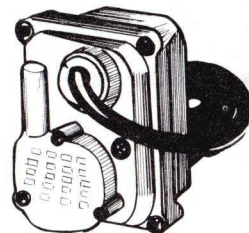

1.5 h.p. 11-501-C3 \$1248.00
2 h.p. 11-502-C3 1290.00

REPLACEMENT WATER PUMP -- Submersible, high water volume pump provides plenty of coolant to the saw blade. 230 voltage to be used on heavy duty masonry saw shown above or similar model. Epoxy coated. U.L. listed.

11-506-B4 \$67.95

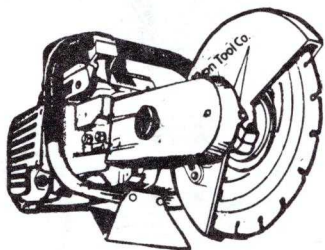

REPLACEMENT WATER PUMP -- Submersible, high water volume pump provides plenty of coolant to the saw blade. 115 voltage to be used on portable masonry saw shown above or similar model. Epoxy coated. U.L. listed

11-505-B4 \$45.95

MULTI-PURPOSE SAW

Bon Tool Co.

14" RAPID CUT SAW -- Very versatile saw. Will cut masonry, concrete, asphalt, metal and much more. 14" blade guard allows for a full 5" cutting depth. Designed with a dual air filter system to keep the saw running on the dustiest job sites. Outstanding features include: 1. Consistent, dependable, two cycle gasoline engine. 2. Vibration isolated handles. 3. Convenient operator controls. 4. Solid cast blade guard. 5. Instant rotation blade guard adjustment. 6. Quiet spark arrestor muffler. 7. Solid state breakerless C.D. ignition. Uses 14" blades with a 1" arbor. Blade not included. 29 LBS.

14-804-B5 \$949.00

ABRASIVE BLADES -- For multi-purpose saw.

For Masonry Cutting

BON'S MINI-SPLITTER

Portable 35 pound midget splitter; small enough to take with you on the scaffold, large enough to cut most all brick. This 26" high splitter has a 5" height throat opening. The 4-1/2" blades will cut off as little as 1/4" with a square cut. A 12" rule and square is built right into the table to assure cuts are accurate.

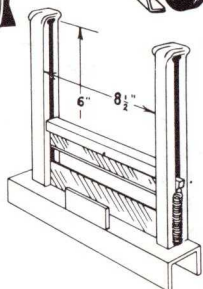

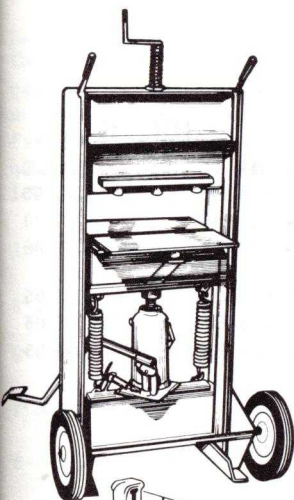

Mini-Splitter

11-320-U5 \$265.00

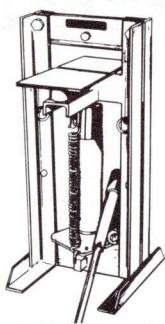

Extra Pair Blades

11-377-B3 31.00

HEAVY DUTY

MASONRY SPLITTERS

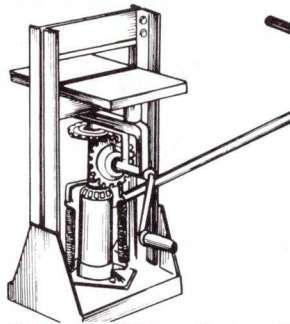

THE SNAPPER -- Durability, lightweight and low price make this splitter an excellent machine to have on the job. Six thousand pounds of cutting force cuts sill and coping up to 6" wide. A throat width of 6" and throat height of 5" enable more cuts on brick. Special stop pins hold opening to 1-1/2" for brick work. Easy to handle on scaffold.

Snapper

11-548-U2 \$242.00

Extra Pair Blades

11-549-U2 85.00

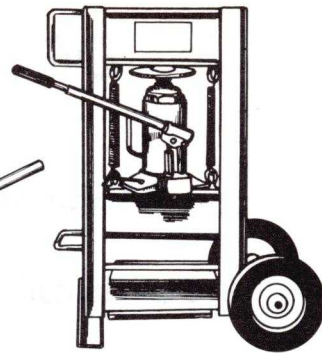

QUICK SPLITTER -- Rugged, fast acting splitter is ideal for cutting paving stone, stone, split block and firebrick. Simply crank open, position stone and push hydraulic lever...Stone is split that fast. Hydraulic cutting pressure of 10,000 lb. Sturdy 12" x 10" base. Throat height 6", throat width 9". Overall height 26". Weight 70 pounds.

Quick Splitter

11-323-U3 \$440.00

Extra Pair Blades

11-324-U3 110.00

PAVING STONE SPLITTER

-- Powerful and portable, designed for interlocking pavingstone in driveways, patios, swimming pool decks and sidewalks. Built low to save back bending. Large wheels make moving the machine easy. Splitting force of 24,000 pounds allows precise splits of paving stones. Throat width 10". Overall height 30". Weighs 95 lbs.

Paving Stone Splitter

11-568-C3 \$480.00

Extra Pair Blades

11-569-C3 120.00

HYDRASPLIT -- Powerful stone splitter can be operated by one man with ease. Foot-operated hydraulic pump permits entire body weight to be put to work. Speedy top blade adjustment crank and comfortable table height reduces fatigue on the operator. Hold-down feature keeps cut material safely on the table. Exclusive hard-edge blades offer longer life. Wide base for added stability. Choose from two sizes

12-Ton Cutting Pressure

10" x 8-1/4" Throat. 150 lb.

11-321-C3 \$665.00

Extra Pair Blades

11-322-C3 190.00

20-Ton Cutting Pressure

18" x 8-1/4" Throat. 255 lb.

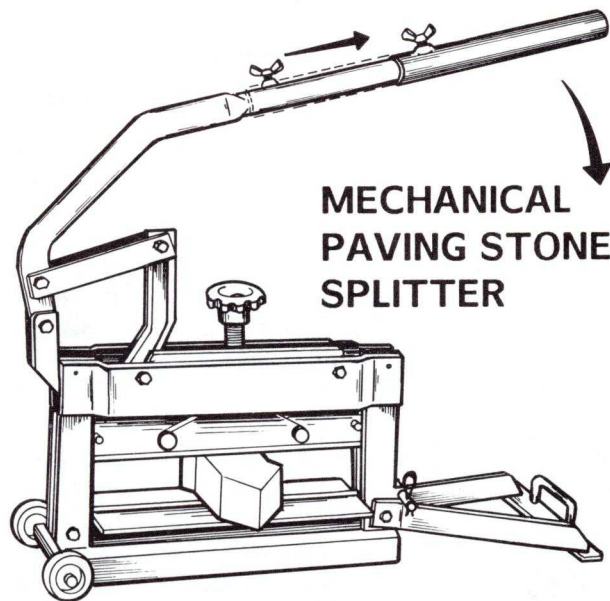

11-423-C3 905.00

Extra Pair Blades

11-424-C3 235.00

HANDY SPLITTER -- A solid blow from a mashing hammer will cut bricks, stones or tile. Quick and accurate cutting. Rugged steel blade.

11 lb. 11-408-B5 \$62.00

MECHANICAL PAVING STONE SPLITTER

MECHANICAL PAVING STONE SPLITTER -- Designed with eccentric leverage principal to provide maximum fracture pressure with little effort. The cutting height is adjustable to stone thickness by a hand grip adjusting screw. Hard steel blades give long wear. This paving stone splitter cuts all paving stone on the market. Cuts miters, angles, or joints quickly and cleanly.

11-574-C5 \$540.00

Extra Pair Blades

11-573-B3 130.00

DRY-CUT DIAMOND BLADES

Bon Tool Co.

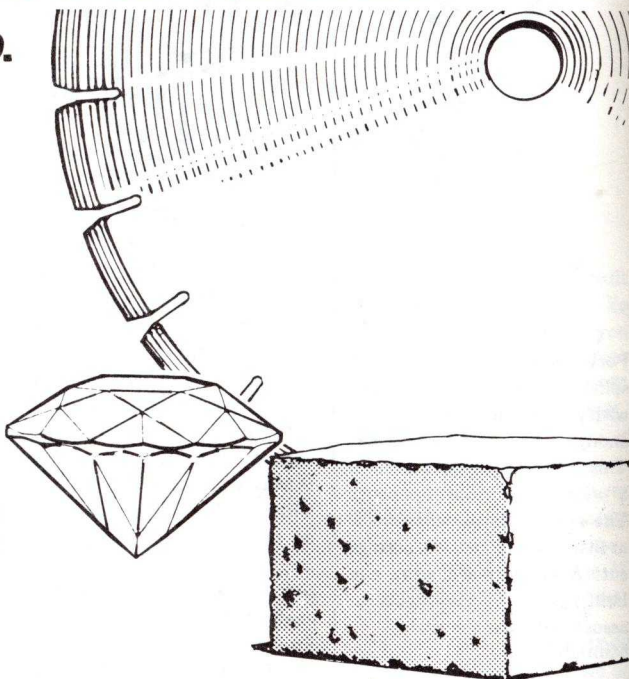

LASER WELDED

SUPERIOR QUALITY

ECONOMICALLY PRICED

BON DRY CUT DIAMOND BLADES -- Superior quality laser welded diamond blades are designed for use on masonry saws, high speed cut-off saws, hand-held circular saws and tuck point grinders. Reduces blade and labor costs. Constant cutting depth minimizes the frequency of blade changes, reducing down time and increasing productivity. Unique laser welding process creates a firmer bond between the diamond segments and the steel core, so the bond will not be affected by the heat created by cutting dry. Eliminates the inconvenience of using water while cutting. Our Bon Tool Company blades provide exceptional cutting value.

Blades are available in other sizes, arbors and specifications. Call or write for prices.

APRONS

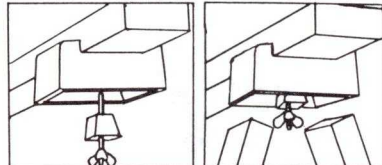

TANERA CARPENTER APRON -
 Made of tough leather like material. This heavy duty all purpose carpenter apron has two 9" x 8" and 6" x 4-1/2 flare pockets, two small tool pockets, two wide leather hammer loops, combination square holster, pencil sheath and extra tool holster. Wide 2-1/4" web belt adjusts up to a 46" waist. Belt has metal hook in fastener. Bags and belt are both stitched and riveted for long wear. Fits comfortably on worker hips. Great quality.
 14-593-B7 \$28.95

OFF THE HIP CONSTRUCTION APRON - Made comfortably and efficient with a combination of nail and tool pouches most often requested by tradesmen. Feature two bag and tape holder, each individually adjustable to your comfort. Position on the hip or keep them out of the way when bending or climbing. Each bag has its own tunnel loop. Bags are soft pliable moccasin cowhide, double stitched and riveted for durability.
 14-592-B7 \$64.50

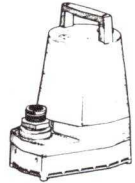

12 POCKET LEATHER APRON -
 Made from genuine moccasin cowhide. Used by carpenters, drywall hangers and other tradesmen. Gives free leg action for bending, climbing and kneeling. Has 2 large pockets and 2 small tool pockets, 2 nail set or screwdriver pockets, center tape rule holder and a sheath for a square. 2-1/4" wide adjustable Army Style web belt. Built to last for years.
 15-130-B7 \$56.90

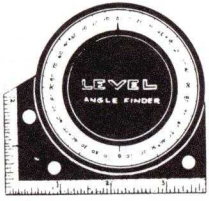

PREMIUM HAND SAWS -- Made from selected cold rolled Swedish saw blade grade steel. The teeth are ground for a long lasting razor sharp edge. Polished and heat treated. The handle is made from high quality rugged laminated marine wood. Smooth cutting.
 26" 7T-8Pt 14-811-B6 \$22.75
 26" 9T-10Pt 14-812-B6 22.75

SAWHORSE BRACKETS -- Made from space age structural plastic. No nails or screws necessary for assembly, just drill a single 1/4" dia. hole. Simple wedge and wingnut bolt lock standard 2" x 4"s into place. Makes a sturdy wobble-free sawhorse in minutes. Can be quickly disassembled for storage. (Please note one set of brackets makes one horse.)
 14-828-B7 \$9.20/set

WIZARD UTILITY PUMP -- Completely portable and easy to use. Just attach a garden hose or 1" pipe, set pump into water at least 3/4" deep, and plug into grounded 120 volt AC outlet. The water wizard will remove water to within 1/8" of floor. Equipped with 8 ft. cord with 3-prong grounded plug. Maximum pumping height 26.3 ft. Thermally protected.
 14-815-B5 \$81.20

ANGLE FINDER -- This durable angle finder is made of high impact plastic and allow the user to read any angle instantly and accurately for 0 to 90 degrees in any quadrant. Magnetic base with V-grooved side. Big 4" diameter dial. Notched back for metal ruler attachment.
 14-814-B6 \$14.65

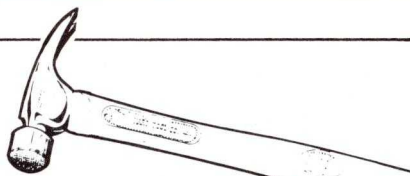

CONTOUR GAUGE -- Quickly copies and holds irregular shapes when the steel tines are pressed against the material. The outline can then be transferred. Helpful for coping work, cutting floor covering and anywhere a tight fit is needed.
 14-813-B7 \$10.65

ELECTRIC ENGRAVER -- Ideal for identifying and engraving. Writes like a pencil on a variety of materials form hardened steel to glass. Calibrated stroke adjustment regulates impression depth. Easy to use.
 14-316-B6 \$22.95
 Carbide Replacement Tip
 14-317-B6 5.70
 Diamond Replacement Tip
 14-318-B6 17.85

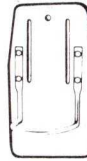

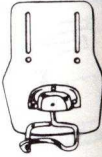

THE FRAMER -- Finely forged and polished, these hammers are for the professional who takes as much pride in his tools as his work. The ripping claw head is precision hardened to exacting specifications. The serrations are crush ground to assure every tooth is the same. Fitted w/ a 17" hard wood handle. Every hammer is guaranteed to satisfy.

Smooth face	25 oz. 14-685-B5	\$28.00
	21 oz. 14-686-B5	26.00

	21oz. 14-688-B5	27.75

SWIVEL HAMMER

LOOP -- Swings freely to keep hammer vertical.
14-249-B7 \$ 4.25

STEEL HAMMER LOOP -- Turned up front end.
14-257-B7 \$3.70

ESTWING RIPPING OR CURVED CLAW HAMMERS -- Solid steel one-piece head-handle with deep nylon-vinyl cushion grip.

Ripping Claw	16 oz.	14-216-B6	\$21.45
	20 oz.	14-217-B6	24.65
Curved Claw	16 oz.	14-218-B6	21.45

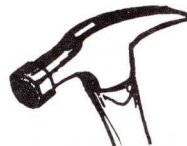

ESTWING OUTLET BOX HAMMER -- One piece construction with long pull neck to reach in outlet boxes. Genuine sole leather cushion grips.

15-236-B6	\$25.45
-----------	---------

VAUGHAN FRAMING HAMMER -- Superb balance and comfortable grip. A favorite among tradesmen. Milled face and polished head. 16" hickory handle.
20 oz. 14-220-B6 \$23.25

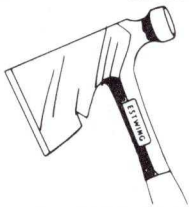

PLUMB RIPPING HAMMERS -- Permabound keeps non-breakable red fiberglass handles tight. Black molded Dura-Cushion grips absorb shock, keep wrist and arm loose and relaxed. 15" long.
22 oz. 14-215-B6 \$24.95

WOOD SPLITTER -- Forged from one piece of hardened and tempered steel. Head won't fly off, handle can't break. Comfortable leather grip. 15-1/4" long, 3-1/2lb. 14-433-B6 \$28.45

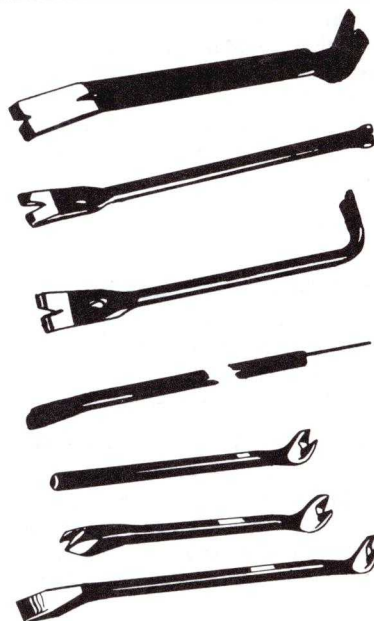

VAUGHAN CURVED CLAW HAMMER -- Fully polished 13" handle.
16 oz. 14-222-B6 \$17.90

ESTWING FRAMING HATCHET -- Forged one piece head and handle. Equipped with vinyl-nylon cushion grip. Long lasting. Serrated head adds safety.
28 oz. weight. 14-425-B6 \$30.70

PLUMB HALF HATCHET -- Hardened, tempered bit holds sharp cutting edge. Bit size 3-5/8", length 13-1/2". Hickory handle.
14-435-B6 \$26.40

WONDERBAR -- Made from 1/4" steel. Length 14", weight 1-1/2 lb.

14-520-B7	\$8.85
-----------	--------

RIPPING BAR -- Heavy duty bar, one end with wide chisel bit, the other with target head for hammering. Length 18".

14-521-B7	\$8.25
-----------	--------

ANGLE BAR -- All purpose bar with wide chisel bit and three beveled nail slots. Length 18". 14-259-B7 \$10.10

LINING BAR -- Rugged bar with one pointed end, the other has a chisel blade. Length 12". 14-522-B7 \$7.25

CAT PAW BARS

SINGLE END -- Made from 5/8" stock 15" long. Weight 1-1/2 lb.

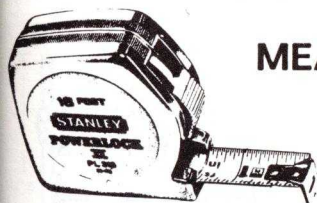

14-523-B7	\$7.00
-----------	--------

DOUBLE END -- Made from 5/8" stock. 10-1/2" long. Weight 1-1/2 lb.

14-524-B7	\$10.45
-----------	---------

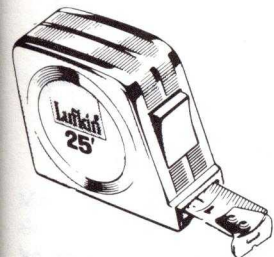

PRY BAR / NAIL PULLER -- Made from 5/8" stock. 10 1/2" long. Weight 1-1/2 lb. 14-525-B7 \$9.20

MEASURING

STANLEY POWER TAPES
-- Yellow blade, protected with mylar for long wear. Easy to read numbers. Graduated in 16ths.

3/4" x 16' 14-599-B7 \$17.60
3/4" x 20' 14-600-B7 18.95
1" x 16' 14-601-B7 18.35
1" x 25' 14-602-B7 20..75

LUFKIN MEZURLOK POWER TAPES -- Yellow epoxy coated blade with jet black numbers are easy to read. Foot markings and 16" centers are identified by color blocks

1/2" x 12' 15-210-B7 \$11.70
3/4" x 12' 15-211-B7 14.80
3/4" x 16' 15-212-B7 18.35
3/4" x 25' 15-213-B7 20.35

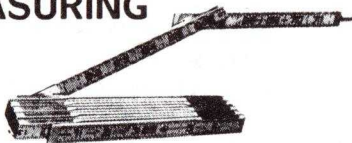

TAPE HOLDER -- Made from top grain leather. Can be laced through extendible belt loops or snapped over belt. Quick release snap holds tape firmly in place.

Holder for 10' to 16' Tapes
14-603-B7 \$5.15
Holder for 16' to 25' Tapes
14-604-B7 6.25

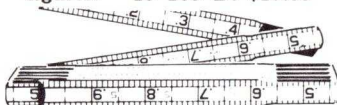

CARPENTER PENCILS -- High quality thick carpenter pencils. Sold in packages of 12 only. Choose from three lead hardnesses.

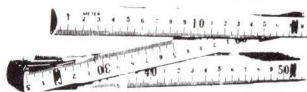

Soft 14-587-B7 \$5.40/dz.
Medium 14-588-B7 5.40/dz.
Hard 14-589-B7 5.40/dz.

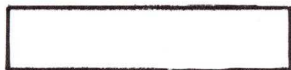

LUFKIN EXTENSION 6' FOLDING RULE -- Unmatched for ruggedness and accuracy. Heavy duty, lightweight 6' rule that withstands hard daily use. Brass plated end caps, striking plates and graduated 6" slide. Epoxy coated mark on both sides read to the 16ths of an inch. 16" centers marked in red figures. 15-209-B7 \$17.05

LUFKIN ENGINEER FOLDING RULE -- Graduated in feet, 10ths and 100ths. Regular outside marking in feet, inches and 16ths. Foot marks in red. Decimal points on engineers scale prevents reading errors. 14-598-B7 \$16.15

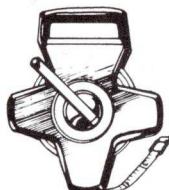

TWO METER RULE -- Made from high quality select Swedish birch. Graduated metric on one side (outside reading) and inches to 16th on the other side (inside reading). Permanently lubricated spring joints. Moisture proof. 14-609-B6 \$10.95

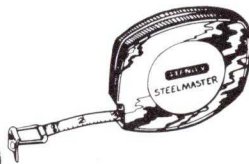

SOAP STONE MARKING STICKS -- Preferred by many masons for marking brick and block. Also used for marking steel and other products. Sold in boxes of 144 pcs. only. 14-255-B7 \$15.95/gr

MARKING CRAYON -- Used for marking lumber, masonry, steel, etc. Sold in packages of 12 only.
Yellow 14-254-B7 \$7.20/doz.
Black 14-491-B7 7.20/doz.
Blue 14-492-B7 7.20/doz.
Red 14-493-B7 7.20/doz.

LUFKIN OPEN REEL TAPE -- Ideal for those really big jobs. Open reel won't collect dirt and is easy to clean. Fiberglass tape is non-conducting and long wearing. 150' Tape 14-497-B7 \$56.80

STANLEY "STEELMASTER" LONG TAPES -- Chrome plated, all cast case with 3/8" wide yellow blade. Case will not rust and is contour shaped to fit in your hand. Clad in Mylar, will wear up to 10 times longer than other brands. Accurate red and black contrast sharply on yellow background for maximum visibility. Has 16" stud marks.
50' 11-141-B6 \$24.10
100' 11-163-B6 36.30

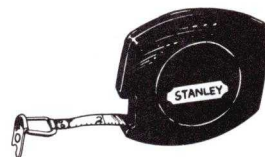

CHALK -- Highest quality chalk for use with any chalk line. Won't cake.
-Dark Blue
8 oz. 14-252-B7 \$ 1.80
5 lb. 14-542-B7 10.35
- Red
8 oz. 14-253-B7 1.80
5 lb. 14-543-B7 10.35

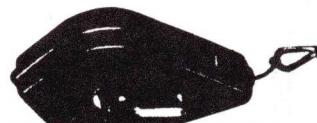

REPLACEMENT CHALK LINE -- Tough cotton replacement line for heavy chalk distribution. 100'
14-250-B7 \$1.50

LUFKIN LONG TAPES -- Nonconducting tough PVC coated 1/2" Fiberglass blades resist moisture, oil and chemicals. Highly visible black numbers on yellow blade. Fast smooth rewind.
50' 14-498-B7 \$22.20
100' 14-499-B7 33.35

STANLEY ECONOMY LONG TAPES -- Sturdy, lightweight molded plastic case. Easy to read white blade with 1/8" graduations -- foot and stud markings printed in red. Smooth easy rewinding action.
50' 14-398-B6 \$12.60
100' 14-399-B6 18.60

CHALK LINE REEL & PLUMB BOB -- Self-chalking reel in aluminum alloy box. Nylon slide-fill opening makes refills easy. Leak proof. Doubles as plumb bob. 100' line. 14-590-B7 \$5.15

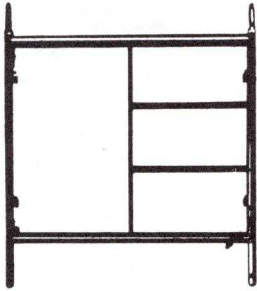

COMBINATION CHALK BOX -- Can be used as chalk line or plumb bob - tip is refill cap; opens quickly for refill. 100' line. 14-591-B7 \$8.25

STANLEY CHALK LINE REEL -- Felt gasket hugs line for uniform distribution. Hook attaches to any projection or slot. Doubles as a plumb bob. 100' line. 14-251-B7 \$11.40

SCAFFOLD END FRAMES

STEP TYPE END FRAMES

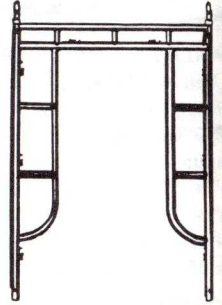

FRAMES -- All electric welded panels. Uprights are made of 1-5/8" high yield tubing. Steps are made from 1" high yield tubing. Each panel comes complete with 9" insert pins. Brace lock system (as shown in blow up) is quickly and easily adjusted. Panels are 5' wide, choose from two heights. Wgt. 40 lb.

5' Wide X 4' 6" High
14-201-C2 \$54.50
5' Wide X 5' High
14-202-C2 55.75

FRAMES -- Panels are 6' 6" high. All electric welded. Made from 1-5/8" and 1" high yield steel tubing. Each panel comes with 9" steel insert pins. Quick and easy brace locking system (as shown in blow-up). Walk thru panels are often preferred by mason contractors and others requiring large, multi-level work platforms. Wgt. 46 lb.

5' Wide X 6' 6" High
14-278-C2 \$75.50

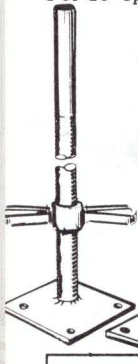

OPEN TYPE END FRAMES

**DIAGONAL
BRACE**

DIAGONAL BRACE -- Pivoted braces with 7' spacing. Works on all frames listed above. Builds a rigid, sturdy scaffold. Wgt. 11-1/2 lb.

For 7' spacing-- 14-200-U2 \$12.85
For 10' spacing-- 14-212-C2 16.85

LEVELING SCREW JACKS
-- Jacks are 30" high with 19" screw adjustments. Ideal for leveling off those difficult scaffolding set-ups Wgt 12 lb.

14-283-U2 \$22.60

BASE PLATE -- Rigid base plate with 4" stem.
14-284-U2 \$4.95

INSERT PIN

INSERT PIN -- 9" pin used for coupling frames together. Use with 1-5/8" diameter scaffold frames. Our end frames are equipped with pins. Order these when you need replacements. Wgt. 1 lb.

14-285-U2 \$2.20

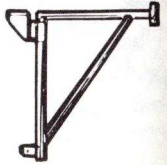

TOE BOARD CLIP -- Easy to install clips to hold toe board. Keeps materials and tools from sliding off edge. Boards not included. 14-281-U2 \$2.75

GUARD RAIL -- Increases safety at your job site. Use with guard rail posts shown at right.

Guard Rail w/ 7' Spacing (5-3/4 lbs.)
14-279-U2 \$6.40
Guard Rail w/ 5' Spacing (4-1/2 lbs.)
14-490-U2 5.30

PLATFORM EXTENDER

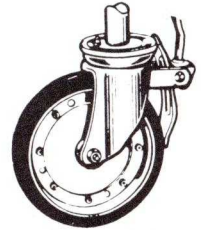

PLATFORM EXTENDERS -- Can be placed on side of frame wherever there is a horizontal cross member.

20" Platform 11-281-U2 \$17.05
24" Platform 11-282-U2 18.15

GUARD RAIL POST -- Works on corner or straight run. Can be used with single or double guard rail. Wgt. 7 lb.

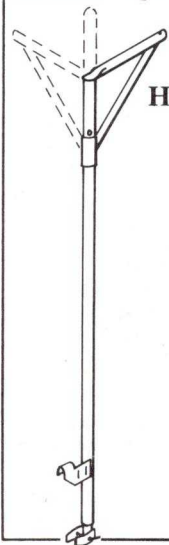

14-280-U2 \$12.75

CASTERS -- 8" diameter casters provide mobility for scaffolding. Equipped with positive brake and swivel action. Foot or hand operated brake.

14-282-U2 \$36.95

HOIST ARM

SWIVEL HEAD HOIST ARM -- Heavy duty, 200 lb. capacity hoist arm. Easy set-up. Fits over insert pin braces against panel. 6' high, weighs 18 lb.

14-169-U2 \$38.95

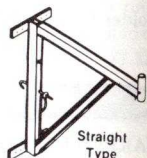

WELL WHEEL -- Heavy reinforced steel housing with steel hook and axle. The wheel, made of Grey Iron uses up to 3/4" rope. A must for many hoisting jobs. Wgt. 7 lb. 11-175-B6 \$46.50

MANILA ROPE -- Three strand, 100% pure manila rope. Resists swelling. Tensile strength of 3960 lb. 5/8" dia.

50' Length 14-258-B6 \$19.50
100' Length 14-235-B6 37.00
600' Length 14-236-B6 210.00

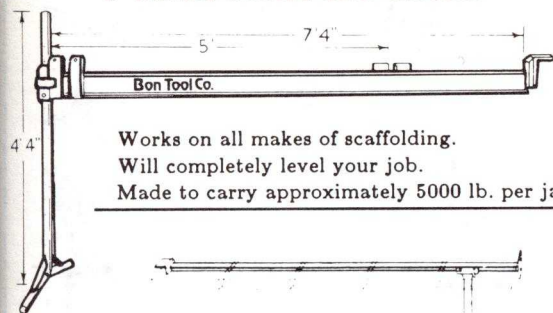

**WELL
WHEEL**

Straight
Type

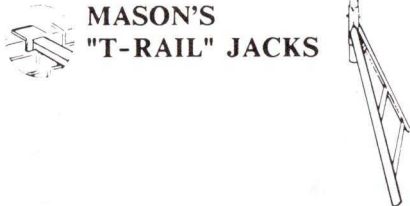

WALL BRACKETS -- Made from rectangular steel tubing. 500 lb capacity. Easy to set up. 24" platform.
Straight Bracket 14-426-U2 \$28.60

'T' BEAM SCAFFOLD JACKS

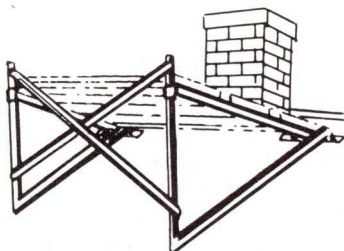

Works on all makes of scaffolding.
Will completely level your job.
Made to carry approximately 5000 lb. per jack.

MASON'S "T-RAIL" JACKS

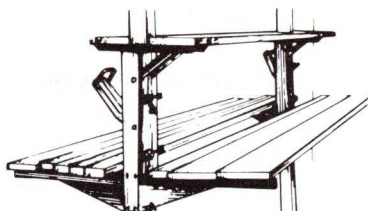

MASON'S "T-RAIL" JACKS -- Eliminates costly ground leveling. Use to erect work platforms. Lip on end rests in joint between layers of block. These dependable, lightweight jacks can easily be erected by one man in minutes. Built for strength with height adjustments every 2". Built-in plank stop on ledger drilled for attaching guard rails.

"T-Rail" Jack W/ 50" Ledger 11-164-C2 \$93.75
"T-Rail" Jack W/ 64" Ledger 11-181-C2 98.50

CHIMNEY SCAFFOLDS -- Quickly erected and easily adjusted to any roof pitch. Can be nailed directly to roof or to planks that hook over roof ridge. Made of steel. Use wood planks to make platform up to 5' x 10'. Folds for easy handling and storage. Weighs 61 lb. 14-300-U4 \$142.00

PUMP JACKS -- A real time saver. Fast set-up. Two 2 x 4's serve as uprights tied to the wall by swivel joint top braces. Will work on uneven terrain because each unit is jacked separately. Turn hand crank to descend. Meets safety codes of most states. **MASON UNITS** have two 24" walking platforms and a 20" material platform.

CARPENTER UNITS are same as mason units but have one walking platform only.

Mason Units 11-182-C2 \$272.00 pr.
Carpenter Units (not shown) 11-183-C2 185.00 pr.

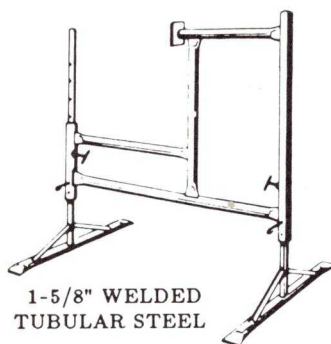

ADJUSTABLE 'T' BEAM SCAFFOLD JACKS -- Designed to improve working conditions and save you time and money by reducing the number of standard panels needed per job. Job tested and proven, these jacks provide a level working position on any ground surface. Each jack weighs 85 lb.

11-318-C5 \$130.00
Ten or more 123.50/ea.

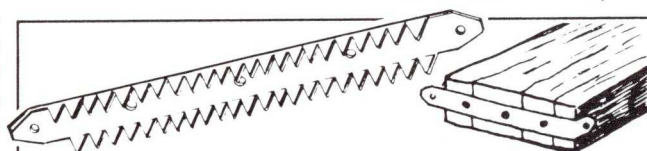

MATERIAL PLATFORM SCAFFOLDING

-- All welded, high strength, carbon steel construction. This scaffolding, with hip high material platform, reduces stooping and reaching. Both platforms are 25" wide. Working level adjusts upward every 2" from 1' 6" to 4' 6"; material platform adjusts from 3' 6" to 6' 6". Panels are free standing; no bracing used Wgt. 37 lb.

11-279-C2 \$59.40
Six or more 57.40/ea.

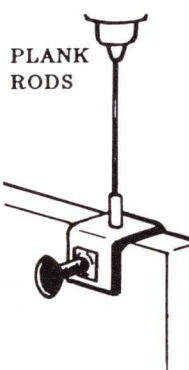

1-5/8" WELDED
TUBULAR STEEL

PLANK-TI -- At last an easy, cost effective remedy for those split planks. Protect new plank before they go to the job. Salvage old plank with our Plank-ti at a fraction of the cost of new ones. Plank-tis cost only a few cents and save hundreds of dollars. Choose from two sizes. Sold in boxes of 100 only.

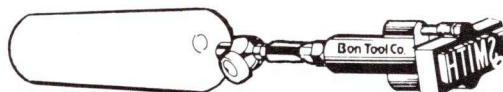

For 10" Plank 14-108-B5 \$34.00/Bx.
For 12" Plank 14-109-B5 35.00/Bx.

PLANK
RODS

SELF DRILLING PLANK RODS -- Save split plank or protect new plank. Our self-drilling rods are easy to use. With your drill, drill the rods through the plank, twist the rod's protecting end into the plank and hammer. The centering guide helps you drill through the center of the plank. The bending tool turns the sharp end back into the plank. Choose from two sizes. Sold in packages of 100 only.

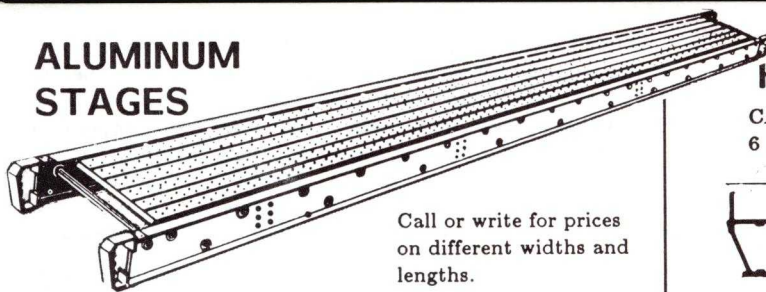

For 10" PLANK 14-177-B7 \$12.50
For 12" PLANK 14-178-B7 12.50
Center guide and bending tool 14-179-B5 9.75

PORTABLE PROPANE BRANDER -- Engineered to give continuous trouble free branding. Great identification for tools. Ideal for planks, shovel handles, hammer handles and other tools. 4 letter sizes. 5 characters included in price. Add \$2.50 for each additional letter. Allow 4-6 weeks for delivery.

3/8" lettering (max 16 char.) 14-544-B2 \$88.00
1/2" lettering (max 15 char.) 14-545-B2 88.00
3/4" lettering (max 13 char.) 14-546-B2 88.00
1" lettering (max 10 char.) 14-547-B2 88.00

ALUMINUM STAGES

LADDER PLATFORM HOIST

LIFTING CAPACITY -- 400 LBS.
PLATFORM -- 24" WIDE X 28" DEEP
LADDER -- 24" WIDE X 3 3/4" SIDE RAILS

LADDER PLATFORM HOIST -- Industry-proven for reliability, portability and versatility. Rugged enough to handle tons of material a day, with single payloads of up to 400 lb. Gas and Electric driven power units are designed for safe, one-hand operation. Raise clutch lever to engage the load and release the brake. Released clutch lever applies the positive stop brake automatically. Raise brake lever to release the brake for controlled lowering of platform and load. The high strength aluminum extruded ladder track will provide years of service with a minimum of maintenance. Three section sizes allow assembly of up to 44 ft. Track sections are joined with splice plates, bolts and lock nuts. No special tools required. Platform hoist will save labor and increase production.

 14-429-C5 356.50

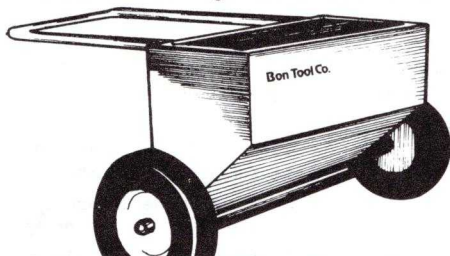

ROOFER'S TOOLS

HEAVY DUTY PLASTIC TILT TRUCKS -- Thick plastic dump trucks are designed for job site use. The 14 cu. ft. model is equipped with 10" diameter rubber tread polycore wheels. It has a 800 pound load capacity. The 30 cu. ft. has 12" diameter wheels and a 1500 pound capacity. It also has a full steel undercarriage. Preferred by drywall and roof contractors.

14 Cu. Ft. 38" high 14-807-C4 27-1/2" x 55-1/2" \$418.00
30 Cu. Ft. 43" high 14-808-C4 33" x 66" 682.00

DOUBLE WHEEL WHEELBARROW -- Solid one piece tubular steel construction. Equipped with two large 16" pneumatic tires on 4 x 8 wheels with 1" bearings. Large 6 cu. ft capacity will hold up to 450 pounds. Designed for roofers and concrete workers to eliminate accidental dumping of gravel or concrete. Even weight distribution creates less fatigue. Front roll plate protects and prevents cutting of felts or insulation.

19-102-C5 \$275.00

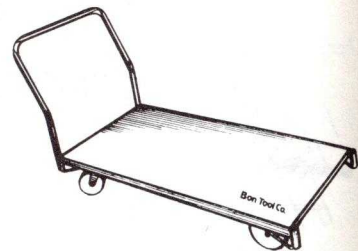

GRAVEL SPREADER -- Heavy duty spreader designed for the professional roofer. Adjustable 36" gate opens to a full 2". The rate of flow can be adjusted while spreader is in use or pre-set. 16" x 4.00 x 4.80 tires.

19-103-C5 \$630.00

MOP CART -- Durable steel construction for long use. This mop cart comes with a 15 gallon heavy gauge steel replaceable bucket. 10" x 2.75 wheels for easy moving. Mop handle cradle on the handle. Great for primers and coating.

19-101-C5 \$150.00

MATERIAL PLATFORM TRUCK -- All steel 24" x 42" deck with a removable flow back tubular handle. Load rating of 750 pounds. Equipped with 5" diameter x 1 1/4" solid rubber wheels; two swivel and two rigid. Platform height from floor is 6 1/4". Can be shipped via U.P.S.

14-843-B5 \$153.00

POURING POTS

VERTICAL SPOUT POURING POT -- Oblong body with no splash top. 4 1/4 gallon capacity. All steel construction. 6 1/2 pounds.

19-104-B5 \$72.00

SHEET POURING POT -- Handy pour spout for light or heavy pouring. All steel construction with no-splash top. Oblong body. 4 1/4 gallon capacity.

19-105-B5 \$72.00

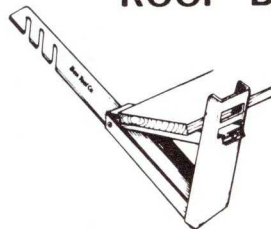

DIPPER POTS -- All steel welded dippers with long wood handles. These dippers are tapered for easy pouring.

6 Qt. Dipper 19-106-B5 \$30.50

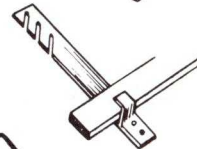

9 Qt. Dipper 19-107-B5 33.80

ROOF BRACKETS

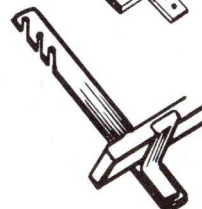

ADJUSTABLE ROOF BRACKET -- Adjusts to your roof pitch from 65 to 45 degrees. A simple locking device prevents accidental closing. Use with 2" x 8". Folds for easy storage.

14-436-B5 \$8.65

SHINGLERS' VERTICAL BRACKET -- Holds a 2" x 4" on edge to make a safe toe hold on shallow pitch roofs.

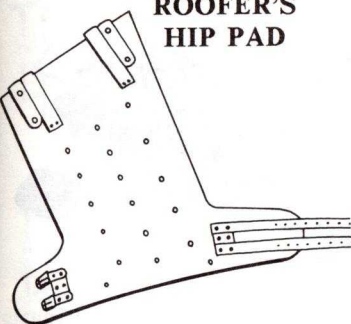

14-476-B5 \$5.05

SHINGLERS' HORIZONTAL BRACKET -- Holds a 2" x 4" on the 4" side. All steel construction.

14-481-B5 \$5.05

ROOFER'S HIP PAD

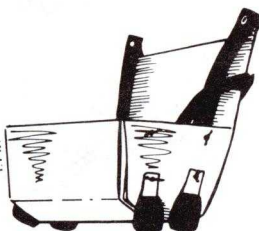

ROOFER'S HIP PAD --

Made of one piece molded rubber with air vents for circulation and belt loops. Can be use with regular work belts. Adjusts to any leg size. 20" long X 11 -1/2" wide, 24" wide at leg flaps. For right-handers.

19-116-B6 \$25.50

NAIL HOLDERS

ROOFING NAIL HOLDER --

Constructed of heavy gauge stainless steel, comes with harness belt. Nails can be stripped from either end. Adjusts for all nail types.

19-117-B5 \$36.50

ROOFER'S SHOVEL

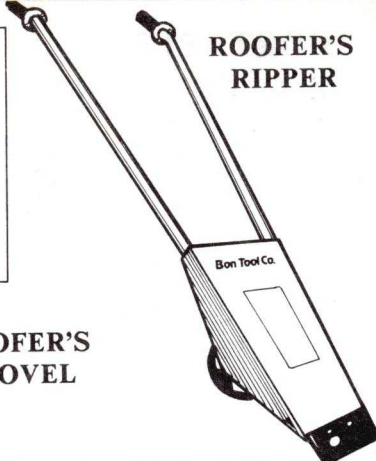

ROOFER'S TEAR OFF SPADE --

This is specially designed to remove shingles. The serrated teeth grip the nails. Equipped with a heavy duty fixed fulcrum for leverage. 6-7/8" X 12" blade with 48" handle

19-115-U7 \$23.60

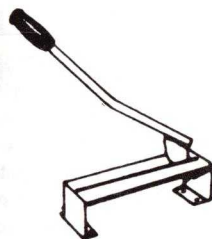

ROOFER'S RIPPER

ROOFER'S RIPPER --

Hardened steel blade rips old roofing material off. Two 8" steel wheel with rubber tread provide balance for easy use. Blade is replaceable. Rugged steel construction.

19-108-C5 \$205.00

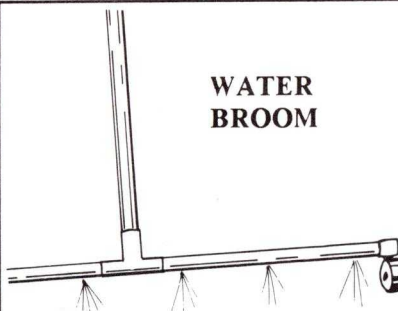

SLATE CUTTER --

Designed to cut slate up to 1/4" thick. Excellent for cutting inside and outside corners and notches. Straight and curved cuts can be made. Each stroke cuts about 1". Can be mounted on a board for extra stability.

19-112-B7 \$54.95

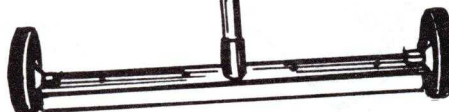

WATER BROOM

WATER BROOM -- Made from tubular plastic, this 30" wide broom quickly cleans parking lots, driveways, garages, etc. Rolls on two swivel casters. Attaches to standard garden hose. Cleans faster uses less water.

14-114-B5 \$39.00

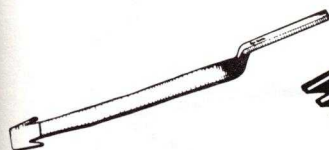

MAGNETIC SWEEPER

MAGNETIC SWEEPER -- Made with permanent ceramic magnets to pick up nails and scrap metal. Great for locating lost item. Magnets are enclosed in a heavy duty aluminum channel for protection. Lightweight aluminum handle with hand grip makes our sweeper easy to maneuver and makes a quick job of clean ups. Choose from two magnet widths.

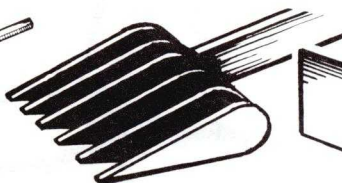

24" 14-809-B5 \$153.00

36" 14-810-B5 192.00

SHINGLE RIPPER -- Will remove a single shingle without damaging either the piece removed or surrounding pieces. Can be used with all types of shingles. 24" long.

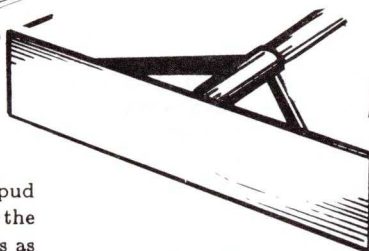

19-111-B7 \$19.25

NAIL SPUD -- These spud bars are designed to rip up the roof and remove the nails as well. All steel tines with 1" tubular steel handle 56" long. Choose from two widths.

3-1/2" 19-109-B5 \$30.00

6" 19-110-B5 40.80

SLAG PLACER -- All welded steel construction with wood handle. Blade size is 4" x 24".

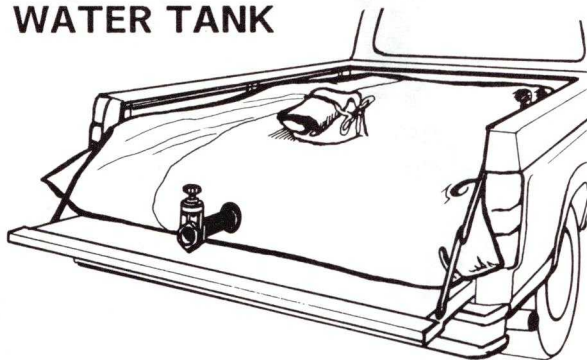

19-114-B6 \$14.50

CAST SLAG PUSHER -- Cast aluminum head with a 6" tubular aluminum handle. Blade size: 17-1/2" x 5-3/4".

19-113-B5 \$52.00

PORTABLE WATER TANK

PORTABLE WATER TANK -- Haul liquids in your truck. Ideal for construction sites, feeding livestock or mixing fertilizers. Use anywhere water is scarce. Made of rugged PVC coated nylon, this tank resists chemical contamination, mildew, rot, and solar heat exposure, including temperatures of 40 degrees below zero. Plus it's approved for drinking water for human consumption.

73 Gal. Tank (40" x 50" x 12")

14-503-B5

\$270.00

525 Gal. Tank (65" x 98" x 18")

14-504-B5

12' X 16' POLYETHYLENE TARP -- Lightweight, rugged, and resists abrasion, water, mildew and rot. Grommets spaced every 3 feet. 12' X 16'.

14-506-B6

\$25.50

PRESSURE WASHER

PRESSURE WASHER -- Heavy duty bronze and monel pump delivers 3.0 gpm at 700 psi at the wand or can be cut back to less than 1 gpm at 70 psi. An ideal model for applying, then blasting off acid. The operator has control of pressure at the gun and can switch from off-water-rinse-mix-concentrate. Water supply connects to standard 3/4" garden hose. Flexible vinyl drip tube can be easily and quickly changed from one drum of chemical to another. Any water soluble cleaner or acid can be used. Equipped with chemical injector to permit low pressure chemical application downstream of the pump. Pressure washer with 50' Pressure hose.

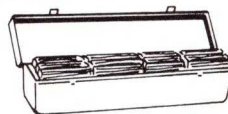

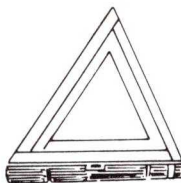

14-245-C3

\$1450.00

Extension Wand (4' Heavy Duty)

14-247-C3

33.00

TRIANGULAR FLARE KIT -- Complies with FMVSS 125. Fluorescent orange, high impact plastic with bright reflectors. Spring steel base for stability in 40 m.p.h. winds. Kit includes three safety triangulars in a plastic case. 17" triangle.

14-502-B5

\$22.00

CONTRACTOR'S TOOL BOX

48" Long, 30" Wide, 26" High at front, 30" High at Rear.

on the job

in your pick-up

CONTRACTOR'S TOOL BOX -- Made from heavy gauge steel, this box could be the best investment you ever make. Protect your tools and equipment; eliminate transporting them back and forth to the job. Hinged lid has safety arm which locks lid open. Bon's contractor tool boxes have an 8" wide inside tray, lock hood, and two sturdy carrying handles. Available with casters for easy handling on interior jobs.

LOADING RAMPS

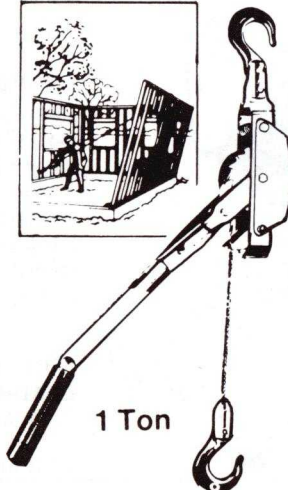

LOADING RAMPS -- Lightweight all aluminum construction. Easy to handle and maintain. Tough, non-slip surface. Capacity is 700 lb. each of 1400 lb. per pair, 10' long, 19" wide. Sold in pairs.
14-311-C3 \$345.00/pr.

HOIST-PULLER -- Will easily lift one ton weight 12 feet. Built to perform. Double-locking and driving panels of heat-treated steel are independently sprung to insure proper alignment with ratchet wheel teeth. Load is centered. Locking and lifting pressure is applied uniformly to both sides of the cable drum. Has an 18:1 power ratio. Stainless steel springs and galvanized cable. Cadmium plated body houses all working parts. Measures 8-1/4" long by 2-1/4" wide. Weighs 8 lb.

14-437-B5 \$46.50

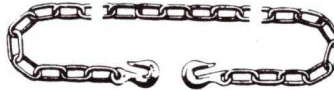

1 Ton

TOOL BOXES -- Made from heavy, 14 gauge sheet steel with a single piece main body construction. Three extra duty fast acting pin hinges. Super strong 12 gauge mounting brackets. Other features include: locking safety hasps, lid prop with lock, inside trays, lifting handles and clearance between tool box and truck bed for maximum utilization of bed space. Models to fit both mini and standard size pickups.

TOW CHAIN

TOW CHAIN -- 20' welded chain with hooks on both ends. 13/32" diameter, Grade 40 (high test) self color.

14-683-B5 \$41.95

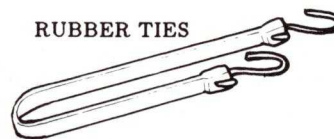

RATCHET STRAP

RATCHET NYLON BELT STRAP -- Quickly adjusts to 15' to hold down material or equipment. Ratchet will hold up to 1000 pounds of pressure.

14-684-B5 \$28.00

RUBBER TIES

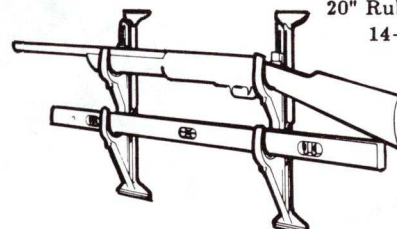

RUBBER TIES -- Durable rubber straps have metal "S" hooks for easy fastening. Sold in package of 10 only.

15" Rubber Ties

14-681-B6 \$10.95/pkg.

20" Rubber Ties

14-682-B6 13.80/pkg.

LEVEL RACK

LEVEL RACK -- Fully adjustable, fits most vehicles without alterations. Heavy duty steel and plastic frame. Cushioned yokes for support and protection of levels. Also ideal for carrying guns and fishing equipment.

14-459-B7 \$11.50

AEG

TUCKPOINTER'S GRINDER

LIGHTWEIGHT TUCKPOINTER'S GRINDER -- Designed for one hand control, this compact tuckpointer grinder is excellent for removing old mortar from joints. Features hardened bevel gear and pinion sets, permanently lubricated bearings, well-balanced design and low profile metal gear boxes. Thumb controlled instant release switch for added safety. 115 V, 3 amps, 10,000

rpm. Uses 4 1/2" diameter blade with 7/8" - 11 arbor. Kit contains: side handle, wheel guard, depth gauge, open end wrench, hook spanner wrench, flanges and clamping nut, one 4" blade and a steel carrying case.

14-243-B3 \$154.00

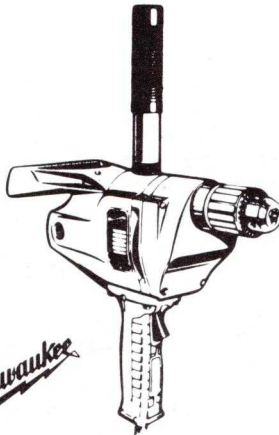

ABRASIVE TUCKPOINTER BLADE

4 1/2" x 3/32" 14-244-B7 \$2.65 ea.
Ten or more 2.50 ea.

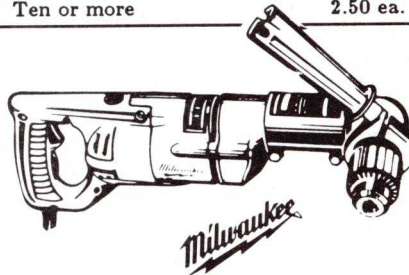

TUCKPOINT GRINDER -- Cleans old or loose mortar from joints quickly and easily. The 8" x 1/4" blade penetrates 2 1/2" at a speed of 4000 rpm. All ball bearings with a large comfortable grip - includes dust free switch and steel blade guard. 14-240-B2 \$399.00

ABRASIVE BLADES -- High performance & value for all tuck point grinders. 8" x 1/4" Blade 14-241-B7 \$10.95 ea.
10 or more 10.40 ea.

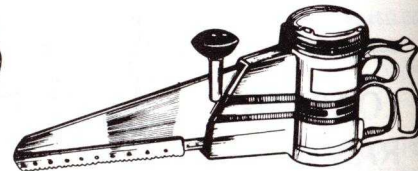

SUPER HEAVY DUTY DRILL -- Powerful and compact reversing power for toughest drilling jobs. Helical cut gears for quiet performance; heat treated, moly chrome alloy steel for high torque transmission. Pre-lubricated ball bearings. 1/2" capacity, 120 v AC/DC, 7 amps, 450 rpm. Manufacturer's #1660-1 REV.

14-160-B2 \$232.00

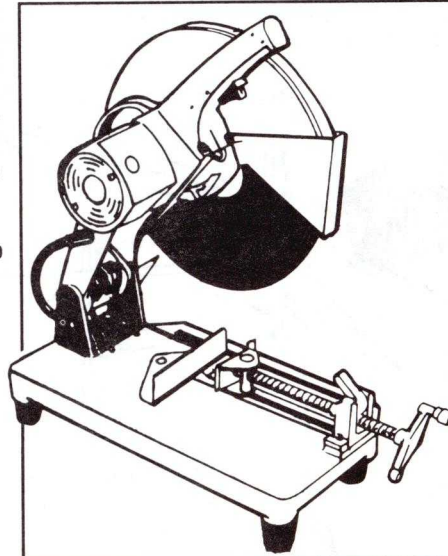

RIGHT ANGLE DRIVE DRILL KIT -- 1/2" capacity, 0-850 rpm trigger speed control and reversing switch. All ball and roller bearings. 120v (AC only), 4.5 amps, double gear train. Kit comes complete with 1/2" drill, right angle drive unit, 8' Quik-Lok Cord, side handle with clamp, 9/16" open-end wrench, knock out pin and steel carrying case. Manufacturer's #3300-1.

14-182-B2 \$280.00

ELECTRIC WELLSAW -- with inexpensive replaceable blades, this hand saw is versatile and indispensable for cutting through wood beams, nails, plaster and more. 8000 powerful 1 1/8" strokes per minute.

16" Well saw 14-234-B3 \$289.00
16" Blade Only 14-238-B3 15.95

CHOP SAW

CHOP SAW -- Powerful 14" saw will cut through a full bundle of ten 3-5/8" drywall studs in a single pass. Cuts pipe up to 45/16" diameter. Heavy duty base provides increased stability and strength. Adjustable 0-45 degree quick release vice rides on steel guides for extra strength. Powerful 15 amp, 3.5 hp motor, 120v. ac 3900 rpm.

14-266-B5 \$289.00

HAMMER DRILL -- Compact and lightweight; works as a hammer drill or drill only with trigger speed control. 0-2500 rpm, 50,000 blows/min. Designed for percussion drilling in concrete or masonry, adjusts quick and easy to lock into drilling for wood or metal. Depth gauge adjusts to drilling depth. Removable side handle. Manufacturer's #5392.

14-359-B2 \$180.00

CONTRACTOR'S SAW -- Heavy duty circular saw with ball and roll bearings. Strong, non-conductive glass reinforced nylon housing and handle. Clear line sighting and safety telescoping guard with snap-back action. 5800 rpm, 120 V (AC/DC), 13 amp and only 12 lb. 7 1/4" blade size. Manufacturer's #6365.

14-360-B2 \$183.00

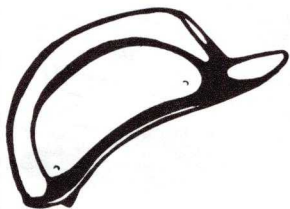

CONSTRUCTION EXTENSION CORD -- Heavy duty, #12 round orange, recommended outside drop cord. 3 wire ground. Molded on connectors for safety. UL listed.

50' 14-363-B7 \$36.50

100' 14-364-B7 65.95

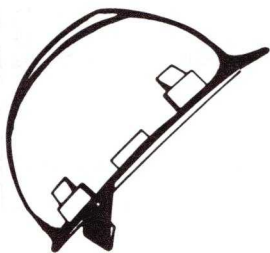

FOR YOUR PROTECTION

HEAD PROTECTION

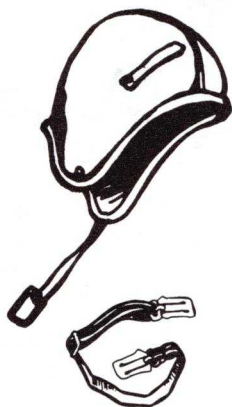

BUMP CAP -- Molded from tough, abrasive resistant thermal plastic. This lightweight cap weighs only 7 oz. Four point balanced suspension adds comfort. The full leatherette sweat band adjusts easily to head size. Choose from three colors.

Yellow 14-143-B7 \$5.90
White 14-157-B7 5.90
Orange 14-158-B7 5.90

HARD HAT -- Offers maximum protection and comfort. Meets OSHA and ANSI. Class A and B requirements. Features nylon suspension straps, to provide maximum shock absorption and comfort. Foam backed head band. Size adjustable from 6-1/2 to 8. Choose from three colors.

Yellow 14-347-B7 \$6.95
White 14-348-B7 6.95
Orange 14-159-B7 6.95

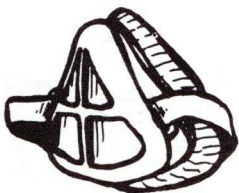

HAT LINER -- Shields out the winter cold and enables you to concentrate on your work and not the weather. Fits most hard hats.

14-315-B7 \$2.50

CHIN & NAPE STRAP -- Keeps your hard hat where you need it...on your head. Work in winds and bend over without losing your hat.

14-314-B7 \$2.80

LUNG PROTECTION

DUSTMASK RESPIRATOR -- Saves your lungs. This dust mask has a polymer plastic filter and a soft, pliable vinyl face-piece. Filters can be washed and re-used. Non-toxic, non-allergenic, simple construction.

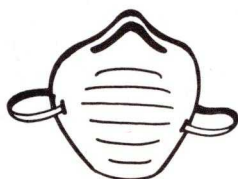

14-127-B7 \$3.50

Extra Filters (Bag of 5)

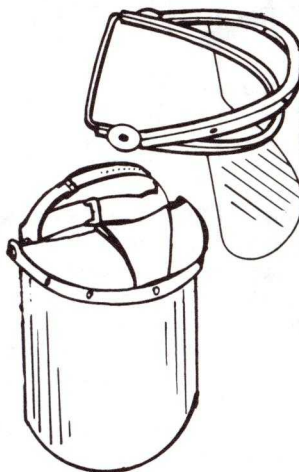

14-124-B7 2.30

FILTER MASKS -- Comfortable and lightweight, this mask protects against non-toxic dusts, powder and spray materials. Inexpensive enough to discard after one wearing, no maintenance. Box of 50.

14-121-B7 \$17.75/box

EYE PROTECTION

HARD HAT FACE SHIELD -- Provides complete face and head protection. Easily snaps on to our hard hats. Can be lifted above the head. Does not include hard hat. Clear face shield.

14-128-B7 \$14.25

UTILITY FACE SHIELD -- Provides facial protection from small flying particles, chemical splashes and similar hazards. Size is adjustable. Clear shield

14-518-B7 \$12.40

Dark green shield

14-519-B7 12.75

SAFETY GOGGLES -- Soft, flexible frames with single lens offer safety and comfort. Frame is perforated on top and side to provide ventilation and keep lens from fogging. Fits easily over glasses. Goggles have clear lenses.

14-125-B7 \$3.60

PROTECTIVE PLASTIC GLASSES -- These rugged lightweight glasses weigh 1/3 that of tempered glass. Lenses are hard coated to protect against abrasions and solvents. Comfortable saddle bridge design. Side shields are flat fold plastic.

14-553-B7 \$7.25

CURVED SAFETY GLASSES -- The curved shape of these glasses provides the user with maximum range of vision. Built to fit most face sizes, can be worn over eye glasses. Sold in package of six only.

Pkg of 6 14-554-B7 \$9.20

EAR PROTECTION

HEARING PROTECTOR -- Normal speech and warning signals can be heard when wearing protector, but bothersome noises are muffled to a safe level.

14-423-B7 \$13.95

EAR PLUGS -- Vinyl ear inserts are comfortable and effective for moderated noise levels. Can be cleaned and sterilized. Extra long tab for easy insertion and removal.

Small 14-494-B7 \$1.55

Medium 14-495-B7 1.55

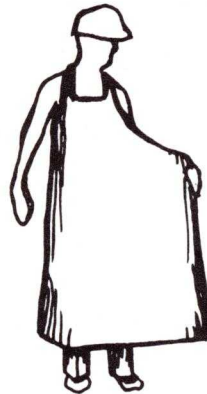

FOR YOUR PROTECTION

PROTECTIVE CLOTHING

-- This two piece suit protects you from rain, wind and dampness. The 10 mil P.V.C. is tough with welded seams that will not leak. Vented under arms and back with overhanging flap. Overalls are bib style with over the shoulder elastic gore suspenders. Snap closure front fly. Safety bright yellow. Styled for comfortable movement. Choose from four sizes.

Small	14-384-B7	\$9.75
Medium	14-385-B7	9.75
Large	14-386-B7	9.75
X-Large	14-387-B7	9.75

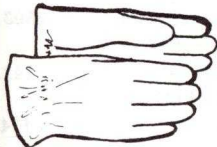

NEOPRENE APRON

NEOPRENE APRON -- Heavy double coated neoprene with belly band over 13 mils thick, calendered and cured right into apron. Has adjustable self material neck strap. Apron preferred by refractories and large contractors. Built to be rugged yet comfortable.

14-464-B7 \$17.25

MULTI-PURPOSE GLOVES

COWHIDE GRAIN GLOVES -- Soft grain cowhide leather comfortable, long lasting. Driver pattern. Straight thumb with thumb shield to protect seam for extended wear. Shirred elastic back. Gunn cut.

Small	14-444-B7	\$12.95
Medium	14-449-B7	12.95
Large	14-440-B7	12.95

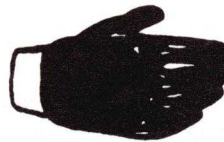

LEATHER PALM GLOVES -- Split cowhide leather palm and thumb, fingertips and knuckle strap. Elastic wrist strap. Waterproof safety cuff. Size large.

14-442-B7 \$6.25

COTTON JERSEY GLOVES -- General purpose; brown jersey bonded to red cotton fleece lining. Popular slip on style. Gunn cut. Size large.

14-441-B7 \$2.95

NEOPRENE COATED GLOVES -- Fully coated industrial weight gloves. Sanitized and multi-dipped for added protection. Reinforced thumb crotch. Knit wrist.

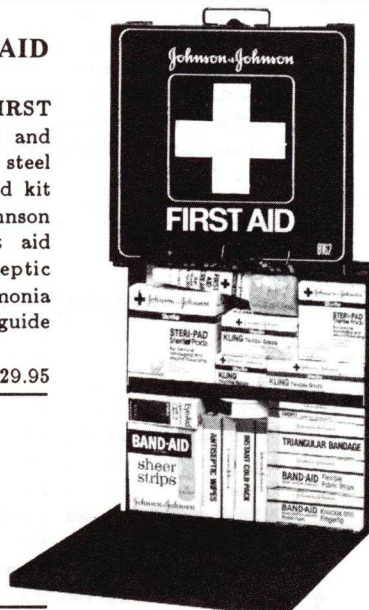

14-443-B7 \$5.75

FIRST AID

CONSTRUCTION FIRST AID KIT -- Compact and portable, waterproof steel case. 6 person first aid kit contains Johnson & Johnson adhesive bandages, first aid tape, gauze, antiseptic swabs, sterile pads, ammonia inhalants, first aid guide booklet.

14-438-B5 \$29.95

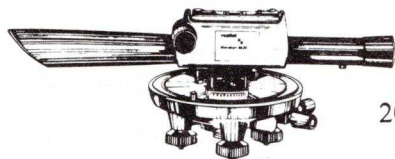

MULTI-PURPOSE FIRST AID KIT - 25 person, steel case is waterproof, rust resistant and may be carried by hand or wall mounted. Has movable shelves, extra storage space and a labelgram for inventory use. Kit contains adhesive bandages, sterile pads, Red Cross bandages, first aid tape, cleansing wipes, ammonia inhalants, triangular bandages, non adhering dressing, first aid spray and cream, eye irrigating solution, tourniquet, elastic bandages, scissors, tweezers and a first aid guide booklet.

20 POWER

ECONOMY LEVEL -- In its price class no other instrument has the precision and features of this level. This 20 power optics, 10-1/2" scope has a built in sunshade and focuses with either hand. Transparent vernier permits reading to 15 min. Leveling plate rotates on bronze bearing for smooth, precise alignment. Clamp and tangent screw make extra fine adjustments easy. Built for simple operation and rugged on the job reliability. Comes with case, plumb bob and instructions. Order tripod 14-733-B3 or 14-735-B3. 14-151-B3 \$256.00

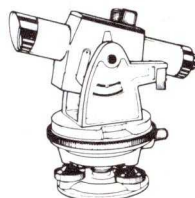

AUTOMATIC LEVEL -- Circular bubble for quick leveling. Three screw leveling system allows for easy adjustments. Easy to read numbers direct to single degrees with one quarter estimates. Recommended for job range up to 300 feet and requiring accurate readings within 1/16" at 100 feet. Telescope is 7.17" with 22x power. Compensator adjusts for jolts to the instrument so the level line stays true. Comes with case, plumb bob and instructions. Order tripod separately. 14-213-B3 \$569.00

EXTENSION TRIPOD
14-741-B3 \$152.00
STIFF LEG TRIPOD
14-740-B3 118.75

ECONOMY LEVEL / TRANSIT -- Low cost level transit is ideal for the builder/contractor needing versatility at a modest price. Instrument has many outstanding features. The 10-1/2" has a built in sunshade and 20 power optics. Positive lock provides point leveling action. Vertical and horizontal clamp screws with dual micrometer adjustment by tangent screws. Level transit can be used to set elevations, plumb walls and uprights, run curb lines plus a lot more. Complete with carrying case, plumb bob and instructions. Use tripod 14-733-B3 or 14-735-B3. 14-154-B3 \$346.00

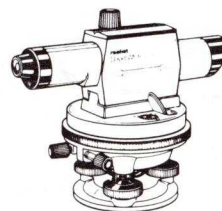

AUTOMATIC LEVEL TRANSIT -- This unique combination model does the work of two instruments. It can be used as an automatic level as well as a transit. Positive 3 point locking system secures telescope in true level when instrument is used as an automatic level. Versatile and accurate this rugged 18x level transit will save you time, increase accuracy beyond what a manual level provides, decrease downtime and cut operating costs. Recommended for jobs requiring leveling accuracy of 0-1/4" at 100 feet. Comes with case, plumb bob, and instructions. Use tripod 14-734-B3 or 14-736-B3. 14-640-B3 \$521.00

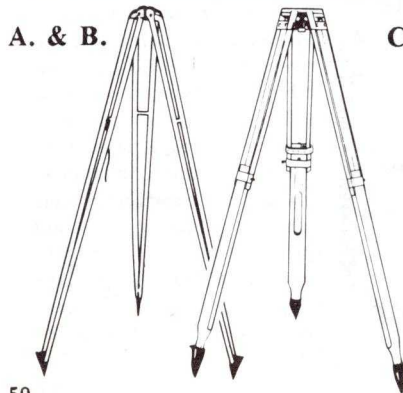

26 POWER

UNIVERSAL LEVEL / TRANSIT -- A reinvention of the most popular level transit ever. Reliable and compact, it has a short scope and solid stance for to the point accuracy. Bold white on black circle and arc are easy to read. Dual row ball bearing center with permanently lubricated inner and outer races. Designed to protect against dirt and damage. Solid brass 3-point locking system provides balance and support. Accuracy within 0 to 3/16" at 150 feet. Telescope is 8" with 26x power. Smooth as silk, rugged and dependable. Comes with case, plumb bob and instructions. Order tripod separately. 14-211-B3 \$593.00

STIFF LEG TRIPOD
14-742-B3 114.00

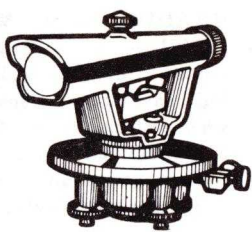

AUTOMATIC LEVEL -- These levels have a compensator which automatically locks in a level line of sight. If the instrument is slightly jarred, the level compensator will correct the reading without having to stop and reset your level. This instrument provides a wide field of view with a big sharp image and 18 power magnification. Also featured on this level is a horizontal circle, sharply graduated for horizontal angle measurements direct to single degrees with estimations to one-quarter degree. A circular bubble mirror lets you check the bubble position without moving your eye from the eyepiece. Recommended for jobs requiring leveling accuracy within 1/4" at 100 feet. Comes with case, plumb bob and instructions. Use tripod 14-734-B3 or 14-736-B3. 14-638-B3 \$417.00

CEMENT FINISHING TOOLS

EXTRUDED

MAGNESIUM FLOATS -- Gives you the proper floating action. Made from very hard, fine dense grain magnesium for long life. The handle is firmly positioned for perfect balance. Blade has smooth round corners.

12" X 3 1/8"	12-182-B7	\$12.40
16" X 3 1/8"	12-184-B7	15.05
20" X 3 1/8"	12-340-B7	18.70
24" X 3 1/4"	12-341-B7	25.95
Wood float handle only		
	12-625-B7	2.25

CAST

CAST MAGNESIUM FLOAT -- Made from the finest magnesium this float is designed with just the right broken in shape. Both ends are beveled. Perfect balance.

16" X 3 1/8"	12-407-B7	\$16.20
--------------	-----------	---------

MAGNESIUM FLOATS

MAGNESIUM DARBIES -- The darby used by particular cement finishers. Lightweight and properly balanced for exceptionally easy handling. Straight darbies are 3 1/4" wide the entire length: 30" tapered darbies are 3 1/2" wide at the heel and 2 1/2" wide at the toe.

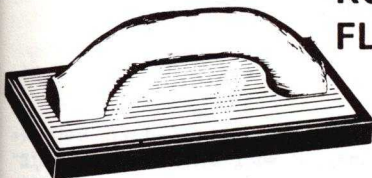

30" Straight	12-185-B7	\$32.00
30" Tapered	12-186-B7	35.00
36" Straight	12-187-B7	37.00

DOUBLE HANDLE DARBY -- Lightweight magnesium blade fitted with two comfortable wood handles. Straight 36" Long blade 3 1/2" wide.

	12-188-B6	\$39.75
--	-----------	---------

RUBBER FLOATS

RUBBER FLOAT -- With very compact and dense molded rubber face. Securely cemented to an aluminum backing and fitted with a comfortable handle.

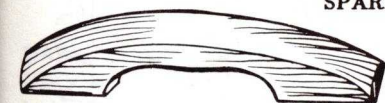

9" X 4" X 5/8"	12-278-B6	\$6.90
----------------	-----------	--------

KEYED RUBBER FLOAT -- This popular molded float is keyed to keep the rubber firmly in place. Furnished with wood handle.

8" X 4"	12-362-B6	\$7.80
10" X 4"	12-364-B6	9.80

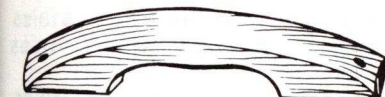

SPARE HANDLES

FLOAT HANDLE -- Drill your own holes or cement to float. Comfortable grip. 10" Long. 12-627-B7 \$2.20

FLOAT HANDLE -- Fits all types of floats, preferred by plasterers and cement finishers. 7 1/4" Long. 12-628-B7 \$2.20

DRILLED COUNTERSUNK HANDLE -- Comfortable handle drilled and countersunk for easy attachment. 10" Long. 12-626-B7 \$2.30

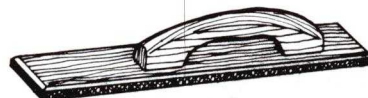

FLOAT HANDLE -- For all type floats. 9 1/4" Long. 12-634-B7 \$2.20

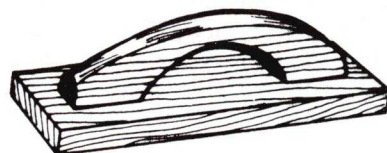

BEVELED END REDWOOD FLOAT -- Low cost, easy to use; this float is a favorite for form work. The float is beveled for work in tight areas. Made from select redwood.

15" X 3 1/2"	12-193-B7	\$4.95
18" X 3 1/2"	12-400-B7	5.25

BODARK WOOD FLOAT -- Gives a fine finish and outlasts ordinary floats. Handle is firmly bonded to blade.

16" X 3 1/4"	12-629-B7	\$9.95
--------------	-----------	--------

WOOD FLOATS -- Lightweight and low prices. Keep one in your tool bag, you'll find it useful. Choose from three types of select wood. R - Redwood, H - Hardwood.

12" X 4 1/2"	R	12-189-B7	\$5.00
12" X 5"	R	12-190-B7	5.00
14" X 3 3/4"	H	12-192-B7	5.50

LAMINATED CANVAS-RESIN FLOAT -- Made of high pressure laminated canvas resin. Extremely dense this float offers very long wear. 3/8" thick.

16" X 3 1/2"	12-630-B7	\$21.90
18" X 3 1/2"	12-688-B7	24.00

CORKED FACE FLOAT -- Cork face is cemented to knot-free wood back, with insoluble glue. Strong and lightweight. Choose from three thickness. 12" x 5"

1/2" Thick	13-133-B6	\$9.35
3/4" Thick	13-134-B6	9.75
1" Thick	13-135-B6	11.70

BRONZE GROOVER

COLORADO BIT

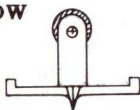

Bit Size: 1/4" W X 3/4" D
Tool Size: 6 1/2" L X 3" W
COLORADO BRONZE GROOVER -- Turned up front to eliminate drag. Preferred by many finishers.
12-582-B6 \$19.95

MEDIUM BIT

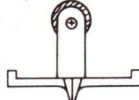

Bit Size: 5/16" W X 3/8" D
Tool Size: 5 1/2" L X 3" W
MEDIUM BIT BRONZE GROOVER -- Has a belt polished surface. Long wearing and easy to clean.
12-587-B6 \$15.25

NARROW BIT

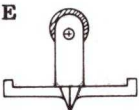

Bit Size: 3/8" W X 3/4" D
Tool Size: 6" L X 4 1/2" W
NARROW BIT BRONZE GROOVER -- Specified for many municipal sidewalks. Narrow bit that is fairly deep.
12-586-B6 \$19.30

DEEP BIT

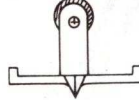

Bit Size: 1/2" W X 1" D
Tool Size: 6" L X 4 1/2" W
DEEP BIT BRONZE GROOVER -- Long wearing comfortable to use and easy to clean. Deepest cut we offer.
12-583-B6 \$22.25

LARGE BIT

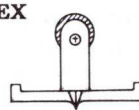

Bit Size: 3/8" W X 1 1/2" D
Tool Size: 6" L X 4 1/2" W
LARGE BIT BRONZE GROOVER -- Makes clean, sharp grooves. Comfortable to use and long lasting.
12-588-B6 \$17.40

BIG BIT

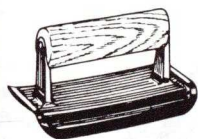

Bit Size: 7/8" W X 3/4" D
Tool Size: 6" L X 4 1/2" W
BIG BIT BRONZE GROOVER -- The widest bit we offer, but not quite as deep as the deep bit groover.
12-584-B6 \$22.60

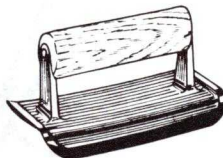

BIG TEX BIT

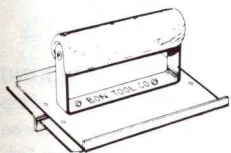

Bit Size: 5/8" W X 5/8" D
Tool Size: 6" L X 4 1/2" W
BIG TEX BRONZE GROOVER -- Belt polished surface makes clean, sharp groove. Comfortable handle.
12-585-B6 \$20.75

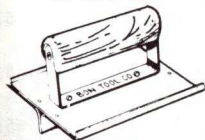

Bit Size: 5/8" Lip X 1/4" Rad.
Tool Size: 6" L X 2 3/4" W
BRONZE EDGER -- Rugged one piece edger with turned up ends works smoothly. This edger is long lasting and simple to use.
12-580-B6 \$16.10

Bit Size: 3/4" Lip X 1/4" Rad.
Tool Size: 9" L X 4" W
JUMBO EDGER -- This edger matches the long handled bronze edger. Belt finished surface with turned up ends for no drag.
12-581-B6 \$32.75

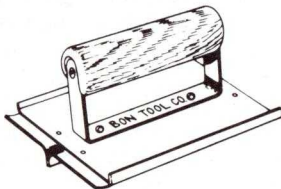

UNIVERSAL GROOVER -- Has a 6" x 3" blade and cuts a clean 1/2" x 1/2" groover. Long lasting. Rivet free.
12-590-B7 \$9.20

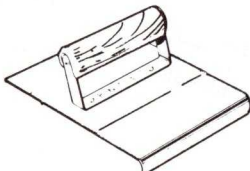

DEEP AND THIN GROOVER -- Has a 6" x 6" body with thin 1/8" wide bits on 1/4" radius. Make grooves to state and municipal specifications. All stainless steel. Rivet free. Deep, thin grooves prevent heels from catching in pavement. Choose from three bit depths.
2" 12-592-B7 \$22.50
1 1/2" 12-593-B7 20.90
1" 12-594-B7 19.80

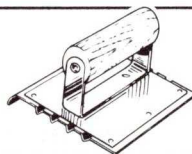

Bon Tool Co.

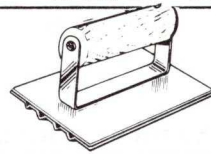

JUMBO GROOVER -- Has a 6" x 4 3/4" blade and cuts a clean 3/8" wide x 1/2" deep groove. A reliable, rivet free, stainless steel groover.
12-591-B7 \$16.75

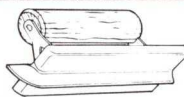

EDGER / GROOVER -- Combination edger and groover does two jobs in one. Groove is 1/4" deep and 3/8" wide. Blade is 8 3/4" wide and 6" long.
12-179-B7 \$25.30

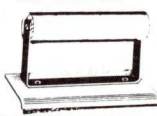

SAFETY STEP EDGER -- Makes four safety grooves and edges at the same time. Grooves are 3/4" apart. Edger has 1/2" radius and 1/2" lip. Overall size is 6" long and 4 3/4" wide.
12-475-B7 \$16.75

SAFETY STEP GROOVER -- The same as the safety step edger but without the lip.
12-476-B7 \$17.30

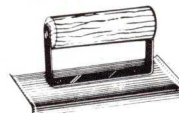

CEMENT GROOVER -- Made from stainless steel, this groover has properly shaped bit and leading edge to cut sharp groove and finish clean. Sturdy mounted handle. 6" X 3". Depth of cut is 1/2". Width of cut is 1/2".
12-349-B6 \$8.10

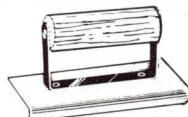

STRAIGHT ENDS
6" x 3" x 3/8" 12-347-B6 \$5.10

ONE END CURVED ONE END STRAIGHT
6 X 3 X 3/8 12-343-B6 \$5.10

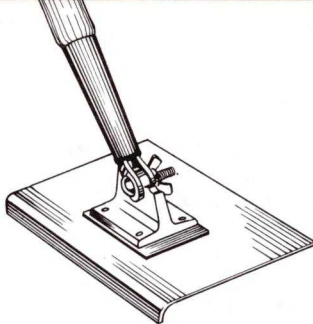

ALL ANGLE WALKING EDGER --
Made from heavy gauge stainless steel with positive lock to work at any angle. Smooth rivet free face has turned up ends to prevent forging. Comes with 5' wood handle.

10" x 3" Blade 3/4" Lip - 3/8" Radius
12-284-B5 \$39.00
10" x 6" Blade 1/2" Lip - 3/8" Radius
12-285-B5 40.50

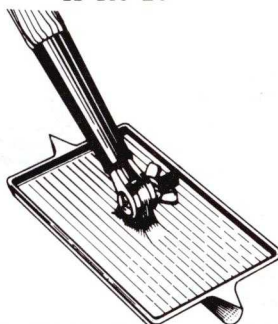

ALL ANGLE WALKING GROOVER --
Made from heavy gauge stainless steel. The reinforcing plate is electrically welded to back of the blade and holds the all angle attachment, leaving the face smooth and rivet free. Comes with 5' wood handle.

10" x 3-1/2" Blade 1/2" Deep - 3/8" Radius
12-291-B5 \$49.75
8" x 6" Blade 1" Deep - 1/4" Radius
12-292-B5 51.75

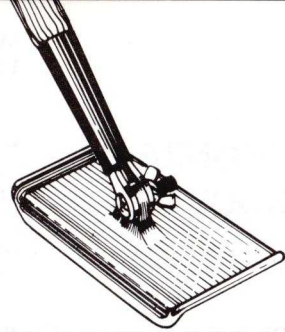

FLIP-FLOP WALKING EDGER --
Made from heavy gauge stainless steel. Handle can be tightened so you can flip it from one side to the other. Comes with 5' wood handle.

10" x 6" Blade 1/2" Lip - 3/8" Radius
12-286-B5 \$40.50
10" x 6" Blade 5/8" Lip - 1/2" Radius
12-287-B5 40.50
10" x 10" Blade 5/8" Lip - 1/2" Radius
12-288-B5 49.95
8" x 4" Blade 5/8" Lip - 1/2" Radius
12-289-B5 39.50

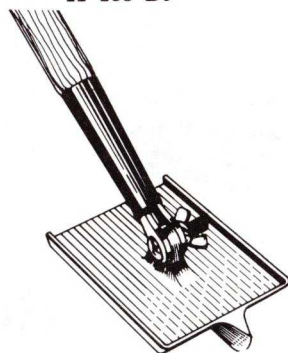

BRONZE WALKING GROOVER --
This groover has belt polished surface with turned up ends to cut clean, sharp grooves. Works in both directions. Saves time and back strain. The 3 lb. head has the weight needed to give a professional finish on any cement finishing job. Comes with 5' handle.

8" x 4-1/2" Blade 1" Deep - 1/4" Radius
12-290-B5 \$49.75

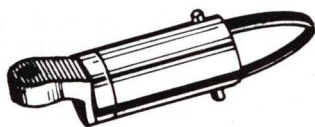

BRONZE WALKING EDGER -- Saves the back, cuts down job time, and adds to profit. Hefty 2 lb. 8 oz. head speeds work. Popular turned up ends let you work the edger from either direction. Handle locks tightly. Finely worked belt polished surface, gives smooth edges. This walking edger is long wearing, easy to clean and comfortable to use. Comes with 5' handle.

9" x 4" Blade 3/4" Lip - 1/4" Radius
12-283-B6 \$39.30

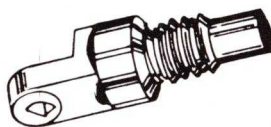

LONG HANDLE BRONZE WALKING GROOVERS -- Cuts extra deep grooves and gives a professional finish on cement paving jobs. Single turned up end and polished surface. Comes with 5' wood handle.

7-1/2" X 4-1/2" blade 1-1/2" X 3/4" bit
12-540-B6 \$42.25
8" X 8" blade 3/4" X 3/8" bit
12-541-B6 51.25
8" X 8" blade 3/4" X 1/4" bit
12-542-B6 51.25
8" X 8" blade 1" X 3/8" bit
12-543-B6 51.25
6" X 4-1/2" blade 3/4" X 7/8" bit
12-544-B6 28.50
6" X 4-1/2" blade 1" X 1/2" bit
12-545-B6 30.95

BUTTON HANDLE ADAPTER --
With this adapter you can use your bottom handles on brooms or fresno trowels.

12-259-B6 \$12.00

BULL FLOAT HANDLE ADAPTER --
Attaches to above long handle edger and groover to allow use of Bon Tool bull float handles.

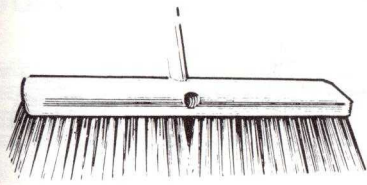

12-327-B5 \$7.20

WOOD HANDLES -- Knot-free straight-grain hardwood handle with heavy duty steel ferrule and clevis. Attaches to any brush, long-handle trowel, edger or groover. 6 ft. long.

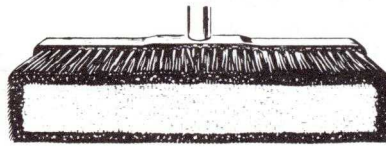

12-328-B7 \$18.20

BROOMS AND BRUSHES

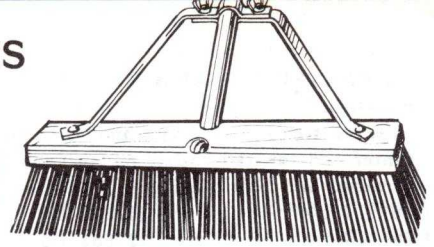

CONCRETE FLOOR BROOMS -- Lacquered hardwood block with select polyethylene 3" fibers make this broom ideal for rough sweeping on concrete or wood floors. Comes with 5' handle.

18" Broom	12-302-B7	\$13.25
24" Broom	12-303-B7	16.75
30" Broom	12-304-B7	27.75
36" Broom	12-305-B7	31.75

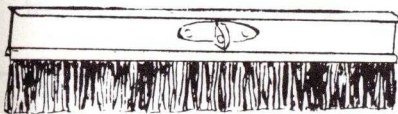

FLOOR BRUSH -- Medium-stiff Black Berlite plastic fibers in the middle with a border of soft Black Berlite plastic fibers, all trimmed to 3". Lacquered hardwood block with 5' handle. A rugged broom for rough work on concrete or wood floors.

24" Broom	12-306-B7	\$17.60
-----------	-----------	---------

HEAVY DUTY CONCRETE BROOMS -- Ideal for factory use and concrete finishing on streets and pavements. 5 rows of 4 1/2" Algil plastic fibers in a lacquered block give this broom a stiff sweeping surface. Comes with 5' handle and metal brace.

18" Broom	12-242-B7	\$16.25
24" Broom	12-300-B7	19.00
36" Broom	12-301-B7	31.50

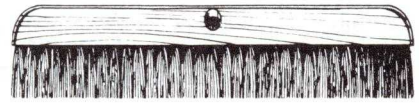

ALUMINUM BLOCK BRUSH -- Lightweight aluminum block with soft durable plastic fibers that will not mildew, bunch, separate or hold water. Can be used with extension handles; comes with bracket.

24" Brush	12-320-B7	\$33.75
36" Brush	12-321-B7	48.75
48" Brush	12-322-B7	63.50

WOOD BLOCK BRUSH -- Solid wood block with soft plastic fibers that will not mildew, bunch, separate or hold water. No need to wait for the concrete to dry out. Adaptable to extension handles; comes with bracket.

24" Brush	12-323-B7	\$29.50
36" Brush	12-324-B7	41.25
48" Brush	12-325-B7	54.50

COARSE FINISH BRUSH -- 3 rows of 3 1/4" black poly-propylene fibers for road and sidewalk work. Used by commercial and residential contractors.

24" Brush	12-351-B7	\$9.25
36" Brush	12-352-B7	21.50
48" Brush	12-353-B7	32.00

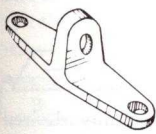

FINE FINISH BRUSH

18" Brush	12-360-B7	\$7.95
24" Brush	12-361-B7	9.25

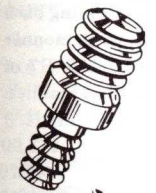

12" CURB AND STEP BRUSH -- Hardwood block with soft plastic fibers.

12" Brush	12-326-B7	\$12.90
-----------	-----------	---------

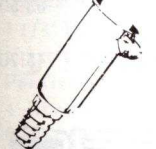

BROOM ADAPTER -- Cast aluminium adapter for above brooms.

12-319-B5	\$2.75
-----------	--------

HANDLE ADAPTER -- Fits molded thread extension handles attaches to brooms, rollers and mops with similar threading.

12-333-B5	\$2.90
-----------	--------

ALUMINUM BRACE -- Slips on 15/16" handles and screws down for a secure fit.

14-401-B7	\$2.20
-----------	--------

HANDLE BRACE -- Grips around handle on all size floor brooms to provide extra rigidity.

14-434-B7	\$1.60
-----------	--------

BLACKTOP COATER/ SQUEEGEE -- 2" stiff bristles coat roofs, driveways and more. Works sealer into cracks. 5' handle included.

11" Brush	12-297-B7	\$6.30
14" Brush	12-298-B7	7.30
18" Brush	12-299-B7	8.25

5' WOOD HANDLE -- With standard broom thread. 12-334-B7 \$2.50

5' WOOD HANDLE -- With tapered end. 12-332-B7 \$3.15

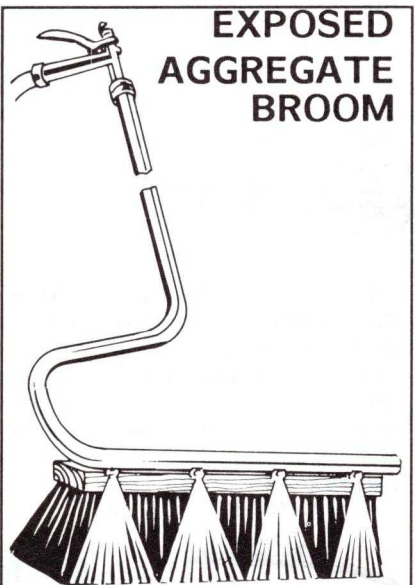

TELESCOPING BROOM HANDLE -- Lightweight aluminum; positive lock-in adjustment.

4 1/2' to 8'	12-329-B6	\$16.25
7' to 11 1/2'	12-338-B6	24.95

TELESCOPING FIBERGLASS HANDLE -- Fits all standard broom threads.

6' to 12'	12-330-B6	\$23.95
-----------	-----------	---------

EXPOSED AGGREGATE BROOM -- Water sprays through four plastic ports to wash off the excess material and expose the aggregate. The bassine and nylon heavy duty broom is replaceable.

18" Wide. 48" Handle.	12-331-B6	\$67.50
-----------------------	-----------	---------

BULL FLOATS

LAMINATED POPLAR BULL FLOAT -- Preferred by many professional contractors. Just the right porosity, strength and wear resistance to produce a quality finish. 1 3/4" thick in the center and tapered to 5/8" on both ends. Uses all Bon Tool threaded bull float handles.

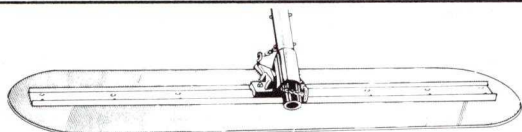

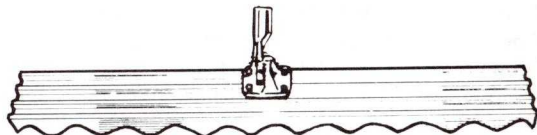

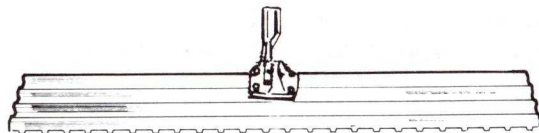

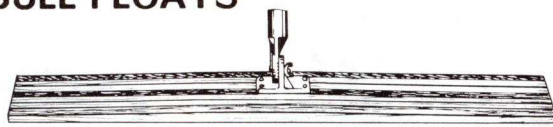

48" X 7 1/4"	12-531-B6	\$91.00
60" X 7 1/4"	12-532-B6	98.00

CORRUGATED RAMP BULL FLOAT -- Makes 3/8" deep by 3/8" wide penetrations on 2" to 2" center spacing. Meets the handicap ramp specification of many states. 42" long, 8" wide. Bracket included. Use any of our bull float handles.

12-517-B5	\$172.00
-----------	----------

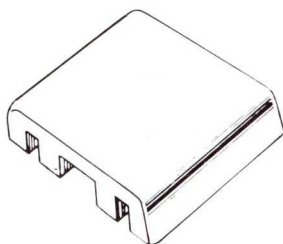

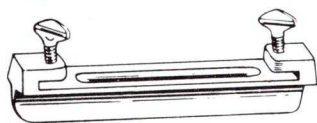

RUMBLESTRIP BULL FLOAT -- Makes a wave pattern on 4 1/2" center to center. Measurement from high point of the peak to low point of the valley is 1 1/8". Radius is 1". Overall size is 48" x 8". Cast Aluminium. Meets many states specifications for shoulder and median areas.

12-518-B5	\$209.00
-----------	----------

BIG BLUE BULL TROWEL -- The 48" x 12" flexible blue steel blade has round edges for a super smooth finish. Eliminates power troweling when a broom finish is specified. Bracing channel keeps trowel straight and warp free. Equipped with an All-Height bracket enabling user to work at a comfortable hip level. Uses Bon Tool button handles.

	12-533-B6	\$205.00
Replacement Blade	12-530-B6	45.00

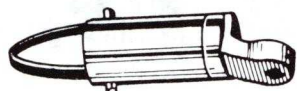

FRESNO GROOVER ATTACHMENT -- Cast Bronze groover attachment slides on fresno to make grooves 3/4" deep, 3/8" wide at the top, with a 1/4" radius. Mount as many as needed to make parallel grooves.

12-535-B6	\$9.65
-----------	--------

FRESNO / BIG BLUE WEIGHT -- Designed to fit on our fresno and Big Blue Bull Trowel. Fits on channel; no bolts or clamps.

12-534-B6	\$8.45
-----------	--------

BUTTON HANDLE ADAPTER -- Attaches to above fresno trowels. Works with our button bull float handles.

12-259-B6	\$12.60
-----------	---------

FRESNO TROWEL ADAPTER -- Attaches to all our fresno trowels. Works with any of our threaded bull float handles.

12-327-B5	\$7.20
-----------	--------

ALL ANGLE FRESNO TROWELS -- Made from the highest grade spring steel; tempered ground and polished. The blade is securely attached to steel mounting. All angleswivel enables handle to be used in any position. Handle not included, use either wood handle 12-328-B7 or adapter 12-327-B5 and threaded bull float handles.

ROUNDED ENDS

24" X 5"	12-422-B6	\$36.40
30" X 5"	12-423-B6	39.50
36" X 5"	12-424-B6	44.65
SQUARE ENDS		
30" X 5"	12-180-B6	38.50

LOCKING ALL ANGLE FRESNO -- Locks to any desired position. Perfect for walking along sidewalks and fanning back and forth. Carbon steel blade firmly attached to steel mounting. Handle not included. Use wood handle 12-328-B7 or adapter 12-327-B5 and any of our threaded bull float handles.

ROUND ENDS

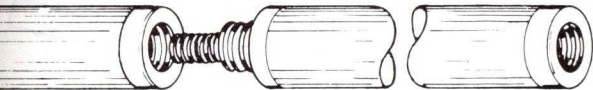

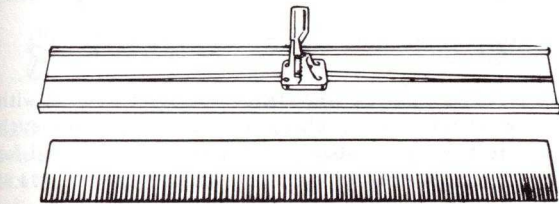

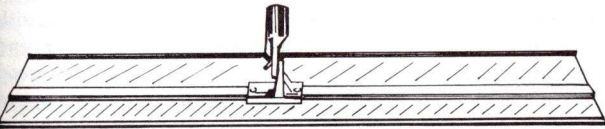

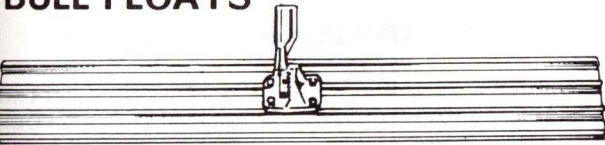

24" X 5"	12-536-B6	\$43.00
30" X 5"	12-537-B6	45.70
36" X 5"	12-538-B6	53.50
SQUARE ENDS		
30" X 5"	12-539-B6	45.70

WOOD HANDLE -- Attaches to above fresno trowels. Knot free, straight grain.

12-328-B7	\$18.20
-----------	---------

BULL FLOATS

1 3/4" DIAMETER HANDLES -- Made from extremely light-weight and strong aircraft alloy. Large molded threads makes joining and separating easy. No coupling needed.

- | | | | |
|---------------------|---------|--------------------------|---------|
| 4' Handle 12-114-B7 | \$19.50 | | |
| 5' Handle 12-116-B7 | 22.50 | The following shipped by | |
| 6' Handle 12-115-B7 | 24.85 | truck only: | |
| 8' Handle 12-106-U7 | 30.95 | 10' Handle 12-107-C7 | \$36.25 |

COMBINATION TELESCOPING HANDLE -- Use with either standard threaded bull float bracket or the button type bracket such as the Hustler. One end has standard male thread and the other has the button adapter. Telescoping from 7' 10" to 14' 8". All in one handle. Large tube is 1 3/4" dia. A great item.

BUTTON-TYPE HANDLES -- Lightweight aluminum, snap-type bull float handles for use with Hustler bracket. 1 3/4" diameter.

- | | | |
|-----------|-----------|---------|
| 4' Handle | 12-264-B7 | \$18.00 |
| 6' Handle | 12-265-B7 | 24.95 |

1 1/4" DIAMETER HANDLES -- Rugged handles made from aircraft alloy. Molded round threads that won't cross thread. Positive locking, no coupling. Will join with 1 3/4" handles.

- | | | |
|-----------|-----------|---------|
| 4' Handle | 12-295-B6 | \$20.85 |
| 6' Handle | 12-296-B6 | 26.70 |

NON-CONDUCTING HANDLE -- When working near electrical wire, this handle should always be used. Will not conduct electricity. Will attach to aluminum extension handles.

- | | | |
|-----------|-----------|---------|
| 6' Handle | 12-276-B6 | \$41.00 |
|-----------|-----------|---------|

MAGNESIUM BULL FLOAT -- Made from a special light-weight alloy extrusion for long wear and durability. Double rib design adds extra strength and will not warp. The face is slightly curved to prevent snagging. These floats are made from magnesium so they work the slab smoothly without any cement cling. Properly balanced for working ease.

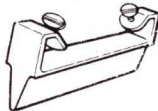

- | | | | |
|--------------------|---------|-----------------------|---------|
| 36" X 8" 12-505-B7 | \$72.70 | 48" X 8" 12-355-B7 | \$96.95 |
| 42" X 8" 12-256-B7 | 90.35 | 60" X 8" 12-506-B7 | 121.00 |
| 45" X 8" 12-257-B7 | 91.95 | Extra brkt. 12-376-B7 | 19.50 |

ALUMINUM BULL FLOAT -- Improved, lightweight bull float with reinforced cross section and husky backbone to prevent warping. Slightly curved broken-in shape.

- | | | |
|--------------------|-----------|---------|
| 42" X 8" | 12-111-B6 | \$84.00 |
| 48" X 8" | 12-112-B6 | 96.00 |
| 60" X 8" | 12-113-B6 | 105.00 |
| Extra Bracket Only | 12-377-B6 | 21.00 |

MAGNESIUM COMBINATION BULL FLOAT -- Half the face is corrugated, the other half is smooth. Corrugated surface penetrates freshly poured concrete, forcing coarse rock aggregate well below surface in forward stroke and restores smooth finish with return stroke. Furnished with bracket.

- | | |
|---|--------------------|
| Corrugations on 3/8" center; Approx. 1/16" penetration. | |
| Float size 38" x 6 1/2" | 12-420-B6 \$129.00 |
| Corrugations on 3/8" centers; Approx. 1/8" penetration. | |
| Float size 40" x 7 1/2" | 12-421-B6 145.00 |

BRONZE GROOVER ATTACHMENT -- Fits on both magnesium and aluminum bull floats shown above. Converts bull float into a long handle groover. Attach as many as needed to make parallel grooves.

- | | |
|-------------------------|-------------------|
| 1/2" Wide X 1" Deep | 12-260-B6 \$13.40 |
| 1/2" Wide X 1 1/2" Deep | 12-261-B6 16.50 |

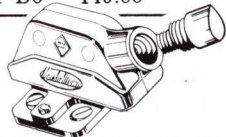

HUSTLER BULL FLOAT BRACKET -- Float pitch is controlled with a single turn of the handle enabling the user to work at hip height. Reduces back strain. Bracket fits two-hole bull floats. See below for 4-hole bull float adapters.

BUTTON HANDLE ADAPTERS -- Allows a combination of threaded and button-type handles to be used.

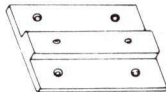

- | | |
|----------------|-------------------|
| Male Adapter | 12-267-B6 \$12.50 |
| Female Adapter | 12-268-B6 12.50 |

MARSHALLTOWN AUTO-JUST BRACKET -- Changes pitch automatically. Saves time, effort and back strain. Front edge automatically lifts to the correct pitch when you push the float across the concrete slab. Automatically changes pitch when you pull back. No need to raise, lower or twist the handle. 12-317-B6 \$55.00

FOUR-HOLE ADAPTER -- Converts 4-hole bull float to 2 hole. Use with Bon Tool or Marshalltown Bull Float

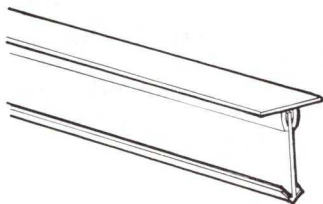

- | | |
|--|-------------------|
| Use with Bon Tool or Marshalltown Bull Float | 12-269-B6 \$10.90 |
| Use with Goldblatt Bull Float | 12-270-B6 10.90 |

CONCRETE STAMP -- Identify your work with a long lasting impression. Increase your business. Made from bronze with deep gothic-style lettering. Choose from three shapes. Additional year-date inserts are \$6.90 each. Allow 6 - 8 weeks for delivery. Include name, trade, year, city and state. Payment must be included with written order.

Oval 5 1/2" X 10"	14-605-B2	\$110.00
Oval w/ Flat Ends 5" X 9"	14-606-B2	95.00
Rectangle 6" X 9"	14-607-B2	110.00

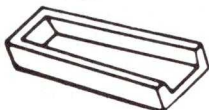

ZIP STRIP

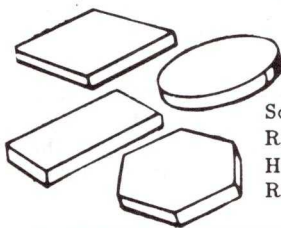

ZIP STRIP -- T-shaped control joint virtually eliminates random cracks in flat slab concrete surfaces. After the pull-top is removed and the concrete finished, the result is a neat, trim, hair line "early crack". Zip Strip is inserted into the concrete right after tamping and floating while surface is still wet. 10' long strips sold in boxes of 50 only.

42" 14-475-B6	73.65	

REBAR CUTTER BENDER

REBAR CUTTER-BENDER -- Made of rugged cast iron with a 54" steel handle. Built for heavy duty use, will cut or bend reinforcing steel up to 3/4" in diameter. Mounted on a wood board. Saves time and money. Weighs 70 lb. Can be shipped UPS.

12-359-U5	\$357.00
Replacement Cutting Jaws	12-367-B5 48.50

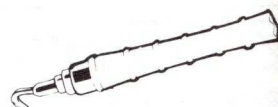

HEAVY DUTY REBAR BENDER -- Heavy cast head with tubular steel handle and rubber grip. Built to provide enough leverage to bend 3/4" rebar. A handy, quick method for bending rebar. Weighs 9 lb.

12-433-B5	\$24.95
-----------	---------

AUTOMATIC WIRE TWISTER

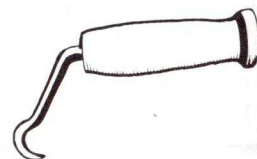

-- The quickest way to twist wire ties. A couple of pulls on the 10" handle turns the hook.

12-365-B7	\$19.95
-----------	---------

WIRE TWISTER -- Two or three twists and tie is completed. Hardwood pistol grip handle. This tool is designed to tie wire quickly.

12-378-B7	\$4.40
-----------	--------

PLASTIC TIE WIRE REEL

-- Bright safety yellow colored reel fits comfortably onto any standard belt.

12-379-B7	\$21.95
-----------	---------

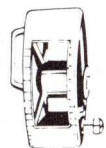

POLY REEL

ALUMINUM TIE WIRE REEL

-- This holder is designed to handle 12 to 18 gauge annealed tie wire. Use either right handed or left handed.

12-369-B7	\$29.75
-----------	---------

CAST ALUMINUM

TIE WIRE -- 16 gauge annealed tying wire. Works well with above twisters and reels. 336' per roll. 3 1/2 lbs.

12-401-B7	\$4.65
-----------	--------

16 GAUGE

SIDE CUTTING PLIERS -- Designed for cutting annealed tie wire. Hook handle for non-slip grip.

14-540-B7	\$21.50
-----------	---------

IRONWORKER'S PLIERS -- Beveled nose design for cutting wire for tying concrete reinforcing rod.

14-541-B7	\$21.75
-----------	---------

KNEE BOARDS -- Heavy duty plastic, these professional quality knee boards are durable, lightweight and easy to use. The contoured shape eliminates marring the concrete, saves on troweling time. Replaceable rubber knee pads included.
12-615-B6 \$125.00

ECONO RUBBER KNEE PADS -- Low cost rubber knee pads are comfortable to wear at a comfortable price. One piece cellular rubber construction with webbed leg strap.

12-366-B7 \$9.30

BOOTS

CONTRACTORS' OVERSHOE BOOTS -- Heavy duty rubber with reinforced soles and heavy treads to protect against slipping. 17" high. Order one size larger than work shoe.

Size 10	14-721-B7	\$24.95
Size 11	14-722-B7	24.95
Size 12	14-723-B7	24.95
Size 13	14-724-B7	24.95

SAFETY TOE VINYL BOOTS -- Durable vinyl with steel toe and shank for added protection. Non-slip, deep cleated soles and heels. Black color. 16" high.

Size 8	14-376-B7	\$23.95
Size 9	14-377-B7	23.95
Size 10	14-378-B7	23.95

PROFESSIONAL LEATHER KNEE PADS -- Made with fine quality top grain cowhide for the "pros" of the trade. Lined with contoured, waterproof felt cushions for maximum comfort.

12-101-B7 \$19.75

ECONOMY LEATHER KNEE PADS -- Made from top quality leather with less dense felt and narrower straps.

12-105-B7 12.50

HEAVY DUTY RUBBER KNEE PADS -- The best rubber knee pad available. Made from heavy rubber with double leather crisscross straps.

12-237-B7 \$18.30

COMPRESSED AIR SPRAYER

COMPRESSED AIR SPRAYER -- Ideal for spraying sealers and forms. Can be used with many corrosive materials. Features an 8" diameter polypropylene tank equipped with a large thread closure and pump barrel. Large top opening and embossed fill marks eliminate spillage and permit solution to be measured accurately. Metal "D" handle assures carrying ease. Reinforced 3/8" hose adds strength and durability. Complete with adjustable nozzle and strap.

2 GAL. CAP. (less strap)

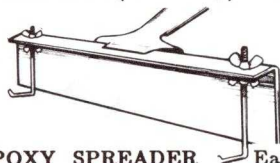

14-420-B7 \$46.60

3 GAL. CAP. (with strap)

14-421-B7 52.30

TRI-POLY LINED STEEL TANK SPRAYER --

3 GAL. CAP. (with strap) 14-422-B7 77.50

EPOXY SPREADER -- Easily and quickly adjusts to any thickness, to 1/2". 24" wide. Comes with wood handle.

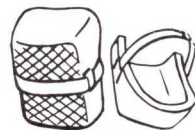

14-458-B7 \$23.10

KNEE PADS

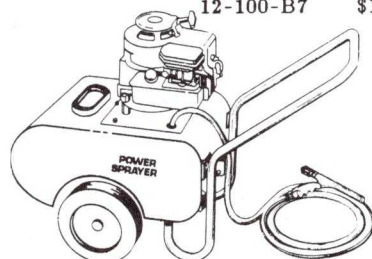

RUBBER CUSHION KNEE PADS -- Soft rubber inside cushions on a solid rubber shell offering comfort and rugged long wear. Adjustable web straps are completely embedded within the pad.

12-350-B7 \$10.95

NATURAL RUBBER KNEE PADS -- Knee fits snugly in 1/2" cushion of foam rubber. 1" wide recessed web strap secures pad to knee. Made of natural rubber so they will not mark floors.

12-100-B7 \$14.50

POWER CART SPRAYER -- 12-1/2 gallon lifetime polyethylene tank is rust and chemical resistant. Motorized with 3-1/2 hp, 4 cycle B & S Engine to get the job done effectively and quickly increasing worker production. Operates at a constant pressure of 60 psi and delivers 1 gallon per minute at full spray nozzle setting. Pistol grip spray gun adjusts from fine mist to full stream. Complete with 13' of chemical resistant hose and 10" wheels on a heavy duty steel tubing cart.

14-393-B5 \$575.00

FLOOR SQUEEGEES -- Keep floors clean and dry with our heavy duty cadmium plated steel frame squeegee. Choose from two types and two sizes. Rubber blades are 2" x 1/4" thick. Comes complete with replaceable hardwood handle.

24" CURVED 14-450-B7 \$24.75

Repl. blade 14-454-B7 10.15

36" CURVED 14-451-B7 32.95

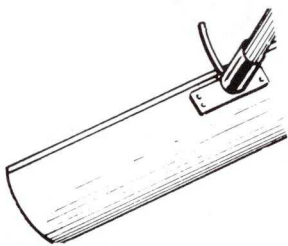

Repl. blade 14-455-B7 14.95

Repl. blade 14-457-B7 14.95

KUMALONG -- Smoothes, grades and spreads concrete better than a shovel or rake. The blade is 20" x 4" and made from 14 gauge cold rolled steel. 54" handle included. Choose from with or without hook models.

Kumalong with hook
12-131-B7 \$15.20
Kumalong without hooks
12-130-B7 15.00
Replacement Handle
12-404-B7 4.75

CONCRETE RAKE

-- Sturdy, all steel rake with teeth strong enough to lift mesh on one side, and smooth edge on the other for screeding. Blade is 4-1/2" x 22"; 54" handle.

12-132-B7 \$15.95

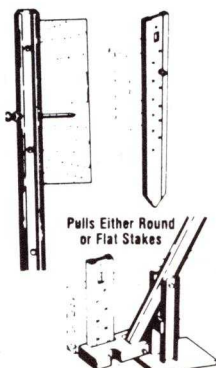

CONCRETE PLACER -- 14 gauge steel blade is 19-1/2" x 4" with reinforcing U-rib for added strength. Handle is positioned at a proper angle for working ease. All welded construction - no rivets to break loose. 54" handle.

Placer with hook
12-234-B7 \$13.75
Placer without hook
12-235-B7 13.25

ASPHALT LUTE RAKE -- Lightweight aluminum 'T' beam lute rake is rigid to assure even finish of material. Preferred by paving contractors nation-wide. Blunt pointed teeth on one side and smooth edge on the other. 36" head; 6' handle.

12-236-B6 \$41.50

STEEL STAKES -- These rugged steel stakes can be used over and over again. Stakes have nail holes for fast securing. Made of high carbon alloy steel. Sold in packages of ten only.

"I" BEAM

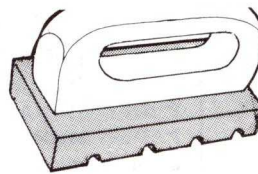

18" stakes
14-147-U2 \$30.80 pkg.
24" stakes
14-148-U2 35.70 pkg.

12-102-B7 57.20

STOMPER -- Designed specifically for cohesive (clay-like) soils. Superior impact force of 2400 lb. combined with fast forward travel of 60' - 90' per minute. Provides operator the most productive ram-type compactor available. Powerful 4.5 h.p. Chrysler West Bend Engine drives 11" wide plate at 700 blows per minute. Six cushion mounts isolate vibration from operator. Other standard features include: extra large quiet muffler; oil sight gauge; reinforced shoe; plus a whole lot more. This general purpose stomper offers superior performance at a low cost. Wgt. 120 lb.

14-383-C5 \$2,004.00

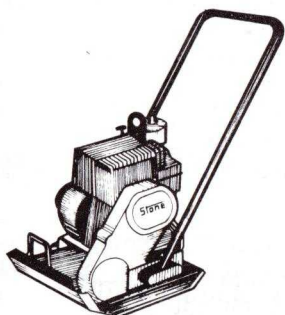

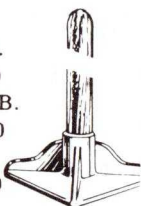

PLATE COMPACTOR -- High performance, excellent reliability and easy operation. Very popular for light weight compacting. Powerful 5 h.p. B & S drives 19" wide x 24" long plate at a maximum production of 7,125 sq. ft./hr. Eight cushion mounts on flip over handle lowers operation vibration. Thick steel plate, quality bearings, multiple seals and aluminum alloy guards are some of the outstanding features. Ideal for preparing soil for paving stone or other light weight small jobs. Wgt. 150 lb.

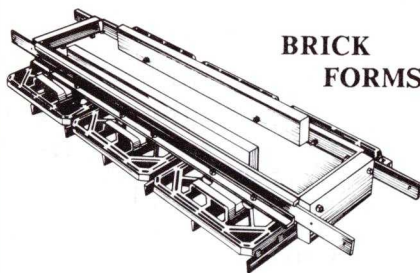

12-381-C5 \$1,380.00

DIRT TAMPERS

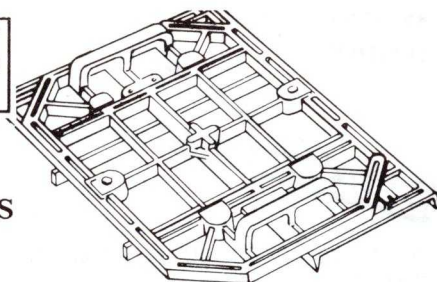

8" X 8" TAMPER 11 LB.
12-356-B7 \$26.50

BRICK FORMS

BRICK FORM GANG MODULES --

Designed to insure perfect alignment by securing together three brickform impression tools. Up to four modules can be locked together to form a single stamping tool up to 16 feet long. Use of gang modules increases speed of production and assures uniform depth of each impression. Gang modules are made of wood and metal for many years of service. Brick forms not included. Choose from two different gang modules depending on brick form being used.

PAVER'S STRAIGHTEDGE

**FRT
PPD ON
QUALIFYING ORDERS**

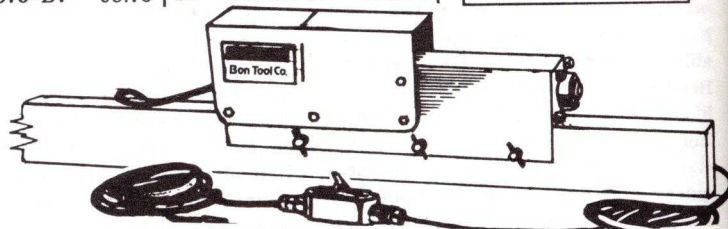

PAVER'S STRAIGHTEDGE -- Made from one piece light-weight hollow 1" x 2" heat treated aluminum w/ heavy wall. Extruded straight edges are die-straight, with flat bottom and sharp edges. Both ends are plugged to prevent build up. Complete with 10' of 1 3/4" tight locking handle.

10' (wgt. 11 lb.)	12-293-B6	\$110.00
12' (wgt. 13 lb.)	12-294-B6	118.00
6' Ext. Handle	12-115-B7	24.85

CONCRETE CART -- Rugged 8 cu. ft. capacity cart is built from heavy gauge steel. Large 4.00 x 18 tires and 35 1/2" overall width allow easy maneuvering over rough surfaces or through doorways. Will not spill. Sturdy rolling arms and perfect balance make dumping easy. The tub is 41" long, 21" wide and 21 1/2" deep. Weighs 160 lb.

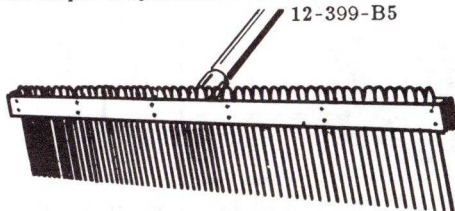

12-354-C5 \$525.00

SPEEDY SCREED -- This portable vibrating screed saves time, money and back breaking work. Attach quickly to your own screed board, up to 16' wood boards, or up to 20' aluminum or magnesium screed boards. Speedy screed only weighs 14 1/2 lb., easy to carry from one slab to the next. Works faster than manual screed board, allows a drier, stronger concrete to be poured. Levels and tamps in one pass. The vibrating action pulls in the direction of the pour. Comes with 20' of electric cord and a remote power switch. Runs on 120 volt AC 50/60 HZ 20 amps. Adjustable amplitude.

12-399-B5

\$350.00

WIRE COMB / TEXTURE BROOM -- Our heavy duty wire drag brush create a uniform rough grooved surface for no slip traction on bridges and roads. Flat steel wires are securely mounted. Choose desired center to center spacing.

POWER TROWELS

DESIGNED WITH
JOB PROFIT IN MIND

STONE POWER TROWEL

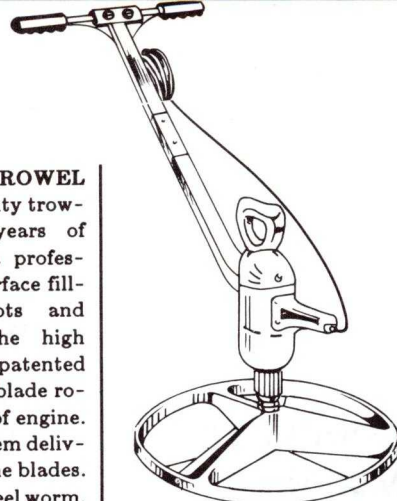

STONE POWER TROWEL

-- Rugged, heavy duty troweler designed for years of service. Produces a professionally smooth surface filling the low spots and troweling down the high spots. Exclusive patented Dyna-Clutch stops blade rotation independent of engine. Twin belt drive system delivers more power to the blades. Quality built with steel worm, bronze gear and Timken bearings enclosed in a massive aluminum gear case designed to withstand grueling hours of continual use. Equipped with 4 combination blades.

30" Power Trowel
with 5 hp B & S I C Engine
12-241-C4 \$1317.00

CONCRETE MIXER

CONCRETE MIXER -- Skilled workmanship and quality materials combine to produce these heavy duty dependable concrete mixers designed for the professional. Timken bearings, wide axle, double belt drive, long life gears and large 24" diameter hand wheel discharge are all standard. The mixer is also equipped with a thick wall towpole, safety chain and turnpike tires. These mixers offer service-free operation with safety, day after day. Illustration above shows the 6 cu. ft. model. The 4 cu. ft. is different.

6 cu. ft.

ALUMINUM CONCRETE CHUTES -- Made from 1/8" thick durable aluminum alloy and reinforced with cross braces. These chutes pivot easily for more area coverage. Supplied with adjustable chain for attaching to truck. Ideal for concrete, gravel and similar materials. 12' chute is one piece construction; 16' chute is 12' & 4' lengths spliced together.

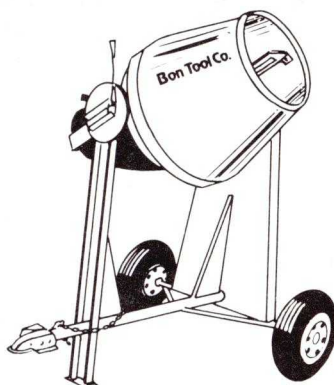

12' Chute (42 lb)	12-385-C5	\$269.00
16' Chute (56 lb)	12-386-C5	347.00

Bon Tool Co.

WHEELBARROW MIXER -- A perfect mixer for small jobs around the house or plant. Mounted on a sturdy tubular steel wheelbarrow frame with a 12" rubber tire eliminates the need for a wheelbarrow. Powered by a 1/4 hp. 60 cycle, 115 V electric motor, this handy mixer delivers a 1 1/2 cu. ft. mix (holds 2.7 cu. ft. of liquid). Watertight steel mixing drum has three steel mixing blades. Equipped with Timken Bearing. Handles slide forward for storage.

12-387-C5 \$475.00

PORTABLE TRAILER MIXER -- All steel construction, this mixer delivers 3 1/2 cu. ft. of mix, will hold 5 1/2 cu. ft. of liquid. Ten-position dump handle permits dumping on either side. Pneumatic 16" wheels and trailer hitch allows highway speed up to 45 mph. Driven by V-Belt with a 90 to 1 reduction ratio. The two steel mixing blades are detachable for replacement or cleaning. 240 pounds. 1/3 H.P. Electric motor.

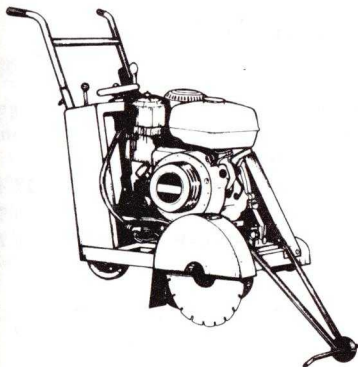

12-388-C5 \$850.00

PORTABLE MIXER -- Watertight 4 cu. ft. steel drum will mix 2 1/2 cu. ft. of material. Knocks down to three pieces. Four mixing blades for a complete mix. Shield-protected 1/4 hp electric motor drives the drum that rides on quiet Timken roller bearings. Mixer swings 360 degrees for easy loading and dumping. 140 lb.

14-141-C5 \$475.00

CONCRETE SAWS

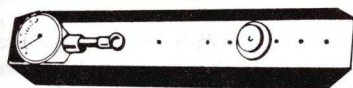

CONCRETE SAW -- Rugged, durable all-welded steel construction concrete saw. Driven by powerful 11 h.p. Honda engine mounted with weight over blade shaft to keep blade from climbing out of cut. Equipped with wide wheel track and long wheel base for increased stability and easier maneuvering, truer cuts, and long blade life. This model will cut right or left, easy change over. Full 14" blade capacity will cut 4-5/8" deep. Outstanding features include: fold down handle bar for easy transport, guard pivot for fast blade change or wall sawing, screw type positive lock adjustment for blade cutting depth, and special alloy blade shaft for added strength and longer service. Information on larger machines is available upon request. Use 12" or 14" diamond or abrasive blades listed below. 12-307-C3 \$1950.00

MID-RANGE CONCRETE SAW -- A rugged one piece, jig welded frame produces maximum rigidity for long saw life and exceptional blade performance. This saw will tackle larger straight-line jobs that are not practical for our light-weight saw. Powered by a 20 H.P. Kohler engine, this saw is designed to produce 10% more torque. 18" Blade capacity will allow a full 6-5/8" depth of cut. Equipped with pump for long blade life. Superior balance and tracking combine with an easy to read control console to make operators more efficient. Designed for reliability, convenience and top performance.

12-313-C2 \$5344.00

DIAMOND BLADE GAUGE -- Measures wear on diamond blades from 10" to 20" diameter. Measures to .001". Complete with 1" blade hub.

12-315-B5 \$115.00

STRAIGHT EDGES

ALUMINUM STRAIGHT EDGE SET -- Preferred by many tilesetters for ceramic tile installation work. Lightweight aluminum alloy angle holds its original straightness. Rigid and strong. Set consists of 5 pieces, one of each of the following lengths: 72", 58", 48", 36", and 24".

14-302-B7 \$49.45

FLEXIBLE STRAIGHT EDGE -- These spring steel straight edges are great for working in tight areas such as doorways and corners. One end is cut at 45 degrees.

18" X 2" X 1/32"	14-748-B6	\$7.45
32" X 2" X 1/32"	14-749-B6	8.60
39" X 2" X 1/32"	14-750-B6	9.75

PROFESSIONAL STRAIGHT EDGE -- Designed to stay absolutely accurate. Precision ground straight edges are made from a special spring steel alloy that will take rough daily use.

48" X 3" X 1/8"	14-744-B6	\$46.40
72" X 3" X 1/8"	14-745-B6	60.25

ECONOMY STRAIGHT EDGE -- Cold drawn steel straight edges, accurately ground and tested before shipment. One end precise 45 degree angle. Galvanized to protect against rust.

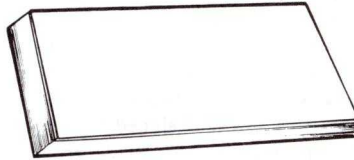

72" X 3" X 1/8"	14-746-B6	\$31.75
48" X 3" X 1/8"	14-747-B6	28.75

BEATING BLOCKS

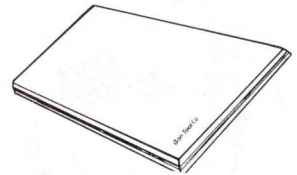

HARDWOOD BEATING BLOCK -- Smooth, kiln dried hard maple with a 45 degree mitre at one end. Finger grips grooves on both sides. 12" x 4 1/4" and 1 3/4" thick.

14-751-B7 \$9.85

PLASTIC BEATING BLOCK -- Economical, hard durable plastic block won't split or warp. 45 degree mitre on one end. Use with rubber mallet. 5 1/2" x 10" and 5/8" thick.

14-752-B6 \$6.60

RUBBER BEATING BLOCK -- Heavy duty rubber beating block with 1/8" aluminum laminated core. One end with 45 degree mitre. 5" x 9" and 5/8" thick.

14-753-B5 \$9.95

WHITE RUBBER MALLET -- Top quality white rubber will not mark tiles. Perfect for Knockdown metals. Flame-hardened wood handle.

14 Oz.	14-754-B6	\$11.50
24 Oz.	14-463-B6	13.00

TILE SCRIBE -- Carbide tipped point is long lasting. 1/4" hexagon stock tapered to a sharp tip.

14-755-B6 \$5.40

CARBIDE TIPPED CHISEL -- Forged hexagonal shank chisel made from carefully heat treated tool steel. Inserted carbide tips hold tile cutting edge much longer than tempered chisels. Hexagonal 6" shank. High quality for long service.

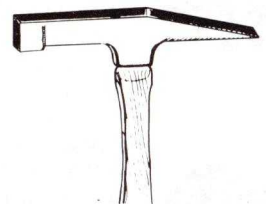

1/4" wide carbide	14-351-B7	\$4.60
3/8" wide carbide	14-352-B7	5.40
1/2" wide carbide	14-353-B7	6.90

CARBIDE TIP HAMMERS -- Handy, perfectly balanced hammer tipped with tungsten carbide for long service. will stay sharper longer. Adze eye construction. Weighs 4 oz.

Cutting edge and head tipped	14-350-B7	\$22.70
Cutting edge only tipped	14-361-B7	19.60

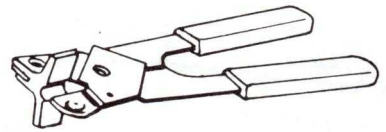

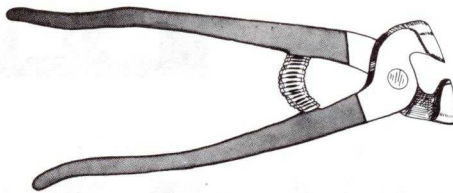

TILE HAMMERS

TILE HAMMER -- Quality forged hammer balanced for control and comfortable feel. Use for fine tile and marble work. Weighs 4 oz.

11-331-B7 \$10.25

TILESETTING TOOLS

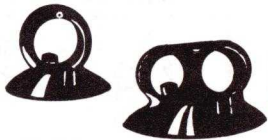

WIDE BIT TILE NIPPER -- This fine forged 8" nipper has 5/8" wide offset jaws and plastic dipped handles. Stops on the handle prevent jaws from biting together. Return spring opens jaws. Carbide tipped (illustrated)

14-466-B5 \$27.75

Plain steel (not illustrated)

14-467-B5 17.75

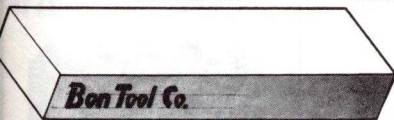

TILE HANDLERS -- Secure grip, accurate positioning and immediate release of most tiles make these handy tools a must. Convenient and fast these tile handlers will save tile layer's fingers. Ideal for lifting all smooth surface objects or raising corners.

One finger handler 2 1/8" diameter cup

14-567-B8 \$1.95

Two finger handler 3 1/4" diameter cup

14-568-B8 5.25

TILESETTERS RUB BRICKS -- High quality silicon carbide rub bricks. Use for smoothing and dressing all ceramic materials. Seven grit sizes to choose from. The higher the grit number the finer the grit. Lower numbers are more coarse. Brick size 6" X 2" x 1".

24 grit 14-293-B7 \$5.15

30 grit 14-294-B7 5.15

46 grit 14-295-B7 5.15

60 grit 14-296-B7 5.15

80 grit 14-297-B7 5.15

120 grit 14-298-B7 5.15

150 grit 14-299-B7 5.15

FLOOR TILE REMOVER -- Strips carpet, tile, linoleum, even paint from floors. Powerful motor and massive flywheel drives the blade at 3450 strokes per minute; much faster than other machines. Four side steel case protects motor and makes quiet enough to operate in hospitals, offices or schools without disturbing occupants. Weighs 54 lbs., includes 3 blades below.

14-549-U5 \$860.00

REPLACEMENT BLADES --

6" tile blade 14-550-B5 10.25

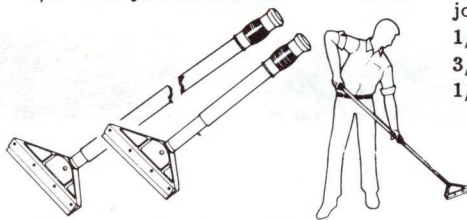

9" tile blade 14-551-B5 13.25

16" carpet blade 14-552-B5 19.50

CARBIDE TIPPED NIPPER -- Made from forged steel with carbide tip cutting edges. 8" long with plastic covers on handles. Off-set jaws are carefully hardened and polished. A return spring opens jaws; handle stops prevent teeth from biting together.

1/2" wide jaw 14-354-B6 \$24.30

5/8" wide jaw 14-355-B6 24.30

RAZOR FLOOR SCRAPER -- Equipped with a 8" replaceable razor sharp edge. The perfect tool for floor preparation. The handle adjusts and locks with a twist. Not recommended for heavy duty prying floor removal.

Adjustable 39" to 59"

14-712-B2 \$28.50

Adjustable 19" to 26"

14-713-B2 24.95

Replacement Blades --

14-714-B7 1.50

TILE REMOVAL TOOL -- This tool shaves-up most floor coverings off of concrete floors. Features a reversible blade and a cast iron weight on the end of a wooden handle. Very popular for removal of asphalt and ceramic tile. Weighs 13 lbs.

14-563-B2 \$83.25

Replacement Blade

14-564-B2 29.95

TILE CUTTER/NIPPER -- Low cost, easy to use tile cutter will score and cut tile up to 5/8" thick. Adjusts to different thicknesses.

18-406-D7 \$9.40

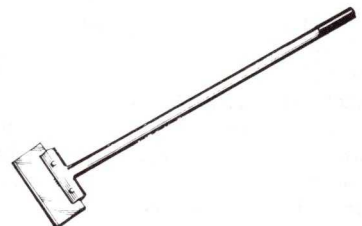

PLEXIGLAS JOINTERS -- Special tempered Plexiglas rod won't mark mortar. Perfect for finishing narrow tile joints.

1/4" 11-533-B8 \$4.40

3/8" 11-534-B8 4.80

1/2" 11-535-B8 5.55

FLOOR SCRAPER -- Features a 7" tool steel blade that shaves up all types of floor coverings on concrete or wood subfloors. 54" handle is all steel.

14-708-B6 \$33.95

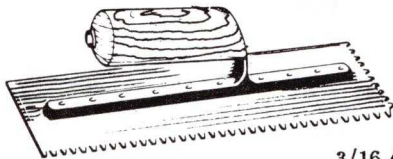

Replacement Blades --

14-709-B6 7.95

FLOOR TILE REMOVER

NOTCHED TROWELS

NOTCHED TROWELS --
The blades are made from finely tempered steel and held firmly to cast aluminum mounting with 10 rivets. Smooth, comfortable handle is tightly fitted so that it will not turn loose. All trowels 11" X 4-1/2". Straight handles.

TILESETTER SQUEEGEE

-- Designed for the professional to squeegee faster and more efficiently. will not rust or corrode. 12" Blade.

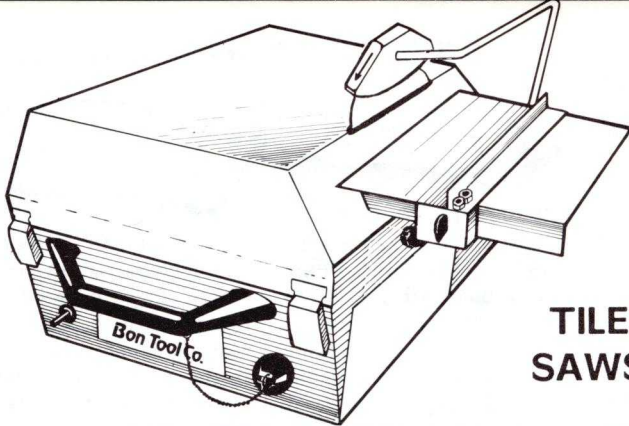

14-803-B6 \$6.75

SPACER POPPER

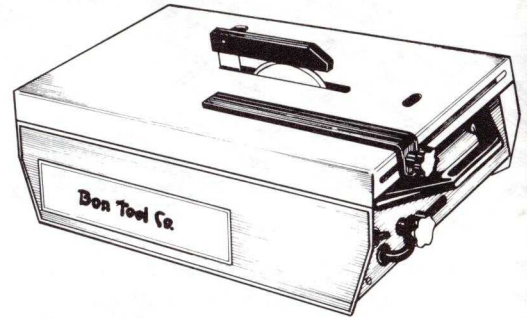

SPACER POPPER -- No more problems removing tile spacers and wedges from hard to reach corners. Specially designed for easy removal of spacers and wedges from tile joints before grouting.

14-853-B7 \$9.80

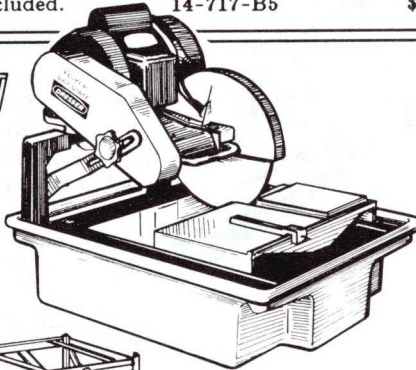

TILE SAWS

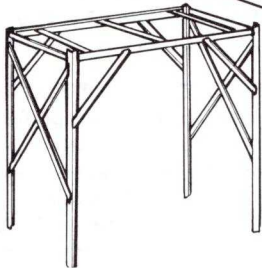

DELUXE KWIK-KUT TILE SAW -- This portable saw was designed for the professional. Equipped with a 3/4 H.P. direct drive motor, there are no belts. The water tank holds over 1/2 gallon of water to ensure self cooling of the diamond blade. No water pump required and avoids water spray. Will cut any kind of tile up to 1" thick and 12" square. Comes with bevel cutting table attachment for precise and accurate 45 degree bevel cuts. All stainless steel cutting table is equipped with a rip guide. Weighs only 55 lbs. Lightweight, portable and durable. The saw of the future. Uses 8" X .060 X 1" blade. Blade not included. 14-717-B5 \$815.00

ECONOMY KWIK-KUT TILE SAW -- Made entirely on matte finished stainless steel and powered with a direct drive, double insulated motor. Water tank ensure self cooling of the blade. Blade angle and depth are quickly adjusted from 90 to 45 degrees and will cut material up to 7/8" thick. Lightweight and durable this is an ideal saw for the semi professional or a rental store. Weighs only 30lbs. Uses 5" x .060 x 3/4" blades. Blade not included. 14-715-B5 \$510.00

FELKER

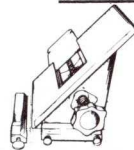

FELKER SUPER TILE MITE -- Powered by a 3/4 horse-power totally enclosed fan cooled motor, this saw is a work-horse. Heavy duty welded frame and a strong lightweight pan. Full 4" cutting depth with a 10" blade. Rugged and durable; designed for years of trouble free operation. Rip guide included. Blade not included. Uses 10"x. 060 x 5/8" Blade. 14-267-U3 \$699.00

TILE SAW STAND -- Keep yoursaw at a comfortable working height for extra production. Fast and easy set-up. 14-388-B4 \$87.40

MITERING JIG -- Specially designed for 45 degree cuts on tile from 4" to 12" wide. Eliminates trimming on corners, edges, or returns of tile installation. 14-389-B4 \$165.60

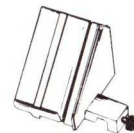

SAW ACCESSORIES -- Precision made.

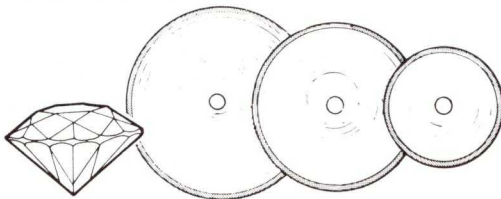

ADJUSTABLE RIP GUIDE	14-535-B4	\$17.25
ADJUSTABLE 90 PROTRACTOR	14-536-B4	18.40
DUAL 45 ANGLE GUIDES	14-537-B4	9.20

BULL NOSE MITRE GUIDE -- Cast aluminum with a thumbscrew for easy attachment to cutting tray. Makes inside/outside 45 degree angle cuts on tile corners and edges. 14-390-B4 \$12.35

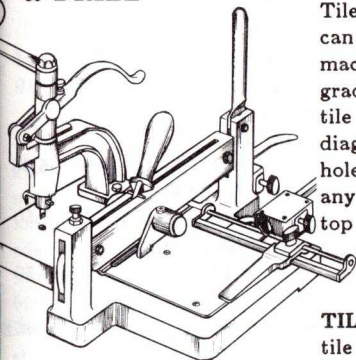

Bon Tool Co.

CONTINUOUS RIM DIAMOND BLADES -- These blades are designed for cutting ceramic tile, marble, slate, terrazzo tile, and more. Makes a smooth clean cut with no chipping. Fast cutting and long lasting.

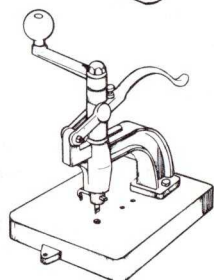

5" X .060 X 3/4"	14-304-B5	\$46.00
6" X .060 X 5/8"	14-273-B5	54.00

14" X .080 X 1"	14-305-B5	118.00

COMBINATION TILE CUTTER & DRILL

COMBINATION TILE CUTTER & DRILL -- Cutter designed to give smooth straight cuts on very hard tile. Tiles that required sawing can now be cut with this machine. Equipped with a graduated angle gauge to cut tile up to 12" straight or 8" diagonally. Drill will cut holes from 3/4" to 3 3/4" in any tile up to 12" x 12". The top of the line in tile cutters.

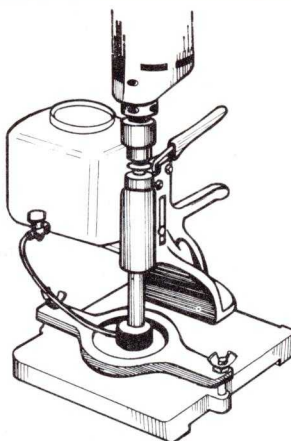

14-756-B5 \$315.00

TILE DRILL -- Cut holes in tile from 3/4" to 3 3/4" diameter in any tile up to 12" x 12". Easy to use, simply cut the back of the tile to 1/32" of the face and chip the slug out from the face. Produces a clean round hole. Peg holes on the cutting table prevent tiles from turning during cutting. Carbide tipped center drill and cutting bit.

14-757-B5 \$189.00

TILE HAND BORE WITH TANK

TILE HAND BORE -- Quick and easy to use. Produces a clean and perfect hole. Die cast aluminum with positive clamp to hold material when drilling. Equipped with a water tank. Drill and bits not included.

14-760-B5 \$174.50

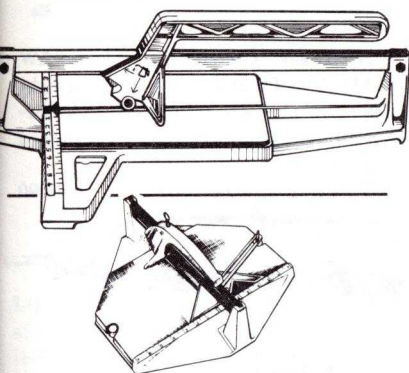

DIAMOND-TIPPED TILE CORE BIT

1 1/2" Bit

14-758-B5 \$75.00

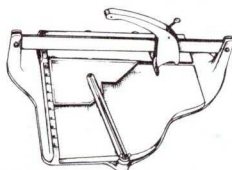

2" Bit

14-759-B5 95.60

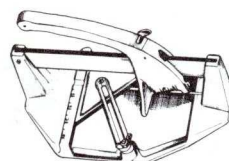

JUNIOR TILE CUTTER -- Made from die cast aluminum with a plated steel breaker bar. Will make a 12" straight cut. Equipped with a graduated scale and non-slip rubber feet for a solid base.

14-710-B5 \$62.00

MINI-JUNIOR TILE CUTTER -- Made from die cast aluminum body with non-slip rubber feet. Graduated scale. Will make an 8" straight cut. Plated steel breaker bar.

14-711-B5 \$39.50

TILE CUTTER WILL SCORE AND BREAK 7/8" TILE IN ONE FAST OPERATION WITHOUT MOVING THE TILE. INSTRUCTIONS INCLUDED.

STANDARD TILE CUTTER -- Equipped with cutting board. Six inches working table on each side of breaking ridge. Comes with hardened 6-wheel turret. Overall size 12" X 12".

14-323-B6 \$44.00

Extra Pair Pads 14-324-B6 3.20

LARGE TILE CUTTER -- Will cut a 10" ceramic tile, ceramic flex tile or a 9" tile on diagonal. Comes with hardened 6-wheel turret.

14-325-B6 \$56.90

Extra Pair Pads 14-326-B6 4.80

16" TILE CUTTER -- Especially good for cutting monmouth and other large tile. Has a 10" working table on right and 4" on left of breaker bar. This cutter will score tile up to 16" wide and 1-1/2" thick. Equipped with long life carbide cutting wheel. Weighs 15 lb.

14-327-B6 \$108.20

Extra Pair Pads 14-340-B6 11.40

MIDGET TILE CUTTER -- Will score and break tile up to 6" X 6". It has a 4" working table on the right side of the breaker bar and only 2" on the left. Complete with a 3-wheel turret. Small sturdy cutter is built to give years of service. 6" X 11". Weighs 4 lb.

14-329-B6 \$34.10

Extra Pair Pads 14-330-B6 3.30

CUTTING WHEELS

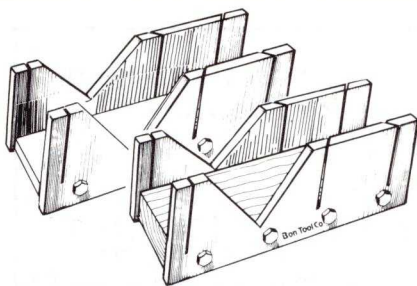

HARDENED STEEL WHEEL TURRET -- Six tempered wheels per turret. Two turrets per package.

14-338-B6 \$7.00

CARBIDE CUTTING WHEEL -- Hardest man made metal.

14-339-B6 \$7.10

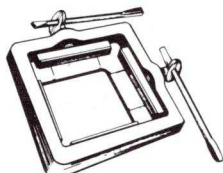

PRECISION MITRE BOX -- All steel construction with thumb screws to lock material in place for cutting. Slotted for accurate 45 and 90 degree cuts. Hardened sidewalls with a softer base to prevent blade dulling.

14-816-B5 \$34.50

WOOD BOTTOM MITRE BOX -- Sidewalls are of hardened steel and the bottom is of hardwood. Slots located for accurate cutting. No clamping device.

14-817-B5 \$28.50

HOLE BREAKER -- Economical, fast, and practical this hole breaker is easy to use. Just tighten thumb screws of this one piece metal frame and give a solid tap with hammer to start. A series of rapid taps makes the hole.

4-1/2" X 4-1/2"

14-331-B2 \$37.95

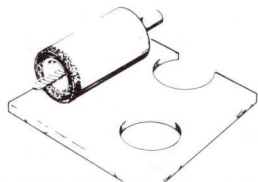

GROUT SAW -- Carbide coated blade cuts and gouges out old hardened grout fast. Features a replaceable blade. Comfortable handle.

14-562-B8 \$6.60

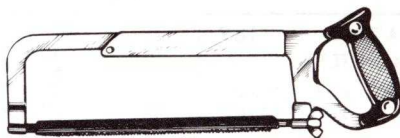

Replacement Blade

14-566-B8 2.35

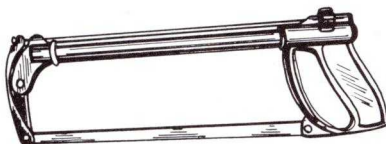

CERAMIC HOLE SAW -- Cuts holes for faucet or shower head pipe in a jiffy. Cuts through both ceramic and quarry tile. 1/4" masonry bit allows edges to cut perfect 1-3/8" hole.

14-569-B5 \$32.50

PROFESSIONAL HACKSAW -- All steel parts are corrosion proofed with nickel plating. 3 3/8" throat depth and steel reinforced plastic handle. Uses 10" or 12" blades.

14-818-B7 \$13.60

RIGID FRAME HACKSAW -- The supreme of hacksaws. Cuts flush with surface. Removable pins for easy change to cut flat or sideways. Tension wheel allows blade to be tightened 3 or 4 times more than other hacksaws.

14-335-B7 \$14.50

UTILITY HACKSAW -- Makes difficult cutting jobs easy. Gets into small places. use either 10" or 12" Blades. Equipped with 10" x 24 Teeth Wavy Set blade.

14-822-B6 \$6.25

AUTOMATIC CENTER PUNCH -- The easy way to puncture the glaze on ceramic wall tile. Permits greater accuracy for hole location with no danger of tile breakage. Simply press down on the punch and the enclosed spring does the rest. Adjustable spring tension.

14-823-B6 \$18.15

HACKSAW BLADES -- Shatterproof blades for cutting and long life. Sold 10 per package. 12" X 1/2" wide.

18 Teeth with Raker Set

14-819-B6 \$5.50

24 Teeth with Wavy Set

14-820-B6 5.50

32 Teeth with Wavy Set

14-821-B6 5.50

TUNGSTEN CARBIDE ROD SAW -- Cut fancy designs or straight through tile, marble, glass, brick, granite and other hard to cut materials. Particles of tungsten carbide are permanently bonded to steel for smooth, fast cutting. Blade is 12" long with mounting eyes at each end.

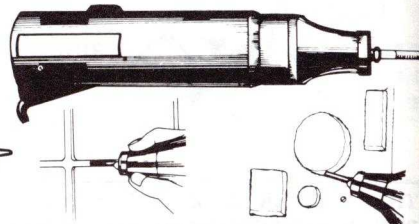

14-332-B5 \$4.40

10 or more 14-333-B5 4.20

TUNGSTEN CARBIDE HACKSAW BLADES -- Ideal for thin kerf, straight cutting in above listed materials. Virtually unbreakable, 12" long fits standard hacksaw frame.

14-334-B5 \$4.90

TILE AND GROUT ROUTER -- The fastest and easiest method to remove grout. Tough nylon housing has the proper contour for easy control. Permanently lubricated motor delivers 28,000 R.P.M. Double insulated and U.L. listed. Bits not included, order separately.

14-824-B6 \$55.50

CARBIDE ROUTER BITS --

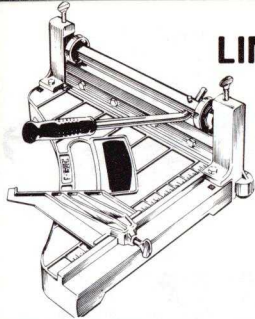

STANDARD -- 1/16" removes grout from joint. 14-825-B6 \$12.10

WIDE -- 3/32" removes grout and cuts tile. 14-826-B6 8.40

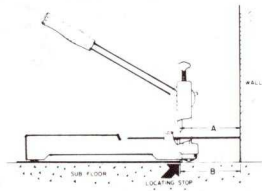

EXTRA WIDE -- 1/8" removes grout, cuts heavy tile. 14-827-B6 8.40

Bon Tool Co.

THE PROFESSIONAL'S CHOICE
GIBSONIA, PA 15044

LINOLEUM FLOOR TOOLS

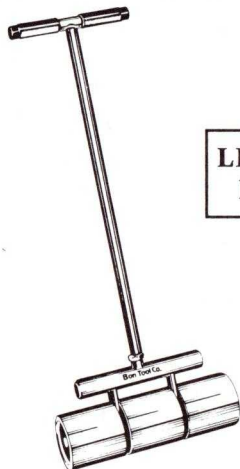

FLOOR TILE CUTTER -- Simple to operate and absolutely accurate, this is the proven asphalt and vinyl tile cutter for the professional. For accurate cutting place locate stop at edge of last full field tile, place tile in cutter and push against wall, turn tile upside-down and cut. Equipped with tile guide for repeat cuts. Equipped with tile guide for repeat cuts. Blade $12 \frac{3}{4}$ " cuts 9" x 9" tile diagonally or 12" x 12" tile straight. Weighs 17 lb.

14-558-B2 \$169.95

REPLACEMENT BLADES

Upper movable 14-559-B2 \$19.25
Lower stationary 14-560-B2 19.25

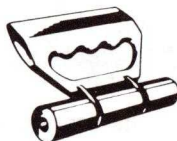

LINOLEUM ROLLER

LINOLEUM ROLLERS -- Made of solid steel for a lifetime of trouble-free service. Flooring materials are protected by the roller's smooth surface and rounded corners. Each roller section floats independently on the axle to compensate for subfloor inconsistencies. Yoke and handle are painted to prevent rusting, handle is removable for easy carrying.

75 lb. linoleum roller with 4" diameter rollers 14-555-U5 \$222.00
100 lb. linoleum roller with 5" diameter rollers 14-556-U5 273.00

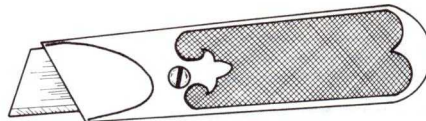

HAND ROLLER

HAND ROLLER -- Ideal for working linoleum on walls, counters, sinks, table tops, etc. The roller is sturdy in construction and it grips easily in the hand. Weight 1 lb.

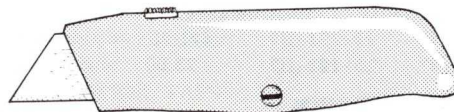

14-557-B2 \$22.50

UTILITY KNIVES

UTILITY KNIFE -- Aluminum die cast in two sections. Checkered handle grip fits snugly in your hand. Storage space for five blades. Handy hang hole. Three blades included.

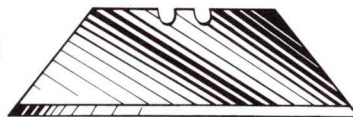

15-203-B7 \$3.95

RETRACTABLE UTILITY KNIFE -- Thumb operated button projects and locks blade in four positions: full, half, quarter out or completely in. Light weight aluminum handle is in two sections to provide blade storage and easy blade change. Comes with three heavy duty blades.

15-204-B7 \$3.65

KNIFE BLADES

UTILITY KNIFE BLADES -- Pointed razor type utility knife blades for general duty cutting. Fits most utility knives.

Package of 5 blades 15-206-B7 \$1.45

HEAVY DUTY KNIFE BLADES -- Pointed razor sharp utility blades. Designed for heavy duty cutting. Fits most utility knives.

Package of 5 blades 15-207-B7 \$1.50

Package of 100 blades 15-228-B7 19.65

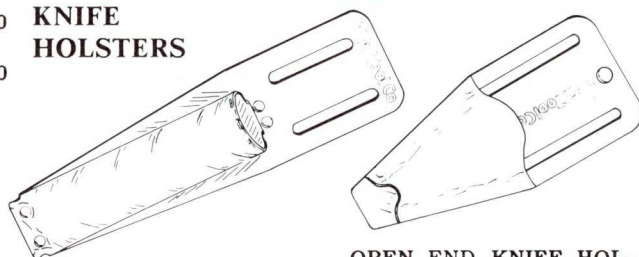

HOOK BILL KNIFE

HOOK BILL VINYL KNIFE -- Fine high carbon steel, individually hardened, tempered, sharpened and honed blade. So sharp it will cut core vinyl without heat. Makes accurate, even cuts without burrs. Extra heavy point.

14-336-B7 \$6.10

KNIFE HOLSTERS

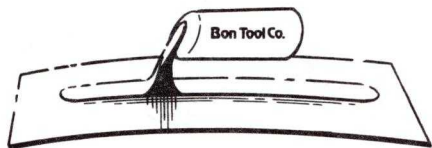

KNIFE HOLSTER -- For all utility knives. Leather loops over belt for convenience and safety on the job.

15-227-B7 \$6.15

OPEN END KNIFE HOLSTER -- Saddle leather holder with open end for easy clean out. Holds all utility type knives.

15-229-B7 \$4.10

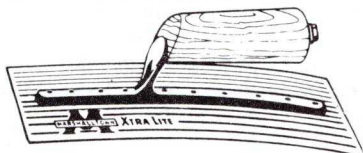

CURVED TROWELS

BON DRYWALL TROWELS -- Blades are made from flexible stainless steel and have a concave bow for perfect shearing. Blades are permanently fastened to lightweight shanks. Perfect balance.

12" X 4 1/2" 15-121-B7 \$21.25
14" X 4 1/2" 15-122-B7 23.00

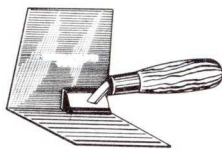

MARSHALLTOWN

DRYWALL TROWELS -- Made from spring steel this lightweight flexible tool has aluminum mounting. The blade is properly curved for drywall joints.

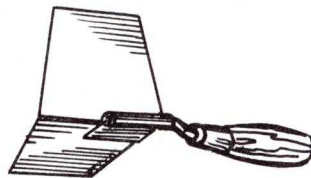

11" X 4 1/2" 15-123-B6 \$19.30
14" X 4 1/2" 15-124-B6 21.50

CORNER TOOLS

DRYWALL CORNER TROWEL -- Made from one piece lightweight, flexible stainless steel. This tool is perfectly balanced with the blade set on the proper angle for clean, fast and easy inside corner taping. 4" sides; 103 degree angle flexes to 90 degrees.

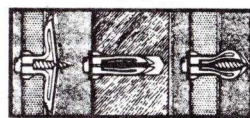

15-125-B6 \$9.10

OUTSIDE CORNER TROWEL -- Has an 80 degree angle between the blades, flexes to 90 degrees. Blades taper from 5" long at center to 4 1/4" long at outside edge. Made from flexible stainless steel.

15-126-B6 \$11.50

SCREW ANCHORS

SCREW ANCHORS -- Used on all types of drywall, ceiling tile, wood, concrete, brick, cinder block and sheet metal. Just drill a 5/16" hole, insert the molded polypropylene anchor and drive the screw. Works in thin, thick or solid materials. Holds up to 20 lbs. Sold in packages of 100 anchors. Choose from three sizes.

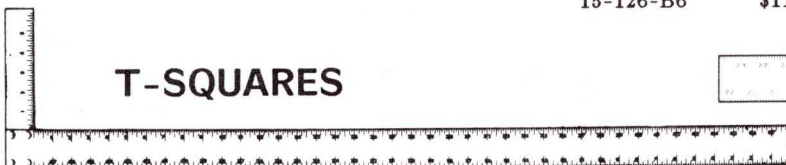

SMALL -- For material 1/8" to 1/4" thick 15-269-B7 \$16.00

MEDIUM -- For material 3/8" to 1/2" thick. 15-270-B7 17.25

LARGE -- For material 5/8" to 3/4" thick 15-271-B7 19.50

Medium and large sizes work in thicker materials as a wedge or expansion anchor.

T-SQUARES

T-SQUARE -- Made with a 3/16" heavy duty blade, to reduce curling and warping. Stays true longer. Head is made with 3/8" flange to hold on wallboard better. This square has been specially treated to resist corrosion and add to the life of the epoxy numbers. Blade is reverse ruled for measurement from top to bottom or bottom to top. 22" x 48" x 2" wide.

15-115-B6 \$21.75

FLAT SQUARES -- Front and back is graduated in eighths. Made from polished steel with protective lacquer finish.

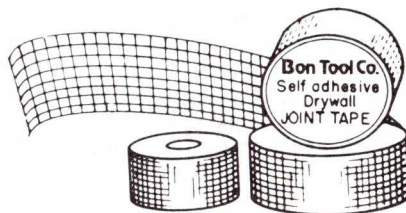

24" X 16" 15-114-B7 \$6.40
12" X 8" 15-119-B7 3.85

ADJUSTABLE T-SQUARE -- Adjusts from 0 to 360. This versatile heavy duty T-square is made from 1/4" extruded aluminum. Makes layout work for stairs a breeze. Ideal for drywall, plywood, sheet metal and more.

15-117-B6 \$32.00

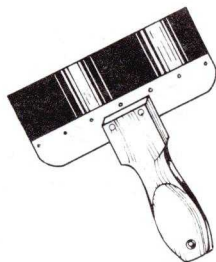

MESH DRYWALL TAPE -- Self-adhesive so it applies easily and neatly to the joint with no compound. Finish coats of compound are applied over the tape. Saves time.

2" X 75' 15-305-B7 \$2.95
(48 or more) 2.65 ea.
2" X 150' 15-306-B7 5.50
(24 or more) 4.95 ea.
2" X 300' 15-307-B7 9.95
(12 or more) 8.90 ea.

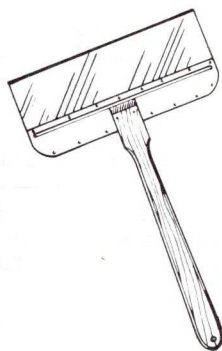

Bon Tool Co.

TAPING KNIVES

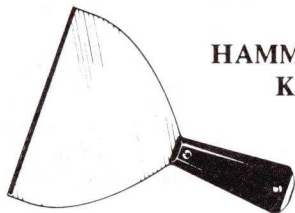

RIDGE-LESS TAPING KNIVES -- The ridgeless, rivet free mounting is made from a special lightweight alloy. These knives are designed to eliminate joint cement build-up. Hardwood handle is contoured for comfortable grip.

8" X 3"	15-151-B7	\$10.45
10" X 3"	15-152-B7	11.15
12" X 3"	15-153-B7	11.60
14" X 3"	15-310-B7	13.50

LONG HANDLE TAPING KNIVES -- Features a one piece steel mounting welded to a blue spring steel blade. Clear grain 16" handle.

12" X 4"	15-312-B6	\$12.30
14" X 4"	15-146-B6	14.50
16" X 4"	15-147-B6	17.30
18" X 4"	15-148-B6	20.75

HAMMER-HEAD KNIVES

HAMMER HEAD KNIVES -- Flexible high carbon steel blades hardened, ground and polished to a mirror-like finish. High impact plastic handle equipped with brass nailing head to set protruding drywall nails.

4" Blade	15-139-B7	\$7.40
5" Blade	15-140-B7	8.15
6" Blade	15-141-B7	8.70

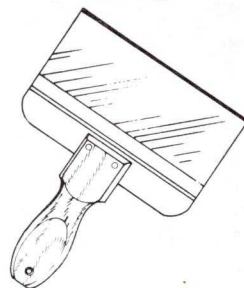

PUTTY KNIVES

PUTTY KNIVES -- Reaches hard to get corners, joints and around doors, windows and cabinets. Good for patch work. Blade has proper flexibility and balance. Handle is made from acid resistant plastic.

1 1/4" Blade	15-136-B7	\$3.50
2" Blade	15-137-B7	4.24
3" Blade	15-138-B7	5.25

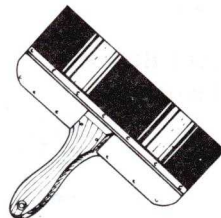

BON'S WIDE HANDLE KNIVES -- Blue steel blade has just the right flex to finish joints. Specially contoured handle is designed for balance and comfort.

8" X 3"	15-289-B7	\$8.85
10" X 3"	15-290-B7	9.95
12" X 3"	15-291-B7	11.00
14" X 3"	15-311-B7	13.50

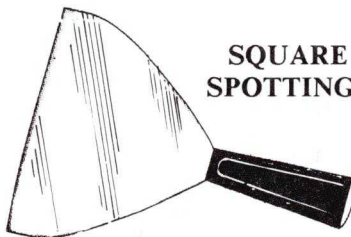

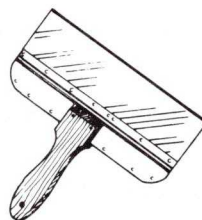

BON'S BLUE STEEL TAPING KNIVES - A wide, flexible spring steel blade, firmly attached to rust proof aluminum mounting. Straight grain wood handle.

6" X 3"	15-221-B7	\$8.10
8" X 3"	15-292-B7	8.25
10" X 3"	15-293-B7	9.30
12" X 3"	15-294-B7	10.50
14" X 3"	15-313-B7	13.50

STAINLESS STEEL TAPING KNIVES -- Flexible, high polished blade securely mounted. Comfortable wood handle.

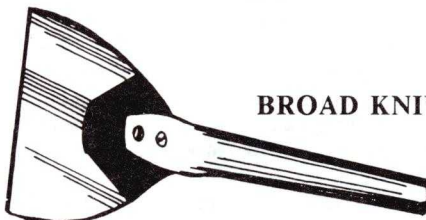

8" X 3"	15-295-B7	\$11.00
10" X 3"	15-296-B7	12.00
12" X 3"	15-297-B7	14.25
14" X 3"	15-314-B7	16.95

SQUARE EDGE SPOTTING KNIFE

SQUARE EDGE SPOTTING KNIFE -- High carbon steel blades are precision ground, tempered, lacquer dipped, mirror polished. Blades extend through solvent-resistant, high impact handles. Solid steel nail setting heads.

6" Blade	15-235-B6	\$8.70
----------	-----------	--------

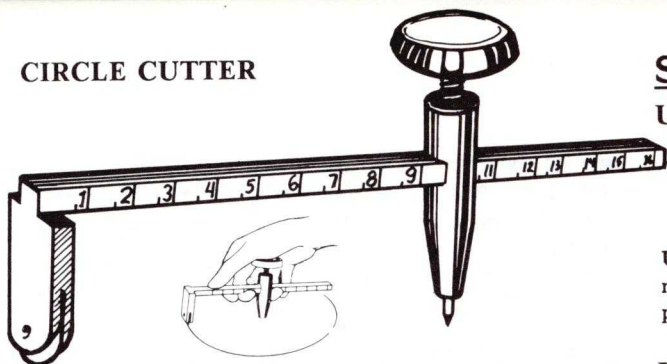

BROAD KNIVES

BROAD KNIFE -- Tempered blue steel blade and shim for perfect wipe down of joints. Blade and shim are easily replaced. Aluminum handle. 7" blade.

15-155-B7	\$10.50
-----------	---------

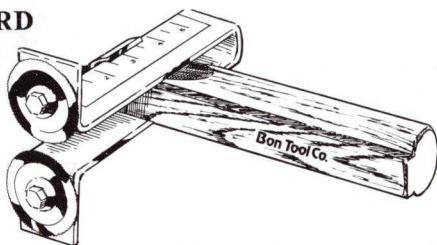

CIRCLE CUTTER

CIRCLE CUTTER -- Cuts clean, sharp, round holes up to 16" diameter. Cast aluminum body is chrome-plated and calibrated to 1/8" to assure accuracy. Heat-treated cutter wheel and center pin remains sharp and cuts wallboard perfectly.

15-118-B6 \$9.95

WALLBOARD STRIPPER

WALLBOARD STRIPPER -- Narrow, hard to make cuts become a snap with this tool. Wood handle with thumbscrews adjusts to any size cut 4 - 1/2" or smaller. Perforated wheels cut both sides of the wallboard and the piece is snapped off neatly with no paper tearing. Use on 3/8", 1/2" or 5/8" wallboard.

15-193-B6 \$38.50

Repl. cutting wheels 15-205-B6 3.95

WALLBOARD RASP

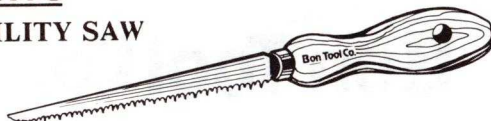

WALLBOARD RASP -- Quickly and efficiently smooths rough edges of drywall. No clogging, self-cleaning.

15-225-B6 \$8.25

Replacement blade 15-226-B6 5.25

SAWS

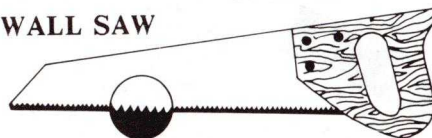

UTILITY SAW

UTILITY SAW - Rigid 6" blade cuts wallboard, plywood, masonite, wood, etc. Sharp point for easy "self starting" penetration. Not necessary to pre-drill. Hardwood handle.

15-171-B7 \$4.95

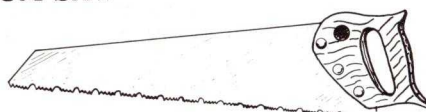

DRYWALL SAW

DRYWALL SAW -- Stiff .060" thick blade with 5 teeth to the inch. Cuts all types of wallboard materials fast and with ease. Comfortable wood handle.

15-172-B7 \$14.95

GYP SUM SAW

GYP SUM SAW -- Especially designed for sawing gypsum building blocks and similar materials. Heavy duty coarse teeth for easy penetration. Hardened steel blade heat-treated for extra strength. Hardwood handle. Blade 21-3/4" long, 24-1/2" overall.

15-246-B6 \$19.75

STYROFOAM SAW

STYROFOAM SAW -- Made from steel with 10 teeth per 1/2", this saw is designed to cut any thickness of styrofoam insulation. Plastic handle also provides 45 and 90 marking guide.

15-245-B6 \$19.75

QUICK-CUT LIGHT BOX CUTTER

QUICK-CUT -- Is simple and fast to operate. You snap the 4-sided cutter plate into the outlet box before nailing up board. After board is up, make a mark near the center of the box, then use the pilot hole cutter on the tool to cut through board -- and don't worry, your pilot hole can be as much as 1/2" off in any direction, the cutter still makes a perfect outlet hole. After cutting hole through board, insert the tool, squeeze the handle and the job is done. Cuts holes in 3/8" and 1/2" wallboard. Hole is cut clean.

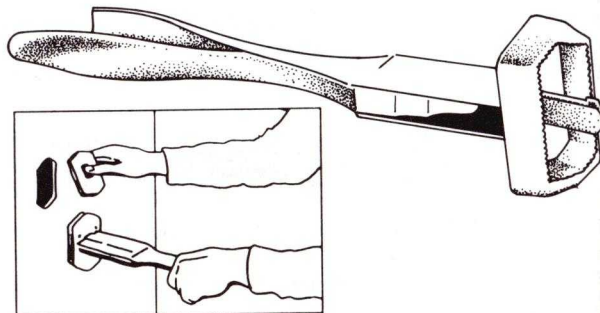

STANDARD OUTLET CUTTER -- Cuts 2-3/8" x 3-1/2" hole. Complete with pilot hole cutter, one 4-sided male cutter, one 3-sided male cutter for cutting duplex openings.

15-128-B5 \$92.00

4-sided cutter 15-298-B5 10.95

3-sided cutter 15-299-B5 7.95

Female cutter head 15-300-B5 12.50

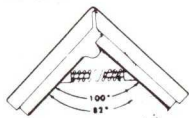

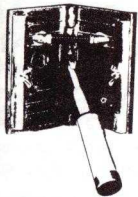

NEW CODE OUTLET CUTTER -- Cuts 2-3/8" x 4-3/16" hole.

Male cutter 15-301-B5 \$6.50

Female cutter 15-302-B5 14.95

ANGLE SANDER

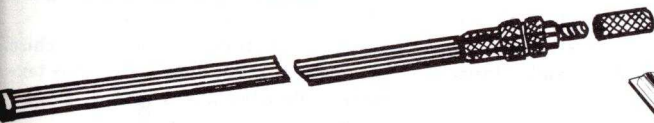

UNIVERSAL ANGLE SANDER -- Spring action automatically adjusts to corners. Works on angles over or under 90 degrees. The coil spring is adjustable for preferred tension. Both faces have securely bonded rubber pads and positive lock clamps. This sander is a real time and trouble saver. Equipped with 48" wood handle with steel end caps for setting nails.

Head and Handle	15-179-B6	\$20.95
Wood Handle only	15-178-B6	8.10

Use die cut sandpaper as shown below.

EXTENSION HANDLE FOR UNIVERSAL SANDERS

EXTENSION HANDLES -- Lightweight, telescoping aluminum extension handles, specially designed to add feet to the reach of universal sanders. Equipped with self-locking plastic nut for quick length adjustment. Ideal for sanding ceilings and high walls. Eliminates the need for scaffolding. Handle comes with adapter.

Telescoping handle 4' 8" to 8'	15-257-B6	\$16.30
Telescoping handle 7' to 11 1/2'	15-258-B6	25.10
Extra plastic adapter	15-259-B6	1.70

WALL SANDER

UNIVERSAL WALL SANDER -- Makes sanding wall and ceiling easy. 3 1/4" x 9 1/4" die cast aluminum base plate has reinforcing ridges to prevent "bowing". Rubber pad is epoxy bonded. Wide positive locks will hold several sheets of sandpaper firmly in place. Simply tear off used sheets, minimizes reclamping. Equipped with 48" hardwood handle with steel cap for setting nails.

Head and Handle	15-177-B6	\$17.25
Wood Handle only	15-178-B6	8.10

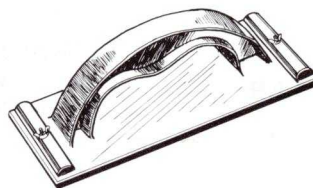

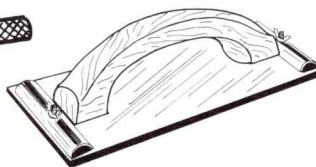

Use die cut sandpaper as shown below.

BON HAND SANDER

Wing nut clamp assures firm grip on the sandpaper. Comfortable wood handle. Rubber bonded to heavy aluminum base for long life. Base measures 3 1/4" x 9 1/4".

15-176-B6 \$9.45

HAND SANDERS

ONE PIECE SANDER -- Sturdy 3 1/4" x 9 1/4" aluminum base plate with epoxy-bonded rubber pad provides even sanding pressure. Wing nut clamps tight on several sheets of sandpaper at a time.

15-233-B6 \$13.00

DIE CUT SANDPAPER -- Silicon carbide paper pre-cut to fit angle sanders. 6" x 9 3/4". Sold in packages of 100.

80 grit 15-183-B6 \$24.95

DIE CUT SANDPAPER -- Silicon carbide paper pre-cut to fit wall sanders. 4 3/16" x 11".

Sold in packages of 100

80 grit	15-182-B6	\$19.95
100 grit	15-277-B6	18.50

Sold in packages of 10

80 grit	15-287-B6	2.70
100 grit	15-288-B6	2.70

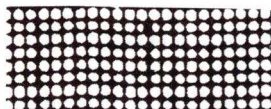

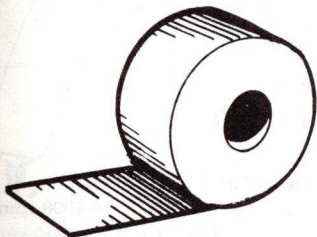

PRE-CUT SANDPAPER -- Sheets of sandpaper pre-cut to fit most wall sanders and hand sanders. 4-1/2" X 11".

Sold in packages of 100

80 grit	15-278-B6	\$19.95
100 grit	15-279-B6	18.25

Sold in packages of 10

80 grit	15-308-B6	2.70
100 grit	15-309-B6	2.70

SANDPAPER ROLLS -- Economical way to buy sandpaper. Fits wall sanders and hand sanders. 4" width.

80 grit	30' roll	15-280-B6	\$9.25
80 grit	150' roll	15-281-B6	31.00
100 grit	30' roll	15-282-B6	8.95
100 grit	150' roll	15-283-B6	29.95

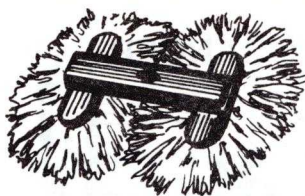

PRE-CUT OPEN MESH CLOTH

Silicon carbide sanding cloth practically cleans itself. Cuts joint mud fast and won't clog. Same as on right except pre-cut to fit sanders 11" x 4 3/16". Sold in packages of 100 sheets.

120 grit 15-284-B6 \$68.50

OPEN MESH CLOTH -- Silicon carbide sanding cloth. Long lasting, cuts joint mud fast and won't clog. Same as on the left in 12" x 20' rolls.

100 grit	15-285-B6	\$57.40
120 grit	15-286-B6	55.40

CROWS FOOT TEXTURE BRUSH -- This oblong brush creates a crow's foot pattern. White tampico bristles. Hardwood block, with handle hole in center. Flattened, single brush measures 8 1/2" wide x 13 1/2" long.

Single brush	15-255-B6	\$ 9.25
(not illustrated)		
Double brush	15-256-B6	17.95
(as shown)		

CORNER ROLLER -- Ideal for applying drywall mud and joint compound. Flexed rod allows a man to reach average ceiling. Lambs wool roller spreads mud evenly. Perfect for those tough time consuming corners. Choose two size rollers.

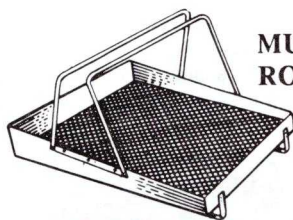

6" Roller w/ 19" hdl.	15-253-B7	\$17.95
3" Roller w/ 14" hdl.	15-272-B7	11.25
6" Replace. cover	15-254-B7	9.50
3" Replace. cover	15-273-B7	3.45

MUD-TEXTURE ROLLER

MUD TEXTURE ROLLER - Heavy duty 18" professional roller with 54" wood handle. Strong "V" brace yoke permits maximum pressure when needed. Includes cover.

	15-216-B6	\$24.75
Extra Cover	15-217-B6	7.95

**MUD
ROLLER
PAN**

MUD ROLLER PAN -- Heavy 18 gauge galvanized steel pan. 24" long, 18" wide and 2" deep at shallow end tapered to 4" deep at well end. Easy carry handles that fold away. Complete with expanded steel screen. 15-218-B5 \$39.95

TEXTURE BRUSHES

STIPPLE BRUSH -- A blend of horse hair and fibre bristles are securely fixed to the hardwood base. The hardwood block fits your hand comfortably or can be attached to handle. Favorite for texturing drywall.

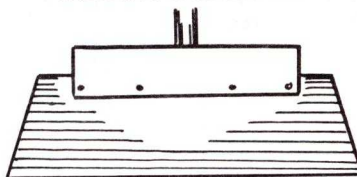

9" dia. x 3 1/2" long bristles, 6" block	15-219-B7	\$13.50
6" dia. x 2 1/2" long bristles, 4 1/2" block	15-195-B7	8.80

DOUBLE STIPPLE BRUSH - Same quality as above stipple brush, except with double brushes and tapered hardwood base.

9" dia. x 3 1/2" long bristles, 6" block	15-251-B6	\$29.25
6" dia. x 2 1/2" long bristles, 6" block	15-252-B6	18.40

FLOOR SCRAPER

FLOOR SCRAPER -- All steel construction; plated to prevent rusting. After working, scrape debris from floors. 5' tubular steel handle.

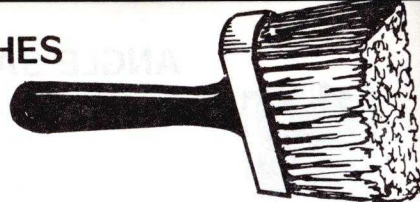

14" scraper	15-158-B6	\$22.95
18" scraper	15-159-B6	24.35
Replacement blades		
14" blade only	15-160-B6	6.50
18" blade only	15-161-B6	7.95

**36"
SPRAY SHIELD**

SPRAY SHIELD -- One piece 36" x 9" aluminum shield with 1/2" lip to catch run-off. Designed for airless spray painting and drywall texturing. 18" hardwood handle.

15-157-B6	\$17.85
-----------	---------

TEXTURE BRUSH -- Ideal for creating designs or stippling effects. Heavy polypropylene bristles are trimmed on an angle 2 1/2" to 3". Hardwood block is 4 3/4" x 1 7/8". Handle is 6 3/4" long. Perfect for corner work.

11-261-B7	\$2.90
-----------	--------

DRYWALL TEXTURE BRUSH - Super block texture brush with chisel trimmed bristles, used for various textures. Bristles are 3 1/2" X 2 1/4". Handle is 10 3/4" long.

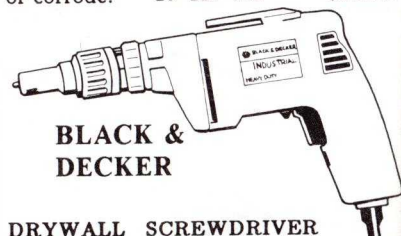

15-250-B6	\$2.95
-----------	--------

DRYWALL SCREW GUNS

MILWAUKEE

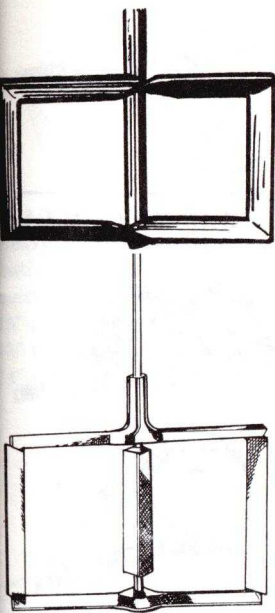

DRYWALL SCREWDRIVER -- Heavy duty, 2500 RPM with "Instamatic" reversing switch. Drives screw to exact depth without marring or damaging drywall. Minimum offset for close quarter work. Molded nose assembly is permanently lubricated and will not rust or corrode. 15-127-B2 \$144.00

**BLACK &
DECKER**

DRYWALL SCREWDRIVER Heavy duty variable speed (0-4000 rpm) reversing screwgun. Built for performance and long life. Sets screws perfectly in thick wallboards and heavy metal studs without tearing surface. Aluminum nose piece. 1/4" hex shank drive. 14-505-B2 \$131.00

SPEEDY MIXER

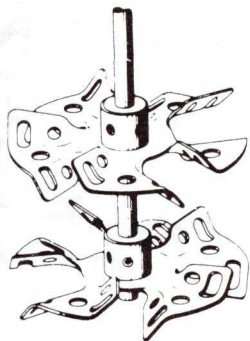

SPEEDY MIXER -- Cadmium plated mixer will effectively mix in up to a 30 gallon drum. 7/16" hex shaft will fit 1/2" or larger, slow speed drill (approximately 500 RPM). 8" wide by 4 1/2" deep paddle folds materials in an inside-out pattern quickly with a minimum of air.
28" shaft 15-170-B6 \$12.50
36" shaft 15-174-B6 13.50

CAST HEAD EXPRESS MIXER -- Mixes all kinds of drywall mud, acoustic and premix. Works in 5 gal. to 50 gal. drums. Mixes thoroughly, lump-free and quickly. One piece aluminum alloy cast head. 9 5/8" wide and 6 1/4" deep. Shaft is 1/2" X 30".

15-189-B7 \$30.50
With Stainless Steel Shaft
15-190-B7 35.75

JIFFY MIXERS

JIFFY MIXERS -- 5-fin dispersal wheels mix drywall mud in a jiffy. Lower wheel cuts upward while upper wheel cuts downward which disperses lumps quickly. Made from high stress, plated carbon steel. "no slip" shaft. **DOUBLE 5" WHEELS** -- use on 3/8" or 1/2" drill (450-1200 RPM). 24" x 3/8" shaft.

15-186-B6 \$19.95
TRIPLE 5" WHEELS -- use on 1/2" drill (450-750 RPM). 24" x 3/8" shaft.

15-187-B6 27.50
DOUBLE 6 1/2" WHEELS -- use on 1/2 drill (450-750 RPM). 24" x 1/2" shaft.

15-188-B6 36.95

MUD AND RESIN MIXERS

STAINLESS STEEL

MUD AND RESIN MIXERS -- All stainless steel construction mixers produce a smooth, bubble-free, lump-free mix quickly. The two vertical blades keep the mixing action inside the cage of the tool. Unique "sealed ring" design prevents puncturing or damaging your mixing container. Mixes a five gallon can of material complete in less than 60 seconds. Available in two sizes.
2 5/8" DIAMETER MIXER -- with top diameter of 2 3/8" head depth of 2 1/2"; fits small containers. Overall length of 10 1/2".

15-180-B6 \$10.75

5" DIAMETER MIXER -- with top diameter of 4-1/2"; head depth of 4-1/2"; fits 3 gallon or larger containers. Overall length 21".

15-181-B6 \$43.95

EXPANDING FIN MIXER

-- Excellent for mixing a wide variety of materials in drums. Unique four-way counter action of blades gives a fast and complete mix with no splash. Fits into a 1 7/8" bung hole. 24" x 1/2" shaft and blade are made of stainless steel. 12" shaft extension included with 8" diameter blade.

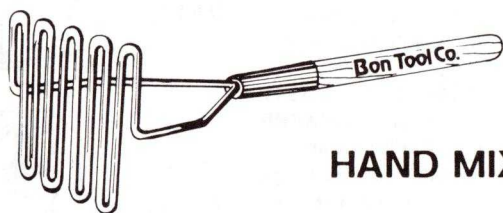

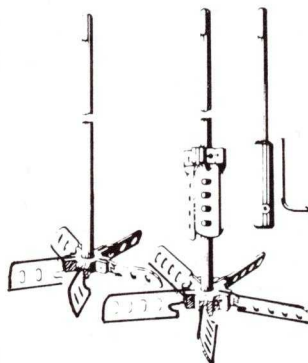

6" Diameter blade single vane
15-184-B6 \$58.95

8" Diameter blade with 12" extension double vane

15-185-B6 124.00

12" Shaft extension only

15-192-B6 35.50

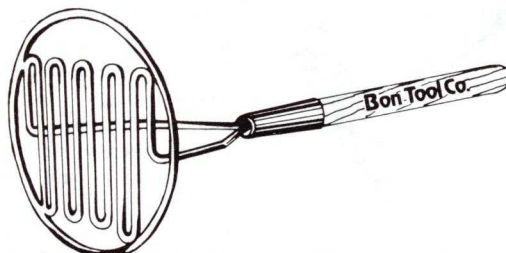

HAND MIXERS

SQUARE HEAD MASHER -- Made from heavy gauge steel wire. Cadmium plated head and ferrule will not rust. Has a 5" x 5 1/2" head, 37" overall length.

15-168-B6

\$9.25

SEMI-ROUND HEAD MASHER -- Made from heavy gauge steel wire. Cadmium plated head and ferrule will not rust. Has a 7-1/4" diameter head, 37" overall length.

15-169-B6

\$11.00

DRYWALL HAMMERS

BON DRYWALL HAMMER

Chrome checkered face makes nailing easy, prevents breaking wallboard surface. Hickory handle is attached to balanced head. 18 oz. head weight.

Hammer with 14" handle
15-263-B7 \$22.60

Hammer with 16" handle
15-264-B7 22.85

PROFESSIONAL DRYWALL HAMMER -- Top quality hammer made from specially heat treated high carbon steel. Thin blade with 2 1/4" cut is fully polished, milled, crowned face. Best grade white hickory, ample knuckle clearance. 12 oz. head weight.

Hammer with 13 1/2" handle
15-265-B6 \$24.75

Hammer with 16" handle
15-266-B6 25.25

WAL-BOARD HAMMER
Forged of high carbon steel, tempered and chrome plated. Serrated face is designed to prevent bent nails and will not damage wallboard. The sharp ground blade has a notched nail puller. Clear hickory handle.

15-175-B6 \$23.95

Replacement handle
15-240-B6 4.45

WESTERN DRYWALL HAMMER -- Forged hatchet preferred by most drywallers in the west. Has a crowned face with flat checkers and a 2 1/2" razor sharp blade. Well balanced 13" handle.

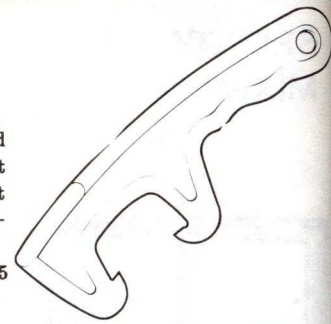

15-267-B7 \$31.40

ESTWING HAMMER -- All steel drywall hammer made from one-piece polished solid steel forging. Strongest hammer known. Has a crowned, scored face to make nailing easy and prevent breaking of the wallboard surface. Nylon-cushion grip won't loosen. Perfectly balanced.

15-224-B6 \$27.65

LID CLAW -- Quick and easy removal of plastic bucket lids. No distortion of bucket lids, making buckets resealable.

14-583-B7 \$4.75

STAINLESS STEEL DRY TAPE BANJO

-- Two compartments, one to hold mud, one to hold tape, both have quick opening latches. Holds all 500' tapes. Tape can not get wet, it's held away from mud. Adjustable slide regulates exact flow.

15-132-B6 \$69.25

DRY TAPE BANJO -- Holds 500' tape in dry tape compartment. The tape is held in place by built in spindle and never gets soggy. Thumbscrew adjustment regulates amount of mud. Easy to use.

15-133-B5 \$110.00

WET TAPE BANJO -- Same as above except both tape and mud are stored in same compartment as preferred by many tapers.

15-134-B5 \$110.00

TAPE CREASER -- This sturdy, lightweight aluminum tool makes both inside and outside corners a snap. Simply pull through and cut off. Makes sharp, true corners, eliminate touch up work. Prevents wrinkles.

15-131-B6 \$3.50

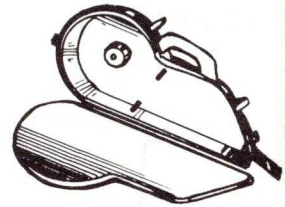

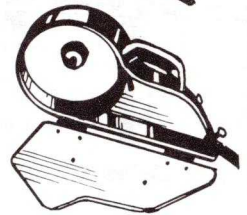

TAPE REEL -- All steel construction with plated finish to prevent rust. Holds all 500' rolls. Handy belt clip. Tape threads through slide slot for quick unrolling and tear-off. Quick tape changing.

15-135-B6 \$8.00

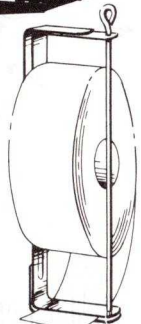

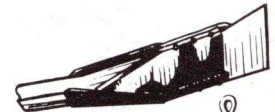

TAPE REEL - CREASER
All in one. Holds all standard size tape rolls. Just pull tape through as you need it and cut off; already creased. Hangs from belt for easy dispensing. Fast and easy tape change.

15-232-B6 \$14.15

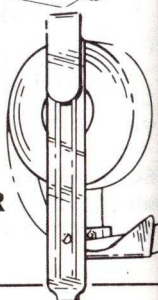

BANJO TAPER

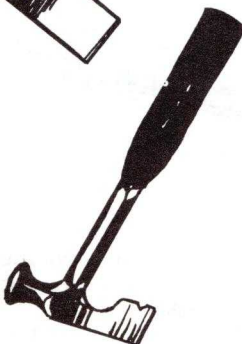

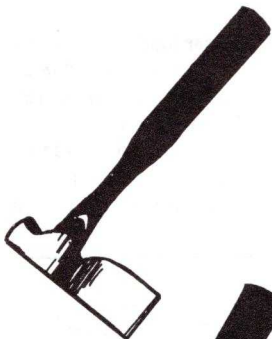

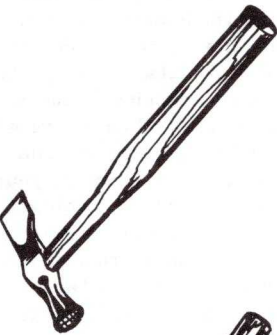

TAPE CREASER

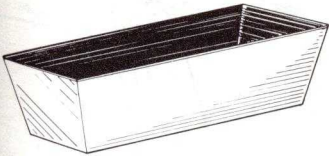

TAPE REEL

TAPE REEL - CREASER

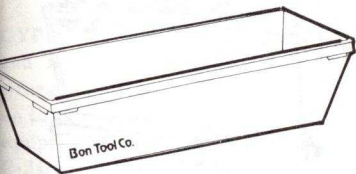

MUD PANS

STAINLESS STEEL MUD PAN -- Heavy duty, resists rusting and long lasting. Sheared edge cleans knife quickly. Water tight seams.

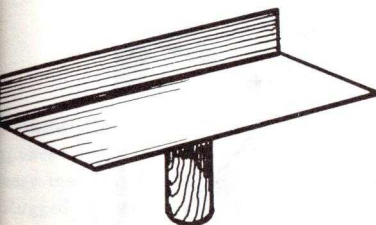

10" pan	15-165-B7	\$13.00
12" pan	15-166-B7	14.50
14" pan	15-167-B7	16.25

PLASTIC MUD PAN WITH STEEL BLADE -- Resists heat, cold and most chemicals. Lightweight and reinforced, made from tough styrene. Steel blade for cleaning knife.

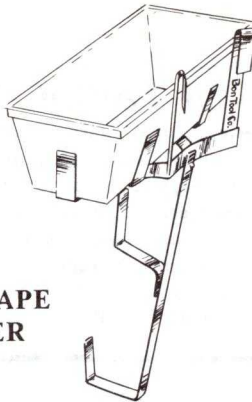

12" pan	15-164-B7	\$5.45
---------	-----------	--------

STAINLESS STEEL HAWK

STAINLESS STEEL HAWK -- Designed specially for drywall work. This hawk is 12" x 6" with a 1-1/2" lip. Comfortable detachable handle fastens securely. Sponge rubber callous preventer included.

15-247-B6	\$11.75
-----------	---------

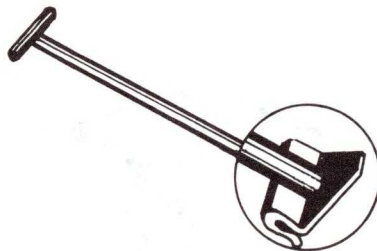

PAN AND TAPE HOLDER

PAN AND TAPE HOLDER -- Lightweight, aluminum mud pan holder hooks to your belt, leaving your hands free to work. Holds your mud pan where you can get to it easily. Has a hook below the pan to hold tape rolls.

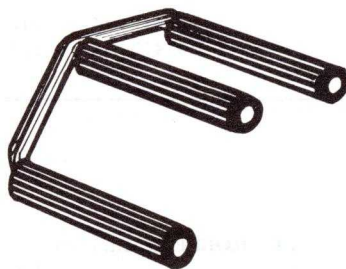

15-191-B7	\$10.25
-----------	---------

BOARD CARRIERS

BOARD CARRY -- Sturdy tubular steel construction. Makes carrying wallboard sheets a one-man operation. "Twist out" flange for easy removal under sheet.

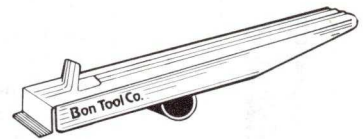

15-194-B7	\$8.45
-----------	--------

WALLBOARD CARRIER -- Long-lasting welded construction. Simply slip tool over top corner of wallboard for easy two-person carrying. Held secure by gravity and rubber sleeves. Sold in pairs.

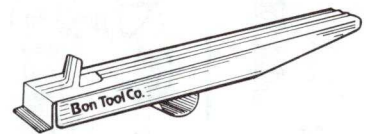

15-163-B7	\$17.50/pr
-----------	------------

LIFTERS

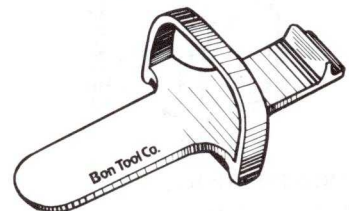

ROLL LIFTER -- All heat-treated steel construction. Ribbed back to prevent collapse or breakage under heavy lifts. Vertical top lip lets craftsman guide lifter into place with boot toe. Weighted nose keeps lifter in ready position.

15-120-B6	\$12.30
-----------	---------

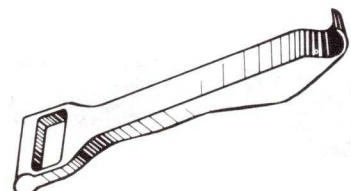

RIGID LIFTER -- Does not roll forward. The fulcrum point is fixed. All steel heat-treated construction. Superior strength and the competitive price makes this lifter popular.

15-162-B6	\$9.95
-----------	--------

FOOT LIFTER -- One piece husky aluminum casting. Easy to control; scoot around on your foot. Always turns itself right side up. 11-7/8" long, 5-1/4" wide.

15-249-B7	\$16.95
-----------	---------

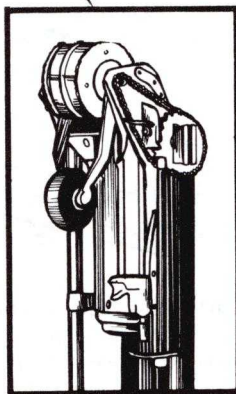

LIFTER CARRIER -- Carry a full size board, set in place and your carrier becomes an easy-to-use lifter. Just step down to lift board into nailing position. Made of cast aluminum.

15-248-B7	\$17.25
-----------	---------

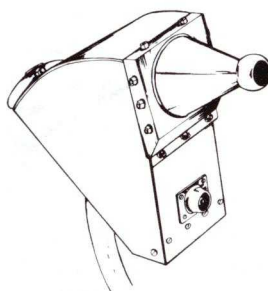

TAPEMASTER TAPING TOOLS

Many engineers, designers and master craftsmen combined their efforts to develop this fine taping tool system. The time and energy spent is apparent. These tools, made of stainless steel and durable metal alloys, are virtually rust free, and designed to last many years. According to customer surveys, these tools are practically free of down time. Conduct your own survey and place an order with Bon Tool Company today!

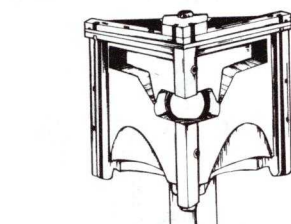

AUTOMATIC TAPER--Simultaneously applies tape and joint compound at a precisely metered rate to flat and butt joints, and into angles and corners.
Taper 15-401-B3 \$1260.00

Bon Tool Co.

CORNER APPLICATOR--This applicator applies both the taping and finishing coats to corners and angles. As with the other taping tools, it is virtually rust free. Complete with handle.

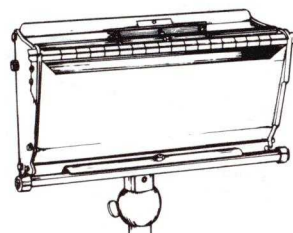

CORNER FINISHER--The corner finisher smooths angles and corners to a final finish. Made with long lasting carbide blades and skids. Handles sold separately.

15-399-B7 \$1.50/pkg.

WIRE TWISTER

WIRE TWISTER-- A quick and easy way to tie hanger wires to the bar joist. Slip these wire twisters over a piece of standard 1/2" electrical conduit, then drill and fasten with a rivet pin. Bend the other end of the conduit to form a crank. Insert both ends of the wire into the opening of the wire twister and turn the crank. The wire will be quickly and tightly twisted. Crank the opposite direction to release the wire.

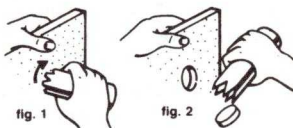

15-380-B5 \$19.00

SPRINKLER HEAD HOLE CUTTER

HOLE CUTTER-- This hole cutter produces a clean, accurate 2" hole. Simply push the cutter into the tile and twist. A real time saver.

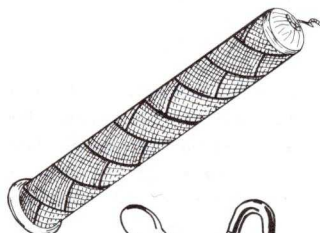

15-381-B5 \$10.50

JET LINE

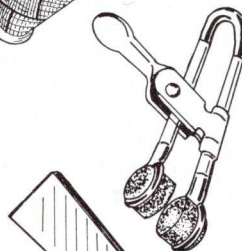

JET LINE -- Tough, strong line is ideal for aligning tile tracks for suspended ceilings. 450' per roll.

15-382-B6 \$2.95/roll
100 or more 2.65/ea

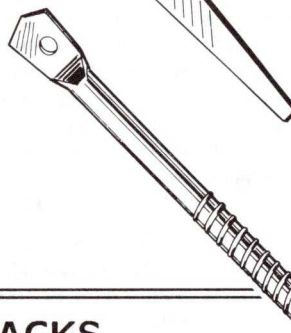

GRID & LINE CLAMPS -- Use these handy clamps for holding tile grid together for pop-riveting or aligning. Rubber cushions will not scratch surfaces. Also great for attaching dry lines.

15-383-B5 \$3.50
100 or more 3.15

TOGGLE SPIKES -- Push these spikes thru existing ceiling with the wire attached, the spike will turn and ceiling tracks are ready to hang. 100 spikes per box.

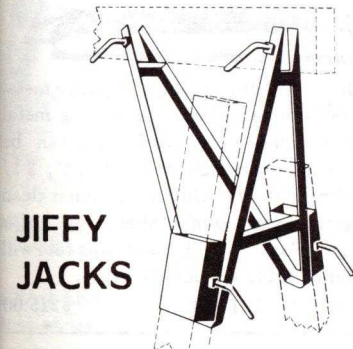

15-384-B5 \$42.25/bx.

EYELAG SCREWS -- Screw into existing ceiling and attach wire. Fast and easy to use. 100 per box.

15-385-B5 \$10.25/bx.
10 or more boxes 9.65

FLAT BACKS

JIFFY JACKS

JIFFY JACKS -- This versatile scaffold can be used on any height from 2' to 12'. Individually adjusted legs with positive lock enables set up on uneven ground. One pair makes a trestle.

14-219-U5 \$69.75/pr.

"L" screw replacement

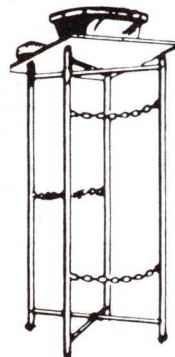

14-221-B5 1.60/ea.

FLAT BACKS -- Easy and fast to set-up. These flat backs provide a sturdy work platform. Weight is transmitted to metal legs for stable, wobble-free work platform. Use 2" X 10" boards. Wgt 15 lbs.

18" high 14-486-U5 \$40.10/pr.

24" high 14-487-U5 44.25/pr.

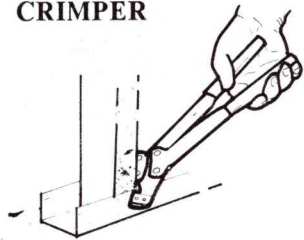

HIGH MUD STAND

HIGH MUD STAND -- Eliminates stooping and wasted motion for worker on stilts. All welded steel tube construction. 50" X 20" X 20".

14-310-U5 \$74.25

ARBUTUS MINI-STUD CRIMPER

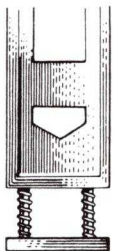

MINI-STUD CRIMPER -- Speeds installation of steel studs. Punch through two layers of 22 gauge metal, locking plate and stud together. Made from forged and hardened steel and nickel plated to resist corrosion. Leaves no projection to interfere with wallboard. Steel replaceable punch. 11" long.
15-173-B5 \$88.50

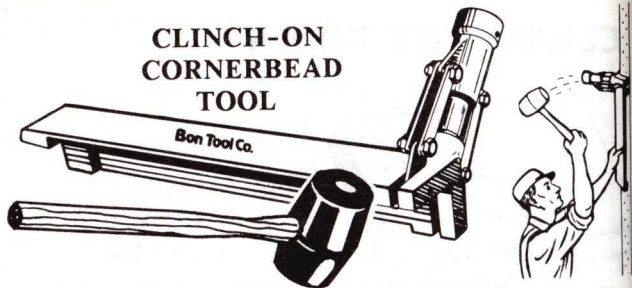

STUD CRIMPER -- Made of lightweight aluminum for securing metal to metal. Use on .025 gauge or lighter galvanized metal. Specifically designed for setting and splicing metal studs, setting electrical boxes, punching holes in ceiling grids for wire hanging, roughing in door holders and window headers. 9 7/8" long, wgt. 14 oz.
15-274-B4 \$51.95

METAL PUNCH -- Cuts out perfect 1/8" rivet holes in .025 gauge or lighter galvanized metals. Developed primarily for use on acoustical grid, systems. Made of lightweight aluminum. Eases pressure normally required by other punches to penetrate metal. 9 7/8" long, 2 3/8" wide. Weight 14 oz.
15-275-B4 \$51.95

TELESCOPING LAYOUT LEVEL -- Two section aluminum level adjusts from 6'6" to 10'. Spring loaded base holds level in position and supports itself. Continuous magnetic edge with locking extension slide holds level firm to metal studs, door bucks, etc. Monovial design, two level and eight plumb equivalent. A real time saver for every tack requiring floor to ceiling plumb line and layout work.
14-271-B6 \$275.00

CLINCH-ON CORNERBEAD TOOL

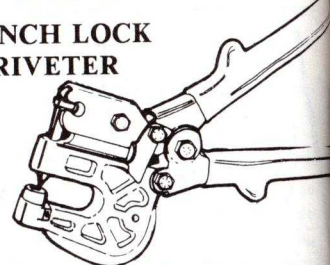

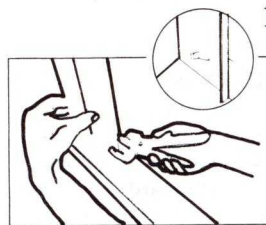

CLINCH-ON CORNERBEAD TOOL -- One blow from the rubber mallet crimps each side of the cornerbead and locks it into place. The force of the blow centers the bead and secures it tight and flush in the corner. No nails or screws. Speeds installation. Rubber mallet included with each tool. Clincher and mallet for 1 1/8" x 1 1/8" Bead
15-198-B5 \$56.50

Clincher and mallet for 1 1/4" x 1 1/4" Bead
15-199-B5 56.50

Spare parts kit -- 2 nuts, 2 bolts, 2 pins and 2 crimping teeth
15-200-B5 11.95

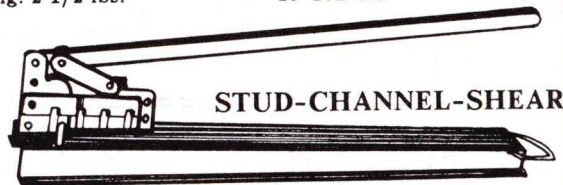

Rubber mallet
15-220-B5 9.95

PUNCH LOCK RIVETER

PUNCH LOCK RIVETER -- By pressing the handles together this tool will first punch a rectangle hole in the two pieces to be joined then rolls the cut strip back at the top and bottom of hole. This riveter has a 24 gauge punching capacity. A fast and easy way to secure studs to runners. Fits inside tight quarters. One arm remains stationary for added control. 19" long. 2 1/2 lbs.
15-202-B4 \$44.50

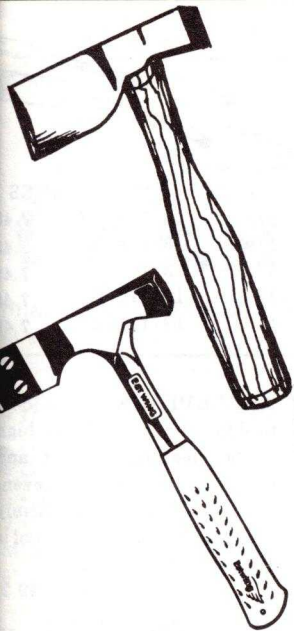

STUD-CHANNEL-SHEAR

STUD CHANNEL SHEAR -- Will cut through 20 gauge metal stud and runner in one easy stroke without disturbing metal channel. Hollow ground chrome/moly steel blade can be resharpened or replaced. Cuts three size studs, 1 5/8", 2 1/2", 3 5/8", and accommodating runners. Cutting action is clean and precise. The 36" handle with comfortable vinyl grips provides necessary leverage. Fast and efficient this tool will save time and provide dependable service for years.
15-201-B4 \$215.00

MAGNETIC LEVELS -- Monovial, high alloy, heat treated aluminum level with magnetic edge, lets you read at any angle -- through the entire 360 degree. On edge they read high or low. Flat, the read level and reference cross test reading. These levels are designed for the professional working with metal.

24"	14-395-B7	\$32.00
48"	14-396-B7	58.00
78"	14-397-B7	112.00

UNDERHILL LATH HATCHET -- Head is set on comfortable angle with plenty of knuckle clearance. This blade sharpens to a razor edge. Tempered 12 row, 144 point milled head. This is the hatchet preferred by many lathers.

13-148-B6 \$32.50

ESTWING ONE PIECE LATH HATCHET -- With replaceable razor sharp blade. Exclusive nylon-vinyl grip is molded on to never loosen. Made from high quality forged steel. Has scored face to prevent glancing blows and flying nails. 20 oz.

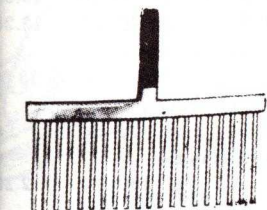

13-146-B6 \$27.25

Replaceable blades (pkg of 4)
13-147-B6 3.00

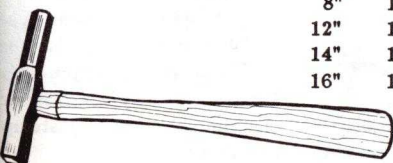

NOTCHED KNIFE -- 3/8" notches on two side; just the tool for scratching those hard to reach corners. Wooden handle is securely attached to aluminum blade. 14" x 5" Lightweight 5 oz.

13-194-B6 \$5.50

SCARIFIERS -- Light, flexible spring steel tines made scratching undercoat easy. Scratching the brown coat will keep finish coat from separating. Adds quality to your job. Choose from 4 sizes.

8"	13-116-B8	\$5.50
12"	13-117-B8	6.90
14"	13-192-B8	8.05
16"	13-118-B8	8.80

MAGNETIC HAMMER -- Holds nail for quick and easy installation. Head is made from high quality heat treated steel. Fitted tightly with comfortable 13" wooden handle. Weighs 26 oz.

13-240-B7 \$35.00

STAINLESS STEEL MAGNETIC NAIL DRIVER -- Reaches into those hard-to-nail channels and corners. Alinco-V magnet set in nose. 8" long with 5/8" diameter nose.

15-214-B7 \$14.20

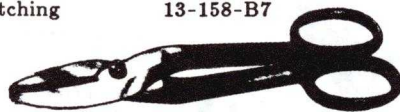

STAINLESS STEEL MAGNETIC NAIL HOLDER -- Hexagonal steel shaft, heat treated with Alinco-V permanent magnet. 5 1/2" long with 3/4" diameter nose.

15-215-B7 \$13.90

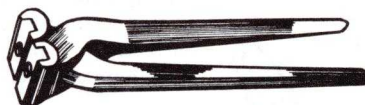

WISS AVIATION SNIPS -- Top grade double-action snips, ideal for use on metal lath. Comfortable plastic grips for safety.

Left cutting	13-155-B7	\$15.25
Right cutting	13-156-B7	15.25
Straight & Combination	13-157-B7	15.25
Bulldog & Notching	13-158-B7	16.35

WISS LATHER'S SNIPS -- These snips are made from hot drop forged and hardened steel. An insert of special cutting steel is "inlaid" in the jaws.

#10 Snips (11 1/2" O.A.)	13-152-B7	\$28.45
#9 Snips (12 1/2" O.A.)	13-153-B7	31.65
#8 Snips (13 1/2" O.A.)	13-154-B7	35.10

TODD'S WIRE NIPPERS -- Made from hardened, high carbon steel, simple and rugged construction. Replaceable steel jaws are easily changed. Cuts steel lath, tiles, all wire products. 8" long with 1 3/8" jaws.

	13-241-B7	\$36.50
Extra 1 3/8" jaws	13-242-B7	16.50

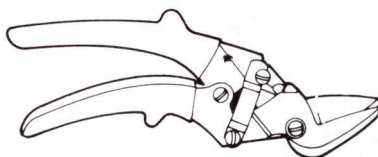

END CUT NIPPERS -- Economical lather's snippers are made from high quality forged and tempered tool steel. Comfortable to handle. Choose from three sizes.

6"	13-243-B7	\$15.45
7"	13-244-B7	16.35
8"	13-245-B7	18.25

CURVED HANDLE METAL SNIPS -- The handle on these heavy duty snips is curved to protect hands from scraping metal lath. 5" handle extension with rubber grips adds leverage.

13-246-B7 \$54.00

LEVER SNIPS -- Offset blades allow material to flow unobstructed past blades and your hand. Saves time and adds maneuverability. Roller bearing action adds cutting power. Will cut flush, holes, square duct, floor tile, carpet and formica.

13-247-B6 \$18.75

PLASTERING TOOLS

STUCCO DASH BRUSH --

The wood block on this cement stucco dash brush is 6" x 3" x 2 1/4". Bristles are bassine fibre trimmed 4 1/4" long. 5 rows x 10 rows.

13-150-B7 \$7.50

ECONOMY BROWNING BRUSH --

Substitute for high priced brushes. This big dutch brush applies material efficiently. White tampico bristles are 6 1/2" x 2" x 4".

11-218-B7 \$4.90

WOOD HANDLED FELT BRUSH --

The perfect tool for applying water or picking it up off newly finished surfaces. Felts fit into aluminum channel.

Brush with 2 pieced felt
4" X 9" 13-113-B7 \$17.50

Brush with 1 rounded piece felt
8 3/4" X 9" 13-139-B7 17.50

REPLACEMENT FELTS --

Fits both brushes.

Two piece felts (4" x 9")
13-114-B7 \$7.10

One piece felt (8 3/4" x 9")
13-140-B7 7.10

REGULAR DUTCH BRUSHES --

For plasters, stucco workers and painters. 4 1/4" chiseled trim nylon bristles. Clear two piece wood handle. Nickered ferule.

6" X 1 5/8" X 4 1/4"
13-254-B7 \$27.50

7" X 1 5/8" X 4 1/4"

12' Featheredge	13-103-C5	59.50

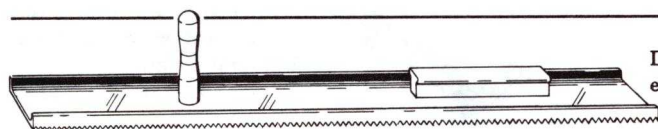

WEDGE SHAPE MAGNESIUM DARBIES -- Tempered to just the right flexibility, these wedge shaped darbies are tapered to give a smooth, flat surface. No grooves to prevent plaster build-up on tool.

42" Wedge darby	13-142-B5	\$38.00
48" Wedge darby	13-143-B5	38.50

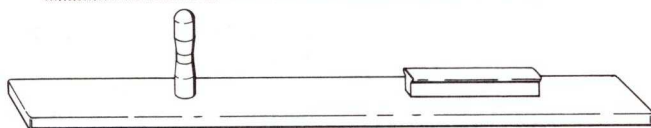

MAGNESIUM SLICKER -- Use to straighten and slick ceilings. Angle at top of tool makes it stronger and more rigid; also serves as a grip.

42" Magnesium Slicker	13-105-B5	\$26.95
-----------------------	-----------	---------

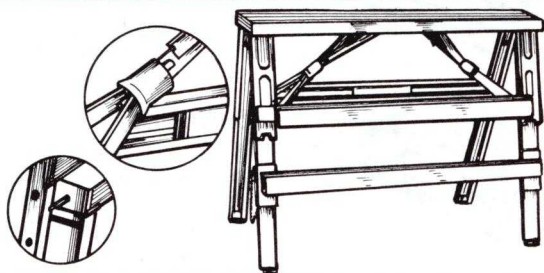

DOUBLE-NOTCHED DARBY -- This darby is keyed on both edges for perfect undercoats. Built strong with proper flex.

42" x 3 3/4" x 1/4"	13-112-B3	\$34.15
---------------------	-----------	---------

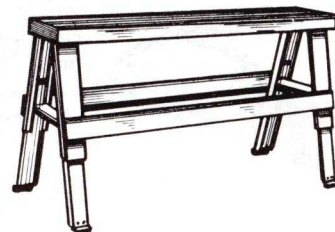

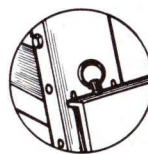

ALUMINUM EDGED MAHOGANY DARBY -- This lightweight darby has a permanently attached aluminum binding. Keeps darby straight and free of twists. Superior value.

42" x 3 1/2" x 3/8"	13-110-B6	\$21.15
---------------------	-----------	---------

ADJUSTABLE TRESTLE -- This bench is adjustable every two inches from 18" to 32". Each leg works independently to use on uneven surfaces and is equipped with rubber feet to resist skidding. Ideal trestle for plasterers, drywallers and painters. Grooved non-slip top is 9 1/2" x 48". Folds to 6 1/2" wide for easy storage. Accessory extensions are available to increase trestle height every 2" from 34" to 44".

Adjustable Trestle	14-138-U6	\$325.00
Leg Extension (set of 4)	14-139-U6	102.00

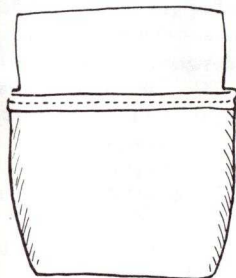

ADJUSTABLE TRESTLE -- This low-cost, lightweight aluminum trestle is ideal for inside work. Adjusts every 2 inches from 18" to 32". Each leg adjusts independently to accommodate uneven working surface. Accessory legs available to extend height every 2 inches from 34" to 44". Rubber feet, positive locks and grooved non-slip top are added safety features. Remove leg braces and fold for easy moving.

Adjustable Trestle	14-514-U6	\$219.00
Leg Extension (set of 4)	14-139-U6	102.00

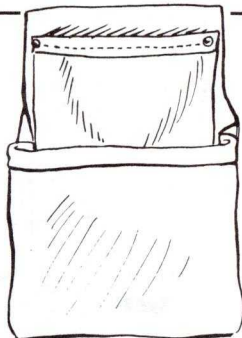

ABOUT OUR LEATHER PRODUCTS. . .

Bon Tool Co. uses only genuine leather from the finest tanneries; no man-made materials substituted. Vegetable tanning, similar to that used to produce shoe soles produces the firm, quality leather used for our tool holders. Mineral tanning is used to produce softer leather used in our nail pouches. This process produces a soft, thinner leather while retaining its strength. Bon Tool Co. leather products are designed for lasting, comfortable use. There is no substitute for quality materials and craftsmanship.

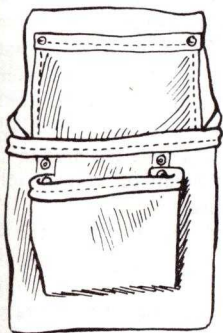

SINGLE POCKET NAIL BAG -- 10" x 11" nail pocket with wide belt tunnel.

15-109-B7 \$21.95

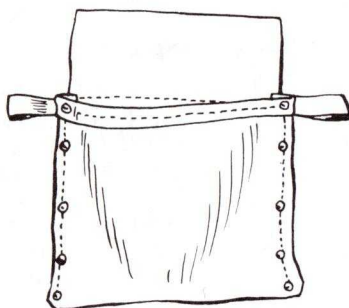

DOUBLE POCKET NAIL BAG -- 10" x 11" Main pocket and 1 6" x 5" top pocket.

15-110-B7 \$30.75

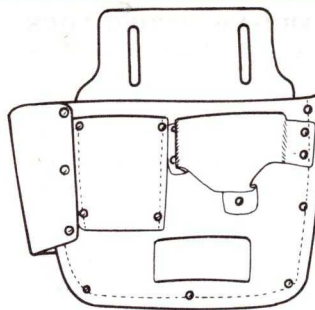

TRIPLE POCKET NAIL BAG -- Same as the double, but with a third pocket to hold even more.

15-108-B7 \$33.75

DOUBLE LOOP NAIL BAG -- 10" x 11" pocket with right and left hammer loop.

15-111-B7 \$15.95

COMBINATION NAIL BAG AND TOOL HOLDER -- 9" x 9" overall size. Leather hammer holder, large nail pouch, knife and saw pockets and tape holder.

15-106-B7 \$22.95

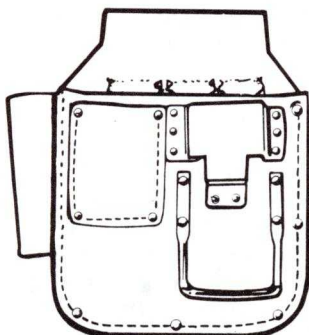

DELUXE NAIL BAG -- 10" x 11" main pocket, 4" x 6" pouched pocket, two nail set slots, 3" x 5" tool pocket and hammer loop.

SCREW GUN HOLDER -- Holds all popular drywall screw guns.

15-107-B7 \$10.40

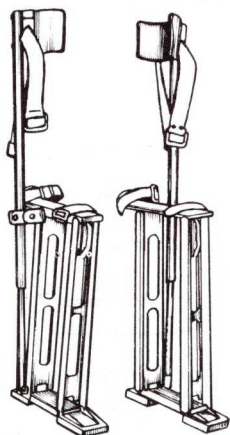

SHUJAX SPRING-LOCK ADJUSTABLE STILTS

-- Adjust the height of these stilts instantly. No bolts to loosen or remove, nothing to lose. Just squeeze the spring loaded tabs to adjust these stilts every 2". The stilts have every comfort and convenience adjustment. The original Shujax walking action increases comfort. The positive locking "Snap-Lock" eases height adjustment. Shujax stilts come complete with heel cup and straps.

18" to 30" 14-133-B6 \$275.00

Strap-On Adapter 14-137-B6 36.85

SHUJAX "ONE-HEIGHT" STILTS

-- These stilts are the same high quality as the adjustable stilts above. The only difference is these stilts do not have telescoping struts to adjust the height. These stilts use the famous Shu-jax mechanical ankle to walk as you walk, relax as you relax. A special spring helps leg muscles off-set fatigue. Made from lightweight sturdy aluminum for comfort and safety. Stilts come complete with heel cup and straps.

12" Stilts 14-232-B6 \$187.00

16" Stilts 14-134-B6 188.00

SHUJAX®

SHUJAX ADJUSTABLE STILTS

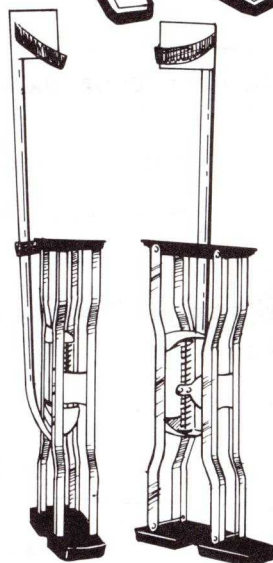

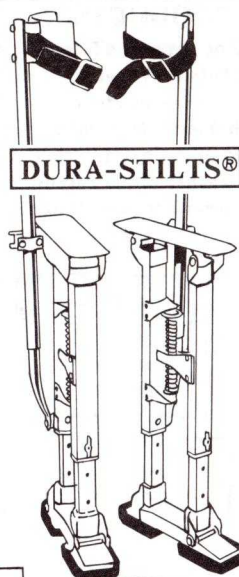

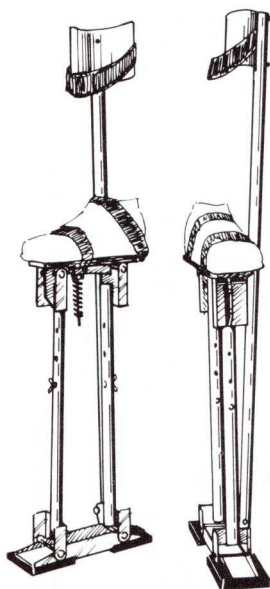

-- The time-tested construction of these very light weight stilts makes it possible to wear for long periods with no unusual leg fatigue. These stilts have a mechanical ankle and special spring to supplement your leg muscles. The spring is adjustable to your weight. Bend your leg forward, the stilt foot stays solidly on the ground, while the "stilt ankle" flexes. These stilts are completely adjustable to your needs. Adjustable every inch.

Shujax stilts come complete with heel cup and straps. Grooved, non-skid face plate allows for added safety.

14-410-B5 21.00

ADJUSTABLE ECONOMY STILTS

-- These extremely light, aluminum elevator steady stilts are adjustable from 6" to 26". Choose from base sizes, both equipped with thick rubber non-skid pads. Multi purpose stilts eliminate scaffolding and ladders plus they save you time. Used by drywallers, plasterers, painters, lathers, acoustical tile applicators and many other tradesmen.

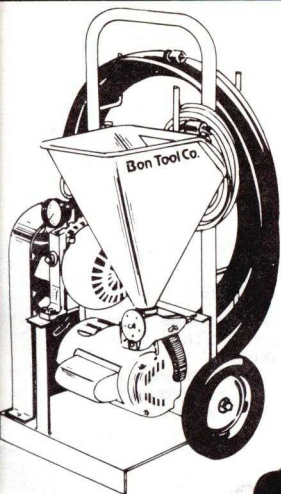

Economy Stilts, 10 lbs./pr.

(large base, 4 1/2" x 7 3/8")

14-538-B6 \$168.00

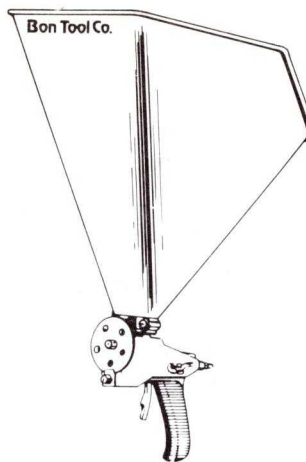

Replacement parts are on stock, call or write for prices.

PORTABLE TEXTURE UNIT -- Will spray a wide variety of mixes including drywall mud, texture paints, acoustics, glitter, even waterproofing. Powered by a 1 hp. 115v, capacitor-start electric motor which drives the rotary vane compressor that delivers 6.2 cfm. free air at 25 psi. Conveniently assembled to two-wheel cart for easy maneuvering. 19" wide x 34" high. 108 lbs.

13-177-C5 \$725.00

GUN AND HOPPER -- Lightweight plastic hopper won't break or dent, holds 1 3/4 gallons of material. The hand gun comes with two interchangeable air stem nozzles, one 1/8", the other 3/32". Doubles your range of patterns and spray pressures. The original dial on the gun allows instant changes without disconnecting the air supply (7/32", 1/4", 5/16", 3/8", 7/16" orifices). Trigger stop sets pattern so it can be repeated.

13-173-B5 \$102.00

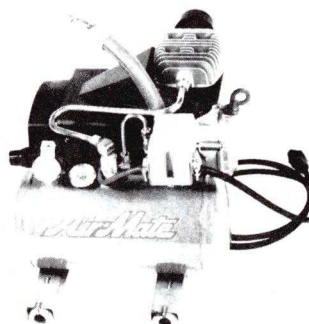

50' Hose Only

13-175-B5 48.90

Gun Repair Kit

13-174-B5 18.90

Emqlo COMPRESSORS

HAND-CARRY PORTABLE COMPRESSOR

-- Lightweight enough to carry anywhere. Designed especially for the contractor and rental trades. The cast iron cylinder ensures longer life. Powerful 115v electric motor with overload protector. Yields 125 PSI. The 3/4 hp displaces 7.7 CFM. The air line regulator is standard equipment which permits pressure regulation for any job or tool.

1.5 Gallon Hand Carry Compressor

--3/4 hp. Electric Motor
14-507-B5 \$395.00

--1-1/2 hp. Electric Motor
14-508-B5 420.00

PORTABLE COMPRESSOR -- This low profile designed air compressor is the best ever built. Extremely rugged, long-life pumps designed for heavy construction use are combined with your choice of high quality, overload protected motors to provide you with the most efficient and durable unit on the market. Maximum job site portability. Vibration is practically eliminated with balanced components, wide base design and rubber isolator pads. Twin 4-gallon air tanks are standard 110-125 PSI with 14.6 CFM displacement (10.2 CFM displacement with electric model). Equipped with tank gauge, safety valve, belt guard, outlet valve and tank drain. 75 lbs.

4 Gallon Compressor

--5 hp. B & S I/C Engine 14-510-C4 \$715.00

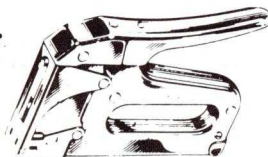

--5 hp. Honda Engine 14-511-C4 920.00

--1-1/2 Electric Motor 14-512-C4 690.00

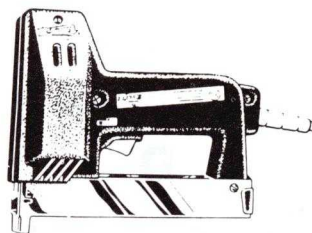

ARROW HT50A HAMMER TACKER -- Rugged and versatile. High carbon hardened steel working parts and jam proof mechanism. Uses 1/4", 5/16", 3/8" and 1/2" T50 staples.

14-671-B6 \$37.00

ARROW T50M GUN TACKER -- One squeeze shoots a staple into even the hardest wood. Jam-proof mechanism with hardened steel working parts assures trouble-free use. Uses all T50 staple sizes.

14-670-B6 \$24.00

ARROW ETN 50 ELECTRIC STAPLER -- High speed production tacker for heavy duty construction use. Capable of driving up to 360 staples per minute. Uses T50 staples.

14-672-B6 \$36.25

T50 STAPLES -- For use with guns and hammer tackers. Heavy Duty.
